POLITICAL DEPARTMENT.

NOTIFICATION.

No. 7477 P.—The 30th July 1925.—In exercise of the power conferred by section 20 of the Press and Registration of Books Act, 1867 (XXV of 1867), read with sections 9, 11 and 18 of that Act, and in supersession of all previous notifications on the subject, the Governor in Council is pleased to make the following rules for carrying out the objects of the said Act :—

Rules.

1. In these rules—

“the Act” means the Press and Registration of Books Act, 1867 (XXV of 1867).

2. The following shall be the officers to whom, and the places at which, deliveries of copies of books which are printed or published at the places respectively specified opposite thereto, shall be made in accordance with the provisions of section 9 of the Act :—

Places where printed and published.	Officers to whom delivery is to be made.	Places of delivery.
I. The town of Calcutta ...	The Librarian, Bengal Library.	Writers' Buildings, Calcutta.
II. The sadar subdivision of a district.	The District Officer	... The District Office.
III. Any other subdivision	The Subdivisional Officer	... The Subdivisional Office.

3. One copy of every volume of any book, part or division of a volume, and pamphlet, in any language, and one copy of every sheet of music, map, chart or plan belonging thereto, printed or published at any place within the Presidency of Fort William in Bengal, shall be delivered to the officers and at the places specified in rule 2 within one calendar month from the day on which the book is first delivered out of the press by the printer thereof, with the exception of—

- (a) any second or subsequent edition of the book in which no additions or alterations have been made, either in the letter-press or in the maps, book prints or other engravings belonging to the book [section 9, third paragraph, clause (i),]
- (b) any newspaper published in conformity with the rules prescribed by section 5 of the Act [section 9, third paragraph, clause (ii)], and
- (c) any books exempted (see Appendix) from the provisions of the Act by the Governor-General in Council, under section 21 of the Act.

4. (1) An additional copy of every volume of any book, part or division of a volume, and pamphlet, in any language, and an additional copy of every sheet of music, map, chart, or plan belonging thereto, one copy of which has already been delivered under the provisions of rule 3 to one of the officers specified in that rule, shall, if so required by the Governor in Council within one calendar year from the day on which any such book is first delivered out of the press, be delivered to the same officer by the printer thereof, within one calendar month from the date of such requisition.

(2) Two such requisitions may be made by the Governor in Council within one calendar year from the day on which any such book is first delivered out of the press [section 9, first paragraph, clause (b)].

5. If the copies of books tendered for delivery are not tendered bound, sewed, or stitched together, and upon the best paper, finished and coloured in the same manner as the best copies thereof, as prescribed by section 9 of the Act, with the entire number of pages consecutively marked, and in cases of serial publications, when the previous numbers have not been delivered, the officer to whom delivery is tendered shall be at liberty to refuse to take delivery thereof.

6. The person who tenders copies of books for delivery under these rules shall, at the same time, give to the officer to whom the copies are tendered a certificate in the following form :—

“I, A. B., do hereby certify that the accompanying book was first delivered out of the press on the _____ of _____ A. D.

[And I, A. B., do hereby further certify that the accompanying book is being delivered within one month from the date of the receipt of the requisition made by the Governor in Council on the _____ of _____ A. D.]

[To be omitted, except in delivering a second or third copy on requisition by the Government.]

Signature of printer.”

7. If the Librarian, Bengal Library, or any District or Subdivisional Officer has reason to believe that any book has been printed within his jurisdiction, and that no copies of it have been delivered, as required by rule 3, within one calendar month from the day on which such book was first delivered out of the press, as prescribed by the Act, or if any officer to whom delivery of a book is tendered shall have reason to believe that the book tendered was not so tendered within one calendar month from the day on which such book was first delivered out of the press, he shall institute proceedings under section 16 of the Act. Similar action shall be taken if the publisher has failed to supply the printer with the maps, prints or engravings that are required in order to enable the printer to comply with section 9 of the Act.

8. On receipt of a copy of any book tendered for delivery under these rules the officer receiving such copy shall give to the person tendering delivery a receipt in the following form :—

"I, A. B., do hereby acknowledge to have received from C. D., the printer, one copy of the following book (here enter such particulars of the Memorandum prescribed by section 18 of the Act as are applicable), and I do hereby certify that the same is stated to have been first delivered out of the press on the..... of.....19 ,
(or that the requisition for a second or third copy made by the Governor in Council is stated to have been received on the.....of.....19).

Signature and designation of officer."

9. All officers, except Subdivisional officers, who receive delivery of copies of books under these rules shall transmit such copies forthwith to the Bengal Library together with the certificate prescribed by rule 6. Subdivisional Officers, to whom copies of books are delivered under these rules, shall forward them with the prescribed certificates to the District Officers, who shall then transmit such copies, with the certificates, to the Bengal Library.

10. The Bengal Library shall, until further notice, be the place in which all copies of books which are received in pursuance of clause (a) of the first paragraph of section 9 of the Act and rule 3 of these rules shall be deposited for the time being in accordance with the provisions of section 11 of the Act.

11. The Bengal Library shall also, for the time being, be the place at which the catalogue of books prescribed by section 18 of the Act shall be kept for the Presidency of Bengal, subject to the control of the Governor in Council, and the catalogue shall be kept by the Bengal Librarian.

12. All books which are catalogued under section 18 of the Act shall remain in the Bengal Library for one year and after that period such of the books as are required by the Librarian, Imperial Library, shall be sent to the Imperial Library, to be kept in the portion of that Library which is open to the public. The books which are not required by the Librarian, Imperial Library, shall be placed at the disposal of the Director of Public Instruction, Bengal, and shall either be destroyed or distributed by the Librarian, Bengal Library, in accordance with his instructions.

APPENDIX.

(See Rule 3.)

A full explanation is given in paragraph (d) of the expenditure given on the revenue. The deficit is mainly due to the heavy deduction on account of establishment charges for the Revenue.

Average deficit Rs. 9,280.

The normal surplus which may be expected in future, i.e., the difference between the average ordinary expenditure and the average ordinary revenue is estimated to be Rs. 10 to 15 lakhs respectively.

Remarks.

For (1) meeting the cost of repairs to Road bridges, (2) to meet the cost of new valuation charges and (3) to meet the cost of water supply.

District Board.

Bengal Local Self-Government Act of 1925.

In addition to the details required on the reverse, clear information should be given below under the following heads :—

- (a) If the ordinary surplus is insufficient to meet the charges of the proposed loan the particular step which the Board has taken or agreed to take in order to make good the deficit.
- (a) Though according to the figures shown in columns 13 to 15 and 17 to 19 no surplus is available in future years for the repayment of the proposed loan, yet as the District Board expects an increase of income from provincial rates due to the revaluation now going on of at least Rs. 40,000 during the current year and of about Rs. 1,00,000 from subsequent years after the completion of the revaluation work, the repayment of the loan instalments of the proposed loan could be easily arranged for.
- (b) Possible means of increase in the revenue of the District Board.
- (b) From revaluation of cesses which is going on.
- (c) A statement of outstanding loan as well as the annual charge involved on their account.
- (c) Rupees 62,500 only is outstanding as loan from Government. On this account Rs. 18,725 only will have to be paid during the current year, including interest of Rs. 1,225, and Rs. 5,410-13-9 during the next year including interest, and the balance will be repayable by instalments commencing from 1st May 1927.
- (d) Any explanation in regard to the expenditure to show the true financial position of the Board when such position is otherwise than the ordinary surplus would indicate.
- (d) Though on the basis of the actual calculation of the figures in columns 13 to 15 and 17 to 19 it appears that no surplus could be expected in future years as there was an average deficit of Rs. 9,260 during the last three years owing to heavy deductions on account of establishment charges for the revaluation office, the District Board expects that although there may not be any surplus next year after meeting all necessary normal expenditure and the charges on account of existing and proposed loans, the incomes will be sufficient to meet all those charges with the expected increase of Rs. 40,000 from cesses from the current year, and it is expected that with the estimated increase of income of Rs. 1,00,000 from cesses from next year when the revaluation work is expected to be complete, there will be no difficulty in repayment of instalments of the loans.

The Charitable Endowments Act, 1890.

No. 1996 Edn.—The 23rd July 1925.—It is hereby notified that His Excellency the Governor of Bengal in Council, in exercise of the powers conferred on him by sections 4 and 6 of the Charitable Endowments Act No. VI of 1890, and upon the application and with the concurrence of Munshi Imadul Haq of Labra, district Khulna, in Bengal (hereinafter referred to as "The Donor") doth hereby order and direct that the 130 shares in the Arakan Light Railway Company, Limited, particulars whereof are set forth in the First Schedule hereunder written, shall as from the date of registration of the name of the Treasurer in the register of the said Company vest and be henceforth vested in the Treasurer of Charitable Endowments for the territories subject to the Government of Bengal (hereinafter referred to as the said Treasurer) to be held by him and his successors in office subject to the provisions of the said Act and the Rules from time to time framed thereunder by the Governor-General of India in Council upon trust to permit the same and the income thereof

to be used for the endowment and maintenance of a permanent fund to be called "The Inamul and Aminul Huq Endowment" for or towards the benefit of poor and deserving Muhammadan students of the Government-aided Junior Madrasah or School at Labsa aforesaid in accordance with the terms of a Scheme of Management, the particulars whereof are set forth in the Second Schedule hereunder written.

And it is hereby further notified that the said scheme shall come into operation upon the date of the first publication of this notification.

The First Schedule above referred to.

One hundred and thirty shares, Nos. 7271 to 7370 and 18071 to 18100 inclusive, of Rs. 100 each (fully paid) in the Arakan Light Railway Company, Limited, a Company incorporated in India and having its present registered office at Calcutta, together with the uncollected dividend on such shares for the year 1924.

The Second Schedule above referred to.

Scheme of Management.

1. The endowment above created shall be called "The Inamul and Aminul Huq Endowment."

2. The endowment shall be administered by the person from time to time holding or officiating in the post of Inspector of Schools, Presidency Division, under the Education Department of the Government of Bengal (hereinafter called "the Administrator").

3. The object of the endowment is to aid poor and deserving Muhammadan students of the Government-aided Madrasahs or Schools at Labsa and other places in the district of Khulna in Bengal in the manner provided in this scheme.

4. The estimated average income of the fund will be about Rs. 715 per annum. Out of such income Rs. 384 per annum shall be set apart in the first place for stipends or scholarships as hereinafter mentioned and the balance of the said income shall be applied first in providing allowances to poor scholars as hereinafter mentioned and secondly for repairs and upkeep of the Madrasah so far as such balance shall extend.

5. In every year beginning on the first day of January 1926, two scholarships of Rs. 4 each per mensem shall be awarded (making Rs. 48 per annum each scholarship, or Rs. 96 per annum) until four years have elapsed. Each scholarship shall continue for four years only, and on the expiration of each scholarship a fresh scholarship shall be awarded in place thereof, so that after the first four years there will always be 8 scholarships in existence every year of Rs 48 each per annum, making a total expenditure of Rs. 384 as abovementioned.

6. In the first year the expenditure for scholarships will be Rs. 96 only, in the second year it will be Rs. 192 only and in the third year it will be Rs. 288. Out of the surplus of Rs. 576 which will accordingly remain from the scholarship income of the first 3 years, the administrator shall continue to pay Rs. 4 per month to each of the scholars who are at the commencement of this Scheme in receipt of similar scholarships being privately bestowed by the Donor as if such private scholarships had been commenced under this Scheme.

7. The recipients of scholarships under this Scheme shall be selected from those Muhammadan students of the said Labsa Junior Madrasah who have passed the Junior Scholarship Examination of that Madrasah and who shall then proceed to the Hooghly Madrasah to prosecute their studies there. Provided always that if the Labsa Madrasah shall be raised to the status of a Senior Madrasah, the recipients shall be selected (in preference to all others) from those Muhammadan students who after passing the Labsa Junior Madrasah Scholarship Examination shall decide to continue their studies in the Senior Branch of the said Madrasah. A scholarship shall cease on the death of the scholar or in case of misconduct as hereinafter mentioned or if he shall cease to prosecute his studies in the Senior Branch (if any) of the Labsa Madrasah or at the Hooghly Madrasah as the case may be, but temporary interruption of his studies from illness or other good cause shall not disqualify the student from receipt of his scholarship. In case of such temporary interruption, the Administrator shall have discretion either to suspend or continue the scholarship during such interruption as he shall think fit. If by reason of change of residence or other good cause a scholar cannot attend the Labsa Senior Madrasah or the Hooghly Madrasah, his scholarship shall nevertheless be continued if the Administrator is satisfied that the scholar is prosecuting his studies elsewhere.

8. In the selection of students to receive scholarships, ordinarily those who have been most successful in the Junior Scholarship Examination shall be selected (subject to good behaviour). The Administrator shall consult the Managing Committee of the Labsa Madrasah as to such selection, but his decision shall be final.

9. The balance of the said income shall be applied as follows: In the first place a sum of Rs. 20 per mensem shall be distributed among poor Muhammadan scholars at the said Labsa Junior Madrasah at the rate of Rs. 4 to each of 5 scholars who shall be selected either monthly or at longer intervals by the Managing Committee of the said Madrasah. Such payments shall commence at the same time as the scholarships under paragraph 5 hereof. On making such selections the Committee shall select students of good behaviour and as far as possible shall select those whose parents appear to be

most in need, the object of these allowances being to provide food. The allowance shall be made to poor students in the 1st and 2nd classes of the Madrasah and as far as possible there shall be 3 from the 1st class and 2 from the 2nd class or *vice versa*. In exceptional circumstances the Committee may recommend a larger number of students to receive smaller sums, as for instance 10 students at Rs 2 each. But in all cases the Administrator may overrule the selections of the Committee and may make other selections if he shall think it necessary to do so, and his decision shall be final. Any allowances made under this clause may be continued to any scholar for the whole time he attends the Madrasah or any shorter period as may be thought fit. In the next place any remaining income shall be applied by the Managing Committee in the repair and upkeep of the said Madrasah subject to the control of the Administrator whose decision as to when and how such expenditure is to be made shall be final, and any such remaining income may be accumulated at the discretion of the Administrator for so long as he thinks fit so as to create a reserve for future repairs or rebuilding or similar expenses. Provided always that in the event of the Labsa Madrasah being raised to the status of a senior Madrasah as aforesaid, the recipients of food allowances under this clause shall be selected as nearly as possible in like manner as abovementioned in the first instance from poor and deserving students of the 1st year and 2nd year classes of the Senior Branch, but with discretion to the Administrator to make selections also from the Junior Branch as above provided if he shall consider there are not enough suitable recipients from the Senior Branch, and all other provisions of this clause and of this Scheme shall be applicable to such recipients whether from the Senior or the Junior Branch.

10. In the event of the income being reduced by reason of smaller dividends or other causes, the reduced income shall be applied first for scholarships, secondly for allowances, and thirdly for repairs, etc., in the order abovementioned.

11. All scholarships and allowances shall be made subject to good behaviour and may be discontinued temporarily or permanently at the discretion of the Administrator in case of disloyalty, dishonesty or similar misconduct or continued idleness or insubordination.

12. In the event of any scholarships or allowances not being awarded for want of suitable recipients or being discontinued temporarily or permanently, the sums which in consequence shall remain unexpended shall be accumulated and when sufficient shall be invested in purchase of further shares of the said company (not less than 20 shares at a time) or other investments authorised by this scheme (of about Rs. 1,500 at a time) and be added to the capital of the Fund. Any increased income resulting therefrom shall be applied first in providing one more scholarship and next in providing a corresponding sum for allowances to poor scholars and so on alternately.

13. If Junior Madrasahs should be abolished by the local Governments and other Madrasahs or Schools are instituted in their place for education of Muhammadan boys and without any grants-in-aid, then a fresh scheme shall be settled by the Local Government by which the said Fund be utilised for the maintenance of the Madrasah or School for Muhammadan boys at Labsa aforesaid. But if any such new Madrasah is instituted by Government at Labsa in place of the existing Junior Madrasah and it is sufficiently maintained by a grant-in-aid, then this scheme shall continue to be applied as nearly as possible to any such new Madrasah. In this connection the decision of the Director of Public Instruction, Bengal, shall be final as to whether this scheme can continue or a new scheme shall be framed.

14. If for any reason there shall cease to be any School or Madrasah for Muhammadan boys at Labsa aforesaid but any other school shall exist within a convenient distance available for the boys of Labsa, this scheme shall be applicable as nearly as possible to such school, but the scholarships and allowances shall only be given to boys from Labsa. If there shall cease to be any school at Labsa or within reach of Labsa as aforesaid, a fresh scheme shall be framed whereby the income of this Fund shall be utilised in maintaining the Muhammadan Orphanage at Calcutta otherwise for the benefit of poor Muhammadan boys in Calcutta.

15. On any fresh scheme being settled as aforesaid, the Fund shall always be called "The Inamul and Aminul Huq Endowment."

16. In the event of its being found necessary or desirable to replace the investments comprising the said Fund by other investments, the fresh investments shall not be in any debenture or loans or other securities upon which interest is paid, but shall be in shares in Railway or other Companies of the nature authorised by sub-section 3(c) of section 4 of the Charitable Endowments Act, 1890.

LAND REVENUE.

APPORTIONMENT ORDER.

No. 8160 L.R.—The 3rd August 1925.—Under section 114 of the Bengal Tenancy Act (Act VIII of 1885), the Governor in Council has determined that in police-stations Shariakandi, Sherpur and Dhunot in the district of Bogra and Serajganj, Belkuchi, Kamarkhonda, Ullapara, Taras, Raiganj, Kazipur, Chaulhali and Shahzadpur in the district of Pabna, where the preparation of a record-of-rights was undertaken under notification No. 1021-T.R., dated the 3rd June 1920, the landlords' and tenants' share of the costs for the survey and preparation of the record-of-rights, including the estimated cost of maintenance of boundary marks for a period of 15 years, should be apportioned and recovered as specified below :—

1. The rate of Rs. 1-3 shall be levied per acre in police-station Taras, of which the raiyats including persons holding non-agricultural tenancies shall pay As. 7-6 and their landlords of all grades together As. 11-6 per acre. For the rest of the area the rate of Rs. 1-4 shall be levied per acre, of which the raiyats including persons holding non-agricultural tenancies shall pay As. 8 and their landlords of all grades together As. 12 per acre.

Common lands such as roads, streams, burning ghats, etc., shall be excluded from assessment, but not tanks even if used for irrigation.

2. Landlords shall pay the raiyats' share for lands in their khas possession and raiyats shall pay the full raiyati rate for lands covered by their holdings.

3. Rent-free holders, whether of the degree of raiyat or landlords, shall pay the whole of the landlords' share for their lands.

4. As between the different grades of landlords, the landlords' share shall be apportioned thus:—

(a) Permanent tenure-holders whose rent is fixed in perpetuity shall pay their own share of the cost and that of the landlords superior to them.

(b) Other permanent tenure-holders and temporary tenure-holders whose lease has over fifteen years to run shall pay three-fourths of the landlords' share and their landlords shall pay the remaining one-fourth.

(c) Temporary tenure-holders whose lease has fifteen years to run shall pay fifteen-sixteenths of the share they would pay in accordance with (b) above if they were permanent tenure-holders and so on proportionately according to the number of years of the lease to run.

(d) Temporary tenure-holders who do not hold on a lease or for a fixed term shall pay half of the landlords' share.

Explanation.—The calculation shall be made from the lowest grade of landlords immediately above the raiyats. The period for which the lease of the tenure or under-tenure is to run, is to be reckoned in each case from the close of the agricultural year in which the record is finally published.

5. Under-raiyats shall pay at the rate of As. 4 for a tenancy or part of a tenancy recorded in one village.

6. The calculation shall be made:—

(a) to the nearest anna,

(b) for broken areas over one acre there shall be no charge for the broken portion, if less than half acre, but if the broken portion be half an acre or upwards, it shall be taken as a full acre.

7. There shall be a minimum charge of As. 4 for each tenancy or part of a tenancy recorded in one village.

8. The District Board shall pay at the rate of two annas per sheet for one copy of each of the printed maps and at the rate of two annas per khatian for one copy of every khatian in which land in possession of or under the control of the District Board is recorded.

SHIPPING.

Simla, the 18th July, 1925.

No. 346-S.—The following draft of certain further amendments to the rules published with the notification of the Government of India in the late Department of Finance and Commerce, No. 1354, dated the 14th March 1889, which in exercise of the power conferred by sub-section (1) of section 191 of the Indian Merchant Shipping Act, 1923 (XXI of 1923), it is proposed to make with effect, in the application to an existing ship of an amendment necessitating structural alteration in such ship, from the 1st October 1926, and save as aforesaid, with effect from the 1st April 1926, is published, as required by sub-section (4) of the said section, for the information of all persons likely to be affected thereby, and notice is hereby given that the draft will be taken into consideration by the Governor-General in Council on or after the 1st November 1925. Any objection or suggestion which may be received from any person with respect to the draft before the said date will be considered by the Governor-General in Council.

DRAFT AMENDMENTS.

1. For rules XII to XVII of the said rules and the headings thereto the following headings and rules shall be substituted, *namely* :—

E.—Apparatus for extinguishing and precautions against fire.

STEAMSHIPS.

XII.—(1) On every steam ship of more than 4,000 tons gross tonnage at least three, and on every other steam ship at least two, steam or equivalent pumps shall be available for the spaces occupied by passengers and crew. Each such pump shall be capable of providing a full supply of water, in accordance with the requirements specified in sub-rule (1) of rule XVII, to one or more ranges of water service pipes. The service pipes shall be of metal, with branches so arranged that the fire hoses may be coupled thereto and two powerful jets of water may be rapidly and simultaneously brought to bear, by means of single lengths of hose from each branch, upon any part of each deck space occupied by passengers or crew, when the water-tight and fire doors are closed. Where the water service is on an exposed deck, the branches necessary to comply with the foregoing requirements shall be fitted on both sides of the deck.

* Spaces occupied by passengers and crew.

Provided that the main engine sanitary pump shall be allowed to count as one of the pumps required to be available if it is so fitted as to be capable of serving the purpose of such pump :

Provided further that where the sanitary pump is counted as one of the fire pumps and where the water service is on an exposed deck there shall be a lead on each side, one lead being from the sanitary tank and the other direct from the auxiliary pumps.

(2) Every steam ship shall carry an efficient portable hand pump with suction and hose complete.

(3) Portable chemical fire extinguishers shall be carried in every compartment wherein passengers and crew are accommodated. There shall be two extinguishers in each such compartment, and when passengers are carried in enclosed spaces above the upper deck, there shall be at least one extinguisher on each side of such spaces at intervals of not more than 60 feet.

XIII.—On every steam ship arrangements shall be made to enable two powerful jets of water to be poured into each cargo compartment, and save in the case of a steam ship of less than 1,000 tons gross tonnage, satisfactory means shall also be provided whereby steam or some other approved fire extinguishing medium may be conveyed to each such compartment.

XIV.—(1) In any steam ship which uses coal as fuel, there shall be provided in the machinery and firing spaces, in addition to the apparatus hereinbefore or hereinafter required, at least two chemical fire extinguishers in each compartment. In the coal bunkers, arrangements shall be made whereby two powerful jets of water can be brought to bear upon any part of the bunker space by means of single lengths of hoses.

(2) In any steam ship which uses oil fuel, in addition to the usual water service and hose pipe conductors, one of which shall be provided with a nozzle having perforations in it to spray the discharge, steam from the auxiliary range of piping shall be led to pipes perforated for the omission of steam into the lower parts of the boiler room. The control of this steam supply shall be outside the boiler room. There shall be in each stokehold a receptacle, holding about 10 cubic feet of sand, saw dust impregnated with bicarbonate of soda, or other approved dry material suitable for extinguishing fire. Suitable scoops for distributing the same shall be provided, and also a chemical fluid extinguisher of an approved type for use in any specially confined or dangerous space.

SAILING SHIPS.

XV.—(1) Sailing ships not exceeding 300 tons burden shall be provided with an efficient steam or hand-pump of a suitable size and with sufficient hose to reach any part of the vessel. If the tonnage exceeds 300 tons two such pumps of adequate size together with sufficient hose shall be provided to enable two powerful jets of water to be brought to bear rapidly and simultaneously on any part of the ship.

(2) In passenger sailing ships chemical fire extinguishers shall be provided on the scale specified in sub-rule (3) of rule XII.

MOTOR SHIPS.

XVI.—Motor ships shall have the same appliances as steam ships, and if a donkey boiler burning oil-fuel is fitted, sand or impregnated sawdust shall, in addition, be provided in the engine room.

GENERAL REQUIREMENTS.

XVII.—(1) In steam ships each of the steam or equivalent pumps shall be capable of supplying simultaneously two powerful jets of water for use in any part of the vessel. The pumps shall be worked by steam or by some other equally efficient motive power, and shall always be available for immediate use when the passengers are on board.

(2) In sailing ships, the steam pump required for the distilling apparatus shall be adapted for use as a fire pump. Each hand pump shall be at least double acting and shall have not less than one cubic inch lifting capacity of pump chamber for every 25 tons gross of the vessel; and a total lifting capacity not less in any case than 60 cubic inches: provided that, subject to the capacity of each single pump being not less than 60 cubic inches, the total capacity required may be obtained by fitting two or more pumps. Each hand pump shall be of the fly-wheel type and permanently fixed in position, and shall have metal suction pipe, other than lead fitted, with cocks on the ship's side.

(3) All steam or equivalent pumps shall be provided with effective escape valves suitably adjusted, and so placed as to prevent excessive pressure in any part of the water service system.

XVIII.—The main water service pipes shall be made of wrought material, and if of iron or steel, shall be galvanised. They shall be sufficiently large in diameter for the adequate supply of water to the fire hoses which shall be secured to them for simultaneous operation. The branches shall be so placed that the fire hoses may be conveniently coupled to them, and cocks or valves shall be fitted where required to admit of any hose being removed, if desired, while the pumps are at work.

XIX.—(1) The fire hoses shall be made of leather, seamless hemp, or flax canvas, of first class quality or other approved material. Each hose

Fire hoses.

shall be provided with suitable metal unions and conductors, and with goose-neck connections where necessary, and each complete hose shall be of such length that, when in position, a jet of water may be projected to any part of the space in which it is to be used. In the case of vessels requiring a twelve months' declaration, there shall be 50 per cent. more lengths of hose than the minimum quantity necessary to meet the requirements of this and the preceding rules.

(2) The fire hose, conductors, etc., shall be kept ready for use, in suitable and conspicuous positions, two fire hoses forward, two fire hoses aft and the spare hoses amidships, and shall be used only for the purpose of extinguishing fires, or testing the apparatus at fire drills and surveys. Working wash-deck hose shall not be accepted as fire-hose.

XX.—(1) The pipes for conveying steam to holds or other compartments shall be

Pipes to holds, etc.

provided with controlling valves readily accessible from the deck, and suitably marked to indicate the compartments to which the pipes are respectively led. Suitable provision shall be made for locking these valves, as a precaution against the inadvertent admission of steam to any compartment, and if any pipe is led to a space to which passengers have access, it shall be furnished with an additional stop-valve, capable of being locked, or some other device providing the requisite security from danger.

(2) In any ship in which pipes are not specially fitted for admitting steam to the holds, flexible steam pipes shall be used and suitable provision made for rapidly connecting them with the winch steam pipes and the various hold sounding pipes. The connection with the latter shall be such that it will not be blown out when steam pressure is admitted, and air will not be carried down with the steam into the hold. In such cases small holes shall, if practicable, be bored in the sides of the sounding pipes for the steam to escape into the holds.

(3) All openings to the compartment to which steam is admitted shall be shut, and the volume of steam shall be such that, should there be any leakage through the walls of the compartment, steam will escape and thus prevent air entering.

XXI.—Portable chemical fire extinguishers shall be of an approved fluid type, with

Portable chemical fire extinguishers

a capacity of not less than two gallons. The extinguishers on any one ship shall not be of more than two kinds.

They shall be kept where most likely to prove serviceable in cases of emergency, and shall bear on each apparatus printed instructions regarding its use, and the maker's dated guarantee as to the sufficiency of the extinguisher for the pressure generated when it is put into action.

XXII.—(1) Every ship shall be provided with fire buckets in the proportion of 3 for every 100 tons up to 600, and two for every 100 tons above

Fire buckets.

600, provided that 50 buckets in all shall suffice.

(2) Fire buckets shall be painted a distinctive colour and shall be kept filled, and distributed about the vessel in conspicuous positions. Wash deck buckets shall not be accepted as fire buckets.

XXIII.—At least two smoke helmets and a safety lamp of an approved type shall be

Smoke helmets and safety lamp.

included in the fire extinguishing equipment of vessels and the helmets shall be stowed separately. The members of the crew shall be practised regularly in their use.

XXIV.—The necessary emergency fire appliances such as knives, axes and hand

Emergency appliances.

lamps shall be kept in places readily accessible at all times from different parts of the ship.

XXV.—Fire drill shall be observed at least once a week on board all vessels and

Fire drill.

during such drill all fire appliances shall be put into use and the fact entered in the Log Book. The great utility of woollen or asbestos blankets for smothering small fires shall always be impressed on all persons taking part in a fire drill.

XXVI (1).—The fire apparatus shall be placed by the master under the special charge

Custody of fire apparatus and fire patrol.

of one of the principal officers of the ship and of the ship's carpenter, who shall both be held responsible that the apparatus is kept in a state fit for immediate use. As soon as possible after leaving port, the officers and crew shall be divided into parties and assigned to stations in case of fire.

(2) A continuous patrol system shall be organised so that any outbreak of fire may be promptly detected.

XXVII (1).—The cargo of every ship shall, before she leaves port, be properly stowed

Stowage of cargo and disposal of inflammables.

away, and the decks shall be cleared of any loose straw, hay and other inflammable material. Any goods which are dangerous by reason of their inflammability or liability to explosion shall be stowed, subject to the provisions of any law or rules in force, in such manner as to safeguard the ship from danger of fire or explosion.

(2). Before a ship leaves port, every passenger shall deliver up any lucifer matches, gunpowder or other inflammable article in his possession.

XXVIII.—Naked lights shall not be used in the holds or store-rooms or between decks, except under trustworthy superintendence. No person shall read in bed with a naked light. Casks or drums containing spirit shall not be opened in the hold but shall be hoisted on deck for the purpose.

Use of naked lights and spirits.

F.—Appliances for making Signals of Distress.

XXIX.—Any of the following commonly recognised night signals of distress may be used either together or separately :—

Signals of distress.

- (1) A gun or other explosive signal fired at intervals of about a minute.
- (2) Flames on the vessel (as from a burning tar or oil barrel).
- (3) Rockets or shells, throwing stars of any colour or description fired one at a time at short intervals.
- (4) A continuous sounding with any fog signal apparatus.

XXX.—All ships shall be provided with the means for making signals of distress at night specified in rules XXXI to XXXIV, or, in lieu thereof, with such other means of making signals of distress as have been previously approved by the Local Government.

Means of making signals of distress to be provided.

XXXI (1).—One gun at least 3½ inches in the bore, or one mortar at least 5½ inches in the bore, shall be carried on all ships, with 24 charges of ammunition in the case of foreign-going ships, and 12

Gun.

charges in the case of home-trade or excursion passenger ships.

(2) Each charge shall contain 16 ozs. of powder in a flannel bag. The necessary requisites for firing the gun, *namely*, rammers, sponges, wads, priming wires, friction tubes, powder flask, with fine powder for priming and means for firing and withdrawing the charges shall also be provided.

(3) Approved socket distress signals and sound signal rockets may be carried in lieu of a gun, provided that the number of signals so carried shall be equal to the number of charges of ammunition required under sub-rule (1).

XXXII.—Two deck flares, self-igniting in water, shall be provided in every ship.

Deck flares.

Such deck flares shall be capable of burning brightly for at least 40 minutes. Full instructions for use shall be attached to each flare, and suitable receptacles for containing the water required for their combustion shall be provided, efficient means being adopted for ensuring a free flow of water to the bottom of the light.

XXXIII (1).—Twelve rockets or shells, throwing stars of any colour or description, shall be supplied, each rocket containing 16 ozs. of

Rockets and socket signals.

composition.

(2) Approved socket distress signals may be supplied in lieu of rockets, provided that the number of signals so supplied shall be equal to the number of rockets required under sub-rule (1). If socket signals are also carried in lieu of a gun and charges of ammunition, the number shall be equal to the total number of charges of ammunition and of rockets required under sub-rule (1) of rule XXX and sub-rule (1) of this rule. Socket signals shall be fired only from the sockets supplied by the makers of the signals.

(3) The socket used for firing the socket signals shall in all cases be fixed at an angle of about, but not less than, 20 degrees from the perpendicular, so as to obviate the risk of a signal falling on the vessel's deck if it fails to rise to the usual height. The sockets shall be of sufficient strength, and of such a gauge as to ensure that the signal will rise to a safe height before exploding.

(4) In all cases where socket signals are carried there shall be at least two sockets, one forward and one aft, on opposite sides of the vessel.

XXXIV.—Life-buoy lights, all of which shall open and release automatically and be

Life-buoy lights.

self-igniting, and provided with means for attachment to life-buoys, shall be supplied in every ship for half the

number of life-buoys carried subject to a maximum of six. Life-buoy lights fitted with pricklers shall not be accepted. Ships fitted with bridges shall carry a life-buoy in beackets or cleats attached to or adjoining each side of the navigating bridge in such a manner as to admit of their instantaneous release and to ensure their dropping clear of the ship's side. Each such life-buoy shall have a self-igniting light attached to it. The other life-buoy lights shall be distributed among and attached to the other life-buoys to the Surveyor's satisfaction. All of the life-buoy lights shall be capable of burning brightly in water for at least 40 minutes. Full instructions as to how the lights should be used shall be attached to each of them.

XXXV.—All pyrotechnic signals shall be clearly and permanently marked or

Testing and renewal of signals.

stamped with the date of manufacture. Adhesive labels or painted figures alone shall not be accepted in lieu of

such marking or stamping. Where sheet brass labels are used in contact with tin cases, the brass plates shall be properly soldered on and there shall be no corrosion of the canister.

XXXVI.—(1) A separate, detached and completely enclosed receptacle shall be provided for each of the following kinds of explosives:—
 Stowage of signals and combustible.

- (1) gun-powder or cartridges made therewith ;
- (2) rockets ;
- (3) socket signals ;
- (3) deck flares and life-buoy lights ;
- (5) any other description of pyrotechnic signals.

(2) Such separate receptacles shall not be made merely by divisions or partitions in a cupboard or locker or chest, but each such receptacle shall be a separate magazine, exclusively appropriated to the keeping of explosives of the kind in question. Charges of powder, if carried, shall be contained in flannel bags, and the magazine in which they are kept shall be made of copper and strongly constructed. To prevent injury to the rockets and other signals, the receptacles shall either be internally divided in such a way that the signals can be stowed vertically, or they shall be of roughly the same length as the signals but sufficiently narrow to prevent the signals being turned round. The lids shall be secured by hinges or brass screws so as to permit of an inspection being made without injury to the case. The receptacles shall, where possible, be kept in a house on deck, and stowed or ranged as far apart as circumstances will permit so that in the event of spontaneous combustion, or of risk of any sort arising, any of the cases may be at once removed.

Where the socket signals are supplied by the manufacturer in wooden boxes with a tin box inside containing the friction tubes, no other receptacle shall be required for the latter.

(3) No article of an explosive or highly inflammable character shall be carried in any room or place in which any receptacle containing distress signals is deposited.

G.—Penalty.

XXXVII.—Whoever does any act in contravention of any of the provisions of rules XII to XXXVI shall be punishable with fine which may extend to two hundred rupees.

2. Rules XVIII, XIX and XX of the said rules shall be renumbered XXXVIII, XXXIX and XL, respectively.

PART IB.

Educational Notices.

CALCUTTA UNIVERSITY.

NOTICE.

The Senate will proceed in the month of August 1926 to the election of a Tagore Professor of Law for a term of one year, to commence on the 1st August, 1927.

The salary of the professorship is Rs. 9,000 per annum, and the Professor will be expected to deliver a course of not less than twelve lectures on one of the following subjects:—

- (i) A critical, historical and comparative survey of the system of Administration of Justice of Muslim Law.
- (ii) A comparative study of Constitutional Law with special reference to India.
- (iii) The Law of Insolvency with special reference to India.

The salary of the Professor will be paid in twelve equal monthly instalments, the first instalment to be paid on the first day of the month following that in which the first lecture is delivered.

Candidates for the Professorship are required to forward their applications to the Registrar on or before the 1st May 1926, stating on which of the above-named three subjects they are prepared to lecture. Each candidate will forward with his application one hundred copies of a brief synopsis of his proposed lectures: and, if he so pleases, the same number of copies of his Introductory Lecture.

The Professor will, not later than the month of August following his election, forward to the Registrar a complete copy (manuscript or typewritten) of the lectures which he proposes to deliver. The copy will be forthwith referred to a Committee of the Faculty of Law, consisting of not more than three members to be chosen by the Faculty, who will examine the same, and before the expiry of two months from the date of the submission of the copy by the Professor to the Registrar, report to the Faculty whether the work is complete and ready for the Press. If, upon such report, the Faculty are satisfied that the work is complete, the Professor will commence to deliver his lectures within three months from the date of the resolution of the Faculty and shall complete the delivery thereof in another three months. The copy of the lectures delivered will remain in the custody of the Registrar and shall be sent to Press, as soon as practicable after delivery thereof.

If the Professor fails to submit the copy of the lectures, or if the copy submitted be found, on examination, to be incomplete and not ready for the Press, the matter will be referred to the Faculty of Law, upon whose recommendation the Senate may either extend the time or cancel the appointment.

Sheriff's Proclamation of Sale.

TO be peremptorily sold pursuant to an order dated the 26th day of March 1925 of the High Court of Judicature at Fort William in Bengal in its Ordinary Original Civil Jurisdiction made in execution of a decree dated the 24th day of February 1925 in suit No. 2928 of 1922 wherein Brojo Nath Chunder and Girindra Nath Chunder were the plaintiffs and Surendra Nath Shaha Chowdhury and Dharendra Nath Shaha Chowdhury were the defendants by the Sheriff of Calcutta in his sale-room on the ground floor of the High Court by public auction on Thursday, the 27th day of August 1925, at 12 o'clock noon the undermentioned properties:—

Lot No. I.—Undivided one equal part or share of the defendants Surendra Nath Shaha Chowdhury and Dharendra Nath Shaha Chowdhury in all that upper roomed messuage or dwelling-house and godown together with the piece or parcel of land thereunto belonging known as No. 4, Noyan Sur's Lane, in Sutanutty, in the north division of the town of Calcutta together with the piece or parcel of land thereunto belonging and on part whereof the same is erected and built containing by estimation 7 cottahs 12 chitaks and 10 square feet more or less and bounded on the north by common passage, south by No. 2, Noyan Sur Lane, on the east by No. 5, Noyan Sur Lane, and on the west partly by No. 3, Noyan Sur Lane and partly by No. 2-1, Noyan Sur Lane.

Lot No. II.—Undivided one-half or equal part or share in all that messuage or dwelling-house and godown together with the piece or parcel of land thereunto belonging known as No. 2-1, Noyan Sur Lane in Sutanutty in the north division of the town of Calcutta containing by estimation 4 cottahs more or less and bounded on the north by No. 3, Noyan Sur Lane, on the south by No. 2, Noyan Sur Lane, on the east by No. 4, Noyan Sur Lane, and on the west by Noyan Sur Lane.

From the searches made in the office of the Registrar of Assurances, Calcutta, from 1865 to May 1925 it appears that the following encumbrances affect the above two lots, namely:—

- (a) Deed of charge, dated 29th November 1923, executed by Surendra Nath Shaha Chowdhury in favour of Nanda Lal Chowdhury in respect of his one-fourth share in Lot No. II for Rs. 7,000 with interest thereon at 12 per cent. per annum with quarterly rests and registered in Book I, Volume 37, pages 109, being No. 727 of 1924.
- (b) Deed of charge, dated 16th February 1924, executed by Surendra Nath Shaha Chowdhury in favour of Nanda Lal Chowdhury in respect of his one-fourth share in Lots Nos. I and II for Rs. 10,000 with interest at 12 per cent. per annum with quarterly rests and registered in Book I, Volume 37, page 105, being No. 726 of 1924.
- (c) Indenture of Mortgage, dated 23rd August 1924, executed by Surendra Nath Shaha Chowdhury in favour of Jogendra Nath Shaha Chowdhury in respect of his one-fourth share in Lots I and II for Rs. 5,100 with interest thereon at 12 per cent. per annum with quarterly rests and registered in Book I, Volume 88, page 232, being No. 3632 of 1924.
- (d) Deed of gift, dated 28th Agrayayan 1331 B.S., executed by Dharendra Nath Shaha Chowdhury in favour of Srimati Anilabala Chowdhurani in respect of his one-fourth share in the Lots I and II registered in Book I, Volume 150, page 5, being No. 830 of 1924. The said Srimati Anilabala Chowdhurani filed a claim in this Hon'ble Court against the attachment in respect of the above two lots on the footing of the said alleged Deed of Gift, but the same was on the 10th July 1925 dismissed with costs.

The sum for the recovery of which the sale has been ordered is Rs. 4,353-3-6 with interest thereon at 6 per cent. per annum from 24th February 1925 until realization and for the costs of this suit and costs of this execution.

The conditions of sale may be seen at the office of the Sheriff of Calcutta on any day during office hours before the sale and will be produced at the time of the sale.

Notice.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominee predecease them after five years of admission. The second quinquennial valuation of the fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General Central Revenues, Imperial Secretariat Buildings, Calcutta.

WHEREAS under sections 7, 10 and 35 of the Court of Wards Act, IX (B.C.) of 1879, as amended up to date, the Court of Wards has assumed charge of the property of Raja Mahendra Ranjan Ray Chaudhuri, of Kakina, in the district of Rangpur.

Notice is hereby given under section 10A of the said Act that all creditors having claims against the said Raja Mahendra Ranjan Ray Chaudhuri or his immovable property are hereby required to submit the same in writing to the Collector of Rangpur at his office at Rangpur within six months from the date of publication of this notice.

Creditors are also hereby warned that claims not submitted as required by this notice are liable to be deemed to have been duly discharged.

DEPARTMENT OF AGRICULTURE, BENGAL.

Forecast of the Summer *Til* Crop of Bengal, 1925-26.

(NOTE.—On an average of the five years ending 1921-22, the area under *til* in Bengal has represented some 4·8 per cent. of the total area under *til* in British India.)

Character of the season.—The weather was favourable at the beginning for the field operations. During the early period of growth the crop suffered from drought, but later on continuous and excessive rain during the period from second week of April to the end May adversely affected the growth, and caused considerable damage, especially in the low-land tracts of North and East Bengal. The season, on the whole, has been an unfavourable one for the crop.

Acreage.—The area sown this year is reported to be 105,600 acres as against 107,400 acres last year.

Outturn.—From the estimates furnished by the District Officers, the average outturn of the crop for the province works out at 64 per cent. of the normal this year as against 62 per cent. last year. Taking the normal yield at 6½ maunds per acre, the gross outturn for the province is estimated at 15,200 tons this year as against 15,000 tons last year, or an increase of about 1·33 per cent.

Dacca	5,900	12,800	12,300	72	81	February. Normal.	Latter part of June.	The decrease in area is due to increased area under jute. Continuous drought in latter part of March retarded the growth of the crop. Damage was caused by sudden flood as also by drought and the outturn is below the normal.
Mymensingh ...	112,800	39,200	36,000	60	55	Middle of March. Normal.	Middle of June Normal.	The decrease in area is partly due to the fact that jute has been cultivated in the land where <i>til</i> was cultivated last year and partly to early rainfall. The weather has not been favourable. Damage to the extent of four-anna crop was reported from Kishoreganj and two-anna crop from Jamalpur and Netrokona and the outturn is below the normal.
Faridpur	11,200	9,800	10,100	63	72	February. Normal.	End of May. Normal.	The weather has not been favourable. Frequent rains affected the crop seriously in the Gopalganj subdivision causing the outturn to fall below the normal.
Bakarganj	7,500	7,000	6,500	83	100	January and February. Normal.	April and May. Normal.	The decrease in area is due to unfavourable weather at the sowing time and to increased cultivation of other <i>Shado</i> crops. The weather became favourable subsequently and a normal outturn is anticipated.

CALCUTTA, the 20th July 1925.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 29th July 1925.

Summary.—Except in parts of North and West Bengal rainfall was generally light throughout the province. Transplantation of winter rice is progressing slowly for want of sufficient rain. The prospects of crops are likely to be threatened unless the monsoon is established. Harvesting of autumn crop is progressing fairly. The average price of common rice for the province has risen by about 1·08 per cent. as compared with that of the previous week.

CALCUTTA, THE 4TH AUGUST 1925.

RESOLUTION—No. 2108Edn.

THE Government of Bengal has had under consideration for some time past the question of the future of the Government Commercial Institute, Calcutta, its management and control, its curricula, and its development and expansion. At present it provides a day course of instruction to students who seek to qualify for employment in mercantile offices, and it has also evening classes intended mainly for the benefit of those already employed in such offices. The day course which extends over two years provides for instruction in certain compulsory and certain optional subjects as shown below :—

(I) Compulsory subjects.

- (a) English (Modern) and specially English correspondence, including commercial correspondence, letter drafting and *precis* writing.
- (b) Arithmetic, including commercial and mental Arithmetic.
- (c) An Indian Vernacular.
- (d) Commercial Geography.
- (e) Book-keeping (Junior).

(II) Optional subjects.

Shorthand and Typewriting.

Courses of evening lectures are delivered in the following subjects :—

- (a) Book-keeping (Elementary).
- (b) Book-keeping (Advanced).
- (c) Shorthand (Theory).
- (d) Shorthand (Speed).
- (e) Typewriting.
- (f) English (including commercial correspondence, letter drafting and *precis* writing).
- (g) Outlines of Political Economy.
- (h) Banking and Currency.
- (i) Annuities and Insurance.
- (j) Mercantile Law.
- (k) Accountancy and Auditing.

A student may take any combination of the above subjects.

2. The Bengal Retrenchment Committee, which was appointed by the Government of Bengal in 1922 to enquire into the possibilities of effecting economies in the administration of the province, recommended *inter alia* that the Commercial Institute should be placed in the hands of a board of management consisting of two representatives of the Bengal Chamber of Commerce, two representatives of the Calcutta Corporation, and one representative each of the Calcutta Trades Association and the Bengal National Chamber of Commerce. They proposed that Government should give the institution an annual grant of Rs. 15,000 for three years, and that the position should be reviewed at the end of that period. The Government of Bengal, though they lay no particular stress on the precise sum mentioned, are of opinion that the recommendation of the Committee deserves careful consideration, especially in view of the fact that the Committee contained members of the commercial community whose advice on the subject of commercial training is entitled to carry great weight.

3. There is no doubt that the Institute has justified its existence as a pioneer institution for commercial education. The day course is definitely vocational in its nature and well adapted to produce a capable clerk, while the evening course is calculated to improve the business knowledge of a clerk or a commercial assistant already in employment. Circumstances have, however, altered greatly in recent years. There is a growing demand

for commercial training as shown by the establishment of privately managed institutions, which offer training in subjects like shorthand, typewriting and book-keeping. Subjects such as Political Economy are taught in Colleges, and Government subsidises the teaching of commercial subjects. There are proposals for improving the Commercial Institute by the appointment of a highly qualified Principal and by opening of Accountancy and Auditing classes with a view to the institution of an examination to be recognised by the Government of India. It has also been suggested that the Government Commercial Institute should be affiliated to the Calcutta University which already grants degrees in Commerce.

4. In view of recent developments it is hardly necessary for Government to maintain under its direct management and control a special Institute, comparatively expensive, even if it be held that it is convenient to have an institution in which various commercial subjects are taught under the same roof. They feel that it is hardly the function of Government to undertake the direct management of a commercial training institute except as a matter of pioneering, and that it is debatable whether such an institution should be entirely a charge upon Government. The Government Commercial Institute exists mainly for the benefit of the commercial world. It provides mercantile firms with cheap well-trained clerks and imparts to men already in their service education which is likely to be useful to them in business. At the same time Government are receiving frequent appeals for assistance to commercial education in other institutions. It is financially impossible for Government, at any rate for the present, to meet these appeals and at the same time to develop the Institute into a high grade College of Commerce.

5. In these circumstances, the Government of Bengal consider it necessary that the whole question should be reviewed by a mixed committee consisting largely of representatives of the commercial organizations of Bengal with whom should be associated a few educationists and others interested in the subject. The Government of Bengal are therefore pleased, in consultation with the mercantile bodies mentioned below, to appoint a committee consisting of the following members to enquire into the question:—

- | | | | |
|--|-----|-----|---|
| (1) The Director of Public Instruction,
Bengal | ... | ... | Chairman of the Committee. |
| (2) Rai Sahib G. K. Sen | ... | ... | Principal (offg.), Government Commercial Institute, Member and Secretary. |
| (3) Mr. H. E. Stapleton | ... | ... | Principal, Presidency College. |
| (4) Mr. W. Stather Hale, O.B.E. | ... | ... | Registrar, Joint Stock Companies, Bengal. |
| (5) Mr. H. C. Jewell, A.C.I.S. | ... | ... | Representing the Calcutta Trades Association. |
| (6) Mr. Prabhu Dayal Himatsinka, B.L. | ... | ... | Representing the Marwari Chamber of Commerce. |
| (7) Mr. F. E. Winmill, of Messrs. Gillanders
Arbuthnot & Co. | ... | ... | Representing the Bengal Chamber of Commerce. |
| (8) Mr. T. Law, of Messrs. Price, Water-
house, Peat & Co. | ... | ... | |
| (9) Rai A. C. Banerjee Bahadur, M.L.C. | ... | ... | Representing the Bengal National Chamber of Commerce. |
| (10) Mr. Ashraf Jamall | ... | ... | Representing the Central National Muhamminadan Association. |
| (11) Mr. Razuar Rahman Khan, M.A., B.L.,
of Messrs. Karim Buksh & Bros. | ... | ... | |

6. The Committee is requested—

- (a) to advise Government on the value, as a preparation for a commercial career, of all the courses of commercial instruction at present being followed in this province with the aid of Government or directly maintained by it and to make recommendations, if necessary, for their revision and consolidation on sound practical lines,
- (b) to make recommendations for the future development of the Commercial Institute, with due regard to the fact that only very limited funds for its development are likely to be available from provincial revenues, and
- (c) to report on the feasibility of the suggestion that the Government Commercial Institute should become an aided institution, directly managed not by Government but by representatives of the Bengal Chamber of Commerce and other important commercial bodies in Calcutta, future developments being aided, but not entirely financed, by Government.

ORDER.—Ordered that a copy of the Resolution be forwarded to the Director of Public Instruction, Bengal, and Chairman of the Committee, to other members of the Committee, and that it be published in the *Calcutta Gazette* for general information.

By order of the Governor in Council,

J. H. LINDSAY,

Secretary to the Government of Bengal (offg.).

COMMERCE DEPARTMENT.

NOTIFICATIONS.

No. 5596 Com.—The 4th August 1925.—The following report submitted by the Commissioner for Workmen's Compensation, Bengal, on the working of Act VIII of 1923 in Bengal from 1st July to 31st December 1924 is published for general information.

J. A. WOODHEAD,

Secretary to the Government of Bengal.

Brief report on the working of the Workmen's Compensation Act (VIII of 1923) in Bengal, from 1st July to 31st December 1924.

The Workmen's Compensation Act (VIII of 1923) came into force on 1st July 1924. In order to secure uniformity on doubtful points, a whole-time Commissioner was appointed for Bengal, as was also done in Madras and Bombay.

The number of cases instituted during the first six months was very small. Only one application was made under section 10, which provides for contested claims, but the claim was promptly paid. There were no proceedings for review or commutation. The small number of disputes was due principally to the novelty of the legislation, but also among other things to the operation of Schedule I, which, by providing fixed and arbitrary compensation for injuries which admit of exact definition (such as loss of limbs), excludes a fruitful source of dispute.

Employers are required by the Act to deposit compensation with the Commissioner in all cases of fatal accidents. Twenty-six such deposits were received, totalling Rs. 22,642-2, out of which Rs. 11,840-10 had been awarded to dependants before the close of the year. The Act gives the Commissioner power to invest money awarded to minors for their benefit. Rupees 3,350 was thus invested.

The Act also provides that all agreements between employers and workmen for payment of lump sums as compensation under the Act must be registered by the Commissioner. Seventeen memoranda of agreement were presented for registration, of which 8 were registered, 7 refused and 2 were pending at the end of the year. The refusals were on technical grounds, not for inadequacy of compensation, one such ground being that the agreement was for payment of a compassionate grant, with denial of liability on the part of the employer. Most of the workmen affected by the Act in Bengal being up-country men, the notices, which the Act requires to be issued before an agreement can be registered, often cannot be served upon them, and it would be convenient if employers when possible would send the workman himself to the Commissioner with someone authorised in writing to represent them.

The Act further lays upon all employers of workmen as defined therein (with few exceptions) the duty of submitting an Annual Return (as laid down in Government of India notification No. L-1189, dated the 26th June 1924), showing the number of injuries for which they have paid compensation and the amount of compensation paid. The returns for the first six months were not reliable, partly on account of the inadequacy of the instructions first issued. They show the total daily average attendance of workmen to be 663,073 and a total of Rs. 32,682 paid as compensation or nearly 10 pies per head.

The Government of India, by notification No. L-1272, dated the 15th April 1925, have enabled employers who are insured, or members of associations of employers, to have their returns submitted in future by the association or insurance company, if approved by the Local Government. This year returns for many of the larger concerns were compiled by the Calcutta Claims Bureau and other associations of insurance companies, though they had to be submitted over the signature of the actual employers.

The following is a summary of the returns received :—

Employer.	Number of returns.	Number employed.	Accident resulting in—			Compensation paid for—		
			Death.	Permanent disablement.	Temporary disablement.	Death.	Permanent disablement.	Temporary disablement.
						Rs.	Rs.	Rs.

Commissioner, Workmen's Compensation, Bengal.

WRITERS' BUILDINGS, CALCUTTA, the 29th May 1925.

No. 5598 Com.—The 4th August 1925.—In exercise of the power conferred by section 13 of the Cotton Ginning and Pressing Factories Act, 1925 (XII of 1925), the Governor in Council is pleased to make the following rules, namely :—

Preliminary.

1. These rules may be called the Bengal Cotton Ginning and Pressing Factories Rules, 1925.
2. They shall come into force on the 15th August 1925.
3. In these rules "Act" means the Cotton Ginning and Pressing Factories Act, 1925.

Registers and Returns.

4. Ginning register required to be maintained under sub-section (1) of section 3 of the Act shall be maintained in the form shown in the attached Schedule A.
5. The press register required to be maintained under sub-section (2) of section 3 of the Act shall be maintained in the form shown in the attached Schedule B.
6. The weekly returns of cotton pressed required to be submitted under section 5 of the Act shall be submitted in the form shown in the attached schedule C.
7. Any officer empowered under section 13 (f) of the Act to enter and inspect a cotton ginning factory or a cotton pressing factory may, when making such inspection, examine the above registers and test the accuracy of the entries.

Prescribed Authorities.

8. The authority to whom returns under section 5 of the Act shall be made shall be the Chief Inspector of Factories, Bengal.
9. Such returns shall be for the seven days ending on the Friday of each week and shall be posted not later than the following day, and the first return shall be for the week ending 4th September 1925.
10. When a pressing factory finally ceases work for the season, this fact shall be stated on the last weekly return.
11. The prescribed authority for the purposes of sections 7 and 8 and sub-sections (1), (2) and (4) of section 9 of the Act shall be the Chief Inspector of Factories, Bengal.
12. Orders issued under section 9 of the Act shall be served by registered post.

Entry and Inspection.

13. A District Magistrate, any Inspector of Factories, or other officer especially empowered in this behalf by the Government of Bengal may enter any cotton ginning or cotton pressing factory at any time during the usual working hours and may make such inspection of the premises and machinery and of any prescribed registers as he may deem necessary for the purpose of the Act or of the rules under the Act.

Miscellaneous.

14. The weights used in cotton ginning and cotton pressing factories in Bengal shall be English avoirdupois weights. Both weights and scales shall be kept in good order and shall be liable to inspection by the officers mentioned in rule 13.
15. Every pressing factory shall exhibit in a conspicuous place a notice showing the mark allotted to the factory under section 12 of the Act.
16. For the purposes of section 5 of the Act the "season" shall commence on the first day of September in each year.

DECLARATION.

No. 5624Com.—The 5th August 1925.—Whereas certain land was acquired by Government, under the provisions of Act I of 1894 and Act XVIII of 1885, for a public purpose, viz., for such portion of the Methani siding, Bengal-Nagpur Railway, as lies between chainage 6·20 and chainage 43·00 and as is edged with pink on the plan L. A. M. A. No. 505, and whereas coal mines at Methani Colliery are situated under the said land, and whereas the Aldih Coal Company, Limited, have given notice to Government, in accordance with the provisions of Act XVIII of 1885, that the said Company intend to work the seam known as the Dish-rgarh seam, and whereas the mines have been inspected by the officer appointed by Government for the purpose under section 5 (1) of Act XVIII of 1885, and whereas it appears to the Government that the working out of the coal of the mines underlying the said land is likely to cause damage to the surface of the said land and to the works constructed thereon, and whereas the said Aldih Coal Company, Limited, have agreed not to work and get minerals underlying the land edged with green on the plan L. A. M. A. No. 505, in such a manner as to injure or to endanger the safety of the undertaking or any part thereof, nor to claim any compensation for any restricted working:

Now, therefore, the Governor in Council is pleased to declare, under section 5, sub-section (2), clause (b) of the abovementioned Act XVIII of 1885, that the working shall be carried on by the said Aldih Coal Company, Limited, in the manner and subject to the restrictions below specified, viz.:—

- (1) no gallery shall be driven nor shall any coal be extracted where the distance from the natural surface of the ground or the bottom of an artificial cutting to the top of the excavation, if made, is less than 50 feet,
- (2) where the distance from the natural surface of the ground or the bottom of an artificial cutting to the top of the excavation, if made, is 50 feet or more, galleries, not exceeding 12 feet in width by 12 feet in height may be driven at distances apart not less than 100 feet, centre to centre, forming pillars not less than 88 feet square, to be left unworked,
- (3) haulage roads and cross-cuts, not exceeding 14 feet in width by 12 feet in height, may be driven where required, provided that the pillars so formed adjacent to such cross-cuts shall not be less than 7,568 (equal to 88 × 86) square feet in area,
- (4) manholes, not exceeding 6 feet in height by 3 feet in width by 4 feet in depth, may be made, where required, by any rules made under the Indian Mines Act, 1923,

- (5) any inrush of water, quicksand or soft materials shall be reported to the Chief Inspector of Mines without delay,
- (6) any collapse of workings or symptoms of collapse or crush which may endanger the stability of the acquired land shall be reported to the Chief Inspector of Mines without delay,
- (7) these restrictions apply to the Dishergarh seam only at the Methani Colliery and to the area edged with green on the plan, and the Aldih Coal Company, Limited, shall give notice under section IV of the Land Acquisition (Mines) Act, 1885, of their intention to work any other seam under such area or to work coal under any other area of acquired land,

and that in all the above cases, except to comply with the above conditions, no further excavation shall be made in any of the galleries which already have been driven, the actual heights and widths of which have been carefully recorded on the plan marked L. A. M. A. No. 505, signed by the Chief Inspector of Mines.

The plan referred to may be seen in the office of the Chief Inspector of Mines in India by the parties concerned.

Secretary to the Government of Bengal.

DECLARATION.

No. 5671 Com.—The 5th August 1925.—Whereas certain land was acquired by Government, under the provisions of Act I of 1894 and Act XVIII of 1885, for a public purpose, viz., for the Government encamping ground at Bogra lying between the Joba and Benali branches, East Indian Railway, and as is edged with pink on the plan L. A. M. A. No. 502 and whereas coal mines at Bogra colliery are situate under the said land, and whereas Messrs. Hursookhdass Balkissendass have given notice to Government, in accordance with the provisions of Act XVIII of 1885, that the said Company intend to work the seams known as the Bogra top and bottom seams and whereas the mines have been inspected by the officer appointed by Government for the purpose under section 5 (1) of Act XVIII of 1885, and whereas it appears to the Government, that the working out of the coal of the mines underlying the said land is likely to cause damage to the surface of the said land and to the works constructed thereon, and whereas the said Messrs. Hursookhdass Balkissendass have agreed not to work and get minerals underlying the land acquired for the Government encamping ground in such a manner as to injure or to endanger the safety of the undertaking or any part thereof, nor to claim any compensation for any restricted working :

Now, therefore, the Governor in Council is pleased to declare, under section 5, sub-section (2), clause (b) of the abovementioned Act, XVIII of 1885, that the working shall be carried on by the said Messrs. Hursookhdass Balkissendass in the manner and subject to the restrictions below specified, viz. :—

- (1) No gallery shall be driven nor shall any coal be extracted where the distance from the natural surface of the ground or the bottom of an artificial cutting to the top of the excavation, if made, is less than 50 feet.
- (2) Where the distance from the natural surface of the ground or the bottom of an artificial cutting to the top of the excavation, if made, is 50 feet or more :—
 - (a) *In the Bogra top seam*, galleries, not exceeding 12 feet in width by 9 feet in height, may be driven at distances apart not less than 50 feet, centre to centre, forming pillars, not less than 38 feet square, to be left unworked.
 - (b) *In the Bogra bottom seam*, galleries, not exceeding 12 feet in width by 12 feet in height, may be driven at distances apart not less than 62 feet, centre to centre, forming pillars, not less than 50 feet square to be left unworked.
- (3) In both seams main haulage roads may be driven not more than 14 feet in width.
- (4) Manholes, not exceeding six feet in height by three feet in width by four feet in depth, may be made where required by any rules made under the Indian Mines Act, 1923.
- (5) Any inrush of water, quicksand or soft material shall be reported to the Chief Inspector of Mines without delay.
- (6) Any collapse of workings or symptoms of collapse or crush which may endanger the stability of the acquired land shall be reported to the Chief Inspector of Mines without delay.
- (7) These restrictions apply to the Bogra top and bottom seams only at Bogra colliery and to the area edged with pink on the plan, and Messrs. Hursookhdass Balkissendass shall give notice under section IV of the Land Acquisition (Mines) Act, 1885, of their intention to work any other seam under such area or to work coal under any other area of acquired land.

The plan marked L. A. M. A. No. 502, signed by the Chief Inspector of Mines, may be seen in the office of the Chief Inspector of Mines in India by the parties concerned.

DEPARTMENT OF COMMERCE.

No. 555-S.

RESOLUTION.

SHIPPING.

Simla, the 25th July 1925.

Read :—

1. Letter No. 30-R-22, dated the 3rd April 1922, from the Government of Burma, Finance and Revenue Department.

2. Letter No. 220, dated the 22nd May 1922, from the Government of Madras, Finance (Marine) Department.

3. Letter No. 2500-Mne., dated the 30th August 1922, from the Government of Bengal, Marine Department.

4. Letter No. 1380-C., dated the 16th February 1923, from the Government of Bombay, Marine Department, with their respective enclosures replying to Government of India, Commerce Department letter No. 6372, dated the 4th November 1921, on the subject of the recommendations made in the report of the Deck Passenger Committee, 1921.

1. This resolution relates to those portions of the report of the Deck Passenger Committee, 1921, which deal with the classification of voyages as long and short and with the minimum amount of space to be allotted to deck passengers under the Indian Merchant Shipping Act, 1923.

2. The Deck Passenger Committee and the maritime Local Governments are agreed that the present rules require amendment, but there is no unanimity on the details of the changes needed. The Government of India have accordingly formulated their provisional conclusions in the draft notification attached to this resolution. The rules now issued embody the principle of further subdivision of voyages which are now classed as short, and provide for an increase in space accommodation. The maritime Local Governments will be requested to report for inclusion in a special schedule, short voyages of less than 24 hours' duration between terminal ports, for which they advise special space allowances.

3. The space allowances have been expressed in the present form, viz., occupation space *plus* an airing space for each between deck passenger. A flat rate of space allowance, whilst it would have the appearance of simplicity, is open to the objection that it would make it appear permissible to carry passengers between-decks without permitting them access to the upper deck, where ventilation is freer.

4. Any suggestions on this draft notification should be received by the Government of India before November 1st.

ORDER.—Ordered that a copy of this resolution be forwarded to the Governments of Madras, Bombay, Bengal and Burma, with a request that the Local Governments, after consulting commercial and other interests affected, will communicate to the Government of India by the 1st November 1925 any alterations they consider necessary and a list of voyages of less than 24 hours' duration between terminal ports which they recommend should be specially scheduled together with the space allowance they advise for each such voyage.

D. T. CHADWICK,

Secretary to the Government of India.

Draft Notification.

In exercise of the powers conferred by section 192 of the Indian Merchant Shipping Act, 1923 (XXI of 1923), and in supersession of the notification of the Government of India in the late Department of Finance and Commerce, No. 1356, dated 14th March 1889, the Governor General in Council is pleased to prescribe the number of superficial and of cubic feet of space to be available for native passengers in native passenger ships in accordance with the order hereinafter set forth, and to direct that the said order shall over-ride the requirements on that subject of sub-sections (1) and (3) of section 176 of the said Act.

Order.

(1) that if in any native passenger ship and for any voyage to which the provisions in the Act relating to Native Passenger Ships apply any passenger is by contract entitled to be accommodated with space in excess of the minimum which section 176 (2) or section 179 of the said Act or rules 5, 6, 7, 8 and 9 of these rules requires the ship to contain for each passenger, the said ship shall contain for each such passenger the space to which he is so entitled, and in addition thereto for every other passenger the space required by section 176 (2) or section 179 of the said Act or rules 5, 6, 7, 8 and 9 of these rules, as the case may be :

(2) that if in any native passenger ship and for any voyage to which the provisions in the Act relating to Native Passenger Ships apply the height between decks is less than six feet, the cubic space required for every passenger under sections 176 (2) and 179 of the Act (or rules 5, 6, 7, 8 and 9 of these rules) shall be increased by one-fourth :

(3) that in every native passenger ship which proceeds on a "Long voyage" so much of the upper deck shall be left unencumbered as to allow at least six superficial feet thereof for each passenger proceeding on the voyage :

(4) that no native passenger ship making a voyage between India and any of the ports in the Red Sea shall carry native passengers on two between-decks :

(5) that every native passenger ship performing a voyage either between a port on the west coast of India and a port in the Red Sea, or between Aden and any port on the east coast of Africa, south of 10 degrees north, whether the ship touches at any intermediate port or not, shall, if the ship is propelled by sails, contain in the between-decks not less than 12 superficial feet and 72 cubic feet of space for every passenger, and shall, if the ship is propelled by steam, or partly by steam and partly by sails, contain in the between-decks not less than 10 superficial feet and 60 cubic feet of space for every passenger :

(6) that for seasons of fair weather, a native passenger ship performing a short voyage which, in ordinary circumstances, will not exceed seventy-two hours between the terminal ports, shall contain in the upper between-deck at least eight superficial feet and forty-eight cubic feet of space, available for each such upper between-deck passenger and on upper deck at least four superficial feet available for each such upper between-deck passenger and eight superficial feet available for each upper-deck passenger :

(7) that for seasons of fair weather, a native passenger ship performing a short voyage which, in ordinary circumstances, will exceed seventy-two hours between the terminal ports, shall contain in the upper between-deck at least nine superficial feet and fifty-four cubic feet of space available for each such upper between-deck passenger, and on the upper deck at least four and a half superficial feet available for each such upper between-deck passenger and nine superficial feet available for each upper deck passenger :

(8) that for seasons of foul weather, a native passenger ship propelled by steam or partly by steam and partly by sails, and performing a short voyage shall contain in the upper between-deck at least ten superficial feet and sixty cubic feet of space available for each such upper between-deck passenger, and on the upper deck at least five superficial feet available for each such upper between-deck passenger and ten superficial feet available for each upper-deck passenger.

(9) that every native passenger ship which may be permitted to carry native passengers on two between-decks, shall contain space in the lower between-deck or orlop deck for each such passenger as follows :—

Short Voyages.

	FAIR WEATHER.			FOUL WEATHER.		
	Upper deck.	Lower between-deck		Upper deck.	Lower between-deck	
	s. ft.	s. ft.	c. ft.	s. ft.	s. ft.	c. ft.
Steamships	4	12	72	4	15	90

Long Voyages.

				s. ft.	c. ft.
Sailing ships	20	120
Steamships	15	90

but no passenger shall be carried on any lower between-deck or orlop deck when the height of such deck is less than six feet from deck to deck.

Notice.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after five years of admission. The second quinquennial valuation of the fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General Central Revenue, Imperial Secretariat Buildings, Calcutta.

Rai Bijay Krishna Basu Bahadur continued in charge of the Garden as Superintendent throughout the year, and Babu Somadev Ganguli as Assistant Superintendent.

Babu Doyal Chandra Das, the Gate clerk of the Garden, died during the year, and Babu Bepin Behari Chatterji was appointed to the vacant post.

The following is a list of the superior staff of the Garden at the end of 1924-25 :—

Superintendent—Rai Bijay Krishna Basu Bahadur, C.M.Z.S.

Assistant Superintendent—Babu Somadev Ganguli.

Store-keeper—Babu Jugal Kishore Roy.

Overseer—Babu Niranjan Mukherji.

Clerk—Babu Tarak Chandra Chatterji.

Gate clerk—Babu Bepin Behari Chatterji.

The menial staff of the Garden at the end of 1924-25 comprised, in addition to temporary men who were engaged as required,—

1 Salutri.	14 Gardeners.
1 Jamadar.	3 Sweepers.
8 Durwans.	1 Chaprasi.
20 Keepers.	1 Carpenter.
2 Bhistis.	2 Cartmen.
1 Cook.	1 Syce.
1 Head gardener.	1 Scytheman.
	1 Night-watch.

The year under review has in all respects been normal, nothing of special interest having occurred or been undertaken. The standard generally has been maintained throughout the year up to its former level, both as regards the number and variety of exhibits in the collection and as regards the Garden itself.

The health of the animals as a whole throughout the year has been good, and the death rate normal.

The death rate amongst the birds has been considerably reduced, and no serious loss of any kind has occurred.

The ungulates maintained perfect health, and it is satisfactory to record that many have bred in the Garden.

Exception must be made in the case of the Small Carnivora House which suffered severely owing to an outbreak of Verminous Gastro-enteritis. Every precaution as regards isolation, thorough disinfection, fumigation, etc., was taken, and the disease was successfully stamped out within a fortnight, though not without casualties, which, however, were not excessive in the circumstances.

No new structural work has been undertaken, but improvements to existing buildings were effected, among them the thorough overhauling of the new Monkey House.

Linked wire-netting has proved far superior to ordinary wire-netting for which it was substituted, a course which is being followed wherever wire-netting requires renewal as far as possible.

The wire-netting of the Deer paddock was replaced with strong Crusader fencing.

Annual repairs to the buildings were effected as usual, of which the following alone need be mentioned :—

Dumraon House.—The inside walls were lime-washed and outside colour washed. The hand-railing was repaired and wire-netting repaired and renewed.

Sonebursa House.—Parts of the wooden roof of this building were renewed, and the whole roof was repainted. The plaster of the walls was repaired and the wooden doors and windows were repainted.

Barasingha Enclosure.—The shed was thoroughly overhauled and the roof renewed and repainted.

Sarnomoyi House.—Leakage necessitated repairs to the roof, and portions of the ceiling affected by leakage were replastered. Window frames and sashes were attended to, and the outer enclosure was repainted.

Small Carnivora House.—The inner dens and outer cages were sand-plastered, and three coats of lime-washing given. The iron partitions in several cages having perished were repaired and the flooring attended to. The drainage system and the water supply were put into proper order, and new sand was spread in the recreation enclosures.

Burdwan House.—The hand-railing was thoroughly repaired, and the wooden posts were renewed. The interior was whitewashed and the outside colour washed. The iron gratings were painted.

Refreshment Pavilion.—The wooden ceiling and the beams and posts were painted and the marble flooring repaired and polished.

The condition of the Garden has been well maintained throughout the year. The lawns and paths are in good order. Portions of the main drive were remetalled and many paths were repaired, and all the roads and paths were covered with surki-siftings. The flowers have been a special attraction to visitors. The Garden was awarded several prizes at the Agri-Horticultural Society's Flower Show held in February 1925 for its exhibits of annuals.

The question of labelling the trees in the Garden has been under the consideration of the Committee for a long time, and it is satisfactory to report that during the year nearly all the trees have been labelled with their botanical and popular names.

The finances of the Garden are satisfactory to the extent that expenditure is balanced by income. There was a welcome increase in the receipts from visitors, which amounted to Rs. 67,706-13 as against Rs. 64,420-7 in the previous year. The balance in favour of the Garden is partly accounted for by the difference amounting to Rs. 3,286-6. This is a substantial advance upon the previous year's increase, but it would be too much to hope for progressive increases from this source year by year. The balance shown in the accounts cannot be taken as an index of financial prosperity. The margin between income and expenditure is slight: provision has to be made for the replacement of unexpected losses in the collection, and it is only by the exercise of economy in years when no serious drain upon their resources occurs that the Committee can find themselves in a position to carry out schemes of improvement which must meanwhile be deferred, or to import very desirable but expensive additions to the collection.

The following is a comparative statement of visitors and receipts for recent years:—

	Number of visitors.	Receipts. Rs. A.
1922-23	854,003	63,393 15
1923-24	877,478	64,420 7
1924-25	943,553	67,706 13

A large number of children under four years of age and school children attended by their teachers were admitted free. On the occasion of the Fancy Fair about 17,000 people visited the Garden.

In addition 41,034 persons visited the Garden on free days. Detailed statement of the number of visitors and receipts appears in Appendix B.

The thanks of the Committee are due to those ladies and gentlemen who have added to the zoological collection by donations, a list of which is given in Appendix C. Thanks are also due to those who kindly offered to present animals to the Garden, but whose offers could not be accepted either because the particular species of animals was already sufficiently well represented, or owing to want of accommodation.

The Corporation of Calcutta at their meeting held on the 19th March 1924 sanctioned a grant of Rs. 22,495-8 to the Garden for the year under report, and the amount of the rate bills in respect of the Garden was adjusted against the sanctioned grant as they fell due. The Committee desire to take this opportunity of expressing their gratitude to the Corporation of Calcutta for their generous contribution to the funds of the Garden.

Thanks are also due to the Officer Commanding and Officers of the 3rd Battalion, 17th Dogra Regiment, for permitting their regimental band to play at the Garden on Tuesday afternoons free of charge from the month of January 1925.

The Committee are much indebted to those members of the public who send their old and broken down horses to the Zoological Gardens.

P. L. BUCKLAND,
President.

A. M. McGRIGOR,
Honorary Secretary.

Superintendent's Report.

I have the honour to submit the following report on the existing condition and the progress of the menagerie of the garden.

The following comparative table shows how the various collections of animals in the Garden stood during the last four years :—

Year.		Mammals.	Birds.	Reptiles.
1921-22	...	317	2,041	190
1922-23	...	281	851	142
1923-24	...	323	1,025	178
1924-25	...	316	1,079	194

The health of the animals was entirely satisfactory, and with the exception of Verminous Gastro-enteritis to which some valuable specimens from the Small Carnivora House succumbed there was no epidemic of any kind during the year.

The following are important additions to the collection :—

1 Tiger	Presented by the Maharaja of Sirguja.
2 Lion cubs	
1 Green monkey	Presented by Mrs. L. Eady.
1 Pecquet's parrot	Purchased.
2 Malayan tapirs	Ditto.
2 White-handed gibbons	Presented by S. H. Harman, Esq.
1 Indian ratel	Presented by N. P. Thadiani, Esq., I.C.S.
2 Gayals	Procured through the good offices of G. A. Nevill, Esq.
1 Barasingha deer	Presented by G. A. Nevill, Esq.
1 Tibetan lynx	Purchased.
2 Binturongs	Ditto.
1 Flying squirrel	Presented by Lt.-Col. E. H. Brown.
1 Purple-faced monkey	Presented by Geo. Lander, Esq.
2 Golden cats	Purchased.
4 Argus pheasants	Ditto.

The collection of common Indian aquatic birds was maintained at a high state of efficiency by constant supplies received through the good offices of Mr. W. K. Dods.

A list of donors and their donations during the year is given in Appendix D.

The following is a list of animals that were born in the Garden during the year :—

4 Lions.	3 Hog deer.
4 Canadian geese.	1 Grivet monkey.
1 Peacock pheasant.	5 Indian antelopes.

2 Philander opossums.	1 Ostrich.
2 Malayan tapirs.	3 Black leopard cubs.
1 Two-wattled cassowary.	1 Tigress.
1 Rufous kangaroo.	2 Golden cats.

The following specimens were destroyed as unfit for exhibition:—

1 Tiger.	1 Himalayan bear.
1 Spotted deer.	1 Gayal bull.
1 Burmese pigtailed monkey.	

Two consignments of snakes, etc., consisting of 95 specimens, were sent to the Zoological Society's Gardens, London.

The following animals were sent to the Zoological Society of Scotland :—

1 Tibetan lynx.	9 Cattle egrets.
2 Indian pigs.	2 Peacock pheasants.
2 Bengal foxes.	2 Greater pied hornbills.
2 Indian jackals.	4 Black-bellied sandgronse.
20 Ducks of sorts.	

The following animals were sent to Taronga Zoological Park Trust, Sydney :—

1 Leopard.	1 Python.
------------	-----------

The work in the Pathological Department was carried on as usual, and thanks are due to the Principal, Bengal Veterinary College, Belgachia, and Major R. Knowles, I.M.S., and Dr. A. C. Chandler of the Calcutta School of Tropical Medicine, for the ready and generous help rendered by them in every important matter. **RESOLUTION ON THE REPORT OF THE COMMITTEE APPOINTED TO
CONSIDER AND ADVISE GOVERNMENT AS TO THE STEPS TO BE TAKEN
FOR THE RESTORATION AND DEVELOPMENT OF THE TIBBI OR UNANI
SYSTEM OF MEDICINE.**

CALCUTTA, THE 30TH JULY 1925.

RESOLUTION—No. 1727Medl.

IN pursuance of a resolution which was moved in the Bengal Legislative Council and accepted by Government on the 14th July 1921, the Government of Bengal appointed the following Committee on the 26th August 1921 to consider and report, after taking such evidence as might be thought necessary, what practical steps could be taken for the restoration and development of the Tibbi or Unani system of medicine, with special attention to the question of teaching that system, under proper supervision and control, and subject to such modifications as might seem necessary :—

The Hon'ble Nawab Syed Nawab Ali Chaudhuri, Khan Bahadur, C.I.E.	...	President.
Dr Hasan Suhrawardy, M.L.C.	...	Secretary.
The Professor of Pharmacology, School of Tropical Medicine and Hygiene, Calcutta	...	} Members.
Dr. M. E. Sufi, B.A., L.R.C.P.S., D.P.H., Assistant Director of Public Health	...	
Mr. H. S. Suhrawardy, Barrister-at-Law, M.A., B.Sc., B.C.L., M.L.C.	...	
Hakim Md. Shabbir	...	
Rai Haridhan Dutt Bahadur, M.L.C.	...	
Maulvi S. Mahbub Ali, M.L.C.	...	} Members.
„ Yaquinnuddin Ahmed, M.L.C.	...	
„ Muhammad Kazem Shirazi	...	
Shah Syed Emdadul Haq, M.L.C.	...	

The names of the following gentlemen were subsequently added to the Committee :—

Maulvi Hakim Habibur Rahman	..	} Members.
Shafa-ul-Mulk Hakim Abdur Rashid Khan, Khan Bahadur.	..	
A. F. M. Abdul Ali, Esq., M.A., Assistant Secretary to the Government of India and Keeper of Imperial Records.	..	
	..	

The Committee held four meetings and reported to Government in December 1924. The report was written by Major Hasan Suhrawardy. A questionnaire was issued to 272 Hakims of standing in different provinces and to members of the All-India Tibbi Conference. The response to the questionnaire was disappointing, and the report states that the information thus obtained was "so meagre and inadequate as to be negligible". It was therefore decided at a meeting of the Committee held in April 1923 that the present methods of teaching in vogue in the different Tibbi schools should be studied at first hand : Major Suhrawardy and Hakim Habibur Rahman, a

Dacca practitioner of standing, were deputed to visit different centres of Tibbi learning for this purpose. In March 1924 these gentlemen visited—

- (1) the Tibbia College of Delhi,
- (2) Takmil-ul-Tib Institution of Lucknow, and
- (3) Zubdatul Hukma and Hakim Hazeque classes of Islamia College in Lahore.

In Lucknow there are only Arabic classes, but in Delhi and Lahore instruction is given both in Urdu and Arabic; in Delhi and Lucknow the course of study is spread over four years, and at Lahore over two years and a half. Apparently the proposal to revive and develop the Tibbi system on modern lines was regarded with some suspicion by Tabibs, and the Committee are indebted to Major Suhrawardy and his colleague Hakim Habibur Rahman Sahib for the information on which their recommendations are based, rather than on the evidence, oral or written, of Tibbi practitioners.

Rai Bahadur Dr. Haridhan Dutt has not signed the report: in his brief note of dissent, it is implied that he was unable to arrive at any conclusion as to the desirability or feasibility of encouraging the Tibbi system in the absence of any enquiry by the Committee into its merits.

Major Chopra, I.M.S., is not in agreement with the views stated in the more important chapters of the report, but approves proposals (1) to offer scholarships to induce Madrasah students to take up the Tibbi studies, and (2) to establish "an inexpensive kind of modern Tibbi School in association with an out-patients' department and dispensary at Calcutta and Dacca".

Dr. M. E. Sufi makes some detailed criticism of the report, but appears to accept its main proposals.

Mr. A. F. M. Abdul Ali accepts Major Suhrawardy's scheme, while the report is adopted in all essentials by the remaining members of the Committee, with the exception of Shah Syed Emdadul Haq, M.L.C., who did not attend the meetings.

2. Major Suhrawardy's interesting report sketches briefly the origin and development of the *Ilm-i-Tibb* (Tibbi system), its debt to the Ayurvedic and Greek (Unani) systems of medicine, and its influence on western studies and methods. He points out that the Tibbi or Unani system has languished in Bengal partly owing to the popularity of allopathic studies in this province and partly owing to the decline of Moslem influence. In any case there are now comparatively few practising Hakims of high standing in rural Bengal or even in Calcutta itself. It is suggested that the encouragement of the Tibbi system might provide a cheap and yet sufficiently skilful type of doctor for the needs of the Muhammadan community in rural areas, and might provide employment for many of the Maulvis who, after a course of study at the Madrasahs, have difficulty in finding a market for their wares.

3. The proposals made by the Committee are briefly as follows:—

- (1) the establishment of Tibbi schools in Bengal to be associated for clinical training with the recognised Government medical schools of the province;
- (2) the provision of scholarships for the purpose of sending selected students to the Tibbi colleges at Delhi and Lucknow, these scholars being bound by agreement to enter a rural medical service or to practise in rural areas with the help of subsidies to be granted by local bodies, on the completion of their course; and
- (3) arrangements for post-graduate training of students qualified in the Tibbi system, under well-known Hakims in different parts of India.

In connection with the first proposal, it is recommended that Tibbi schools should first be opened at Calcutta and Dacca, and subsequently at Chittagong and Hooghly: each school to have two branches, in one of which the medium of instruction would be Urdu, while in the other branch, which would comprise more advanced studies, the teaching would be in Arabic, a knowledge of which is considered necessary for post-graduate research work. It is proposed that the course should extend over three years, and that 50

students should be admitted each year into a school. The cost of two schools is roughly estimated at Rs. 24,000 per annum. The cost of sending 50 bonded students each year to the schools of Delhi and Lucknow is estimated at Rs. 54,000 per annum, while the cost of post-graduate work under the guidance of renowned Tabibs at Delhi, Lucknow and Calcutta is estimated at Rs. 78,000 per annum.

4. It is implied that the expenditure on the above schemes should be met entirely by the state, and there is no suggestion that any fee should be charged to students. It is to be considered whether there is justification for undertaking the training of students in the Unani system at the expense of the state.

There can be no doubt that the Tibbi system in certain other parts of India enjoys considerable popularity and therefore obtains real support from the public. There is a demand for the Hakims who pass out from the schools referred to above, and no one, whatever view he may hold as to the relative merits of the Tibbi system and the Western school, will doubt that the trained Tabibs of Delhi, Lucknow and Lahore are an important agency for the relief of human suffering in the upper parts of India. In Bengal, however, there is a wide demand for increased facilities for medical education in accordance with western methods. The medical schools already established by Government are unable to provide accommodation for the numerous candidates who seek admission, and the Government of Bengal are already taking steps to provide additional schools of this type with the object of increasing the number of qualified practitioners. The recurring cost of medical schools such as those established at Burdwan, Dacca and Mymensingh amounts roughly to about Rs. 35,000 per annum, and it is by no means certain that the proposals of the Committee are likely to produce trained Tabibs at a very much cheaper rate. But in the opinion of the Governor in Council, the chief defect in the Committee's proposals is that they are designed to produce a class of practitioners following a system of medicine which admittedly requires to be supplemented by a study of such vital subjects as midwifery, gynaecology, surgery, bacteriology and the whole science of preventive medicine. The proposals of the Committee aim at giving a mere smattering of the western system to students who in educational qualifications are much inferior to the type of students now seeking admission to the recognized medical schools. Government have deliberately set themselves to promote the spread of western medical science and have taken steps to control and standardize the training and examination of medical students in Bengal. Many private schools which had neither the means nor facilities to train and qualify students for general medical practice have been closed, and a high standard is gradually being built up. It would not be possible to introduce Tibbi students into the recognised medical schools for clinical training, and the Governor in Council is of opinion that any definite recognition by Government, such as the Committee proposes, of Tibbi studies will inevitably drive Government ultimately into accepting full responsibility (involving heavy expenditure) for the continuance and development of a system which is in so many respects utterly different from the system already transplanted with such admirable success into India. Government are not satisfied that there is any need to subsidize Tibbi studies proper, or that there is justification for the state incurring expenditure in seeking to engraft some limited knowledge of Western methods and theory on to the Tibbi system. And the lack of response by the general public and by Tibbi practitioners to the enquiries of the Committee suggests that there is no strong popular demand for an attempt to multiply the followers of Avicenna.

The failure of the Tibbi system to include preventive medicine or the study of public health within its scope is moreover a serious drawback—especially in the India of the present day. The importance of this branch of medicine to Bengal is recognised more and more widely every day, and Government have recently formulated proposals for the creation of a public health organisation in rural areas, combining both curative and preventive functions.

The Governor in Council, after a careful study of the Committee's interesting report, is of opinion that there is not adequate justification for the expenditure of public funds on the scheme therein outlined. At the same time Government desire to express their thanks to Major Hasan Suhrawardy for the interest which he has shown in this enquiry: he devoted a great deal of his time at considerable personal inconvenience along with Hakim Habibur Rahman Sahib, to whom special thanks are also due, to the tours made in North-Western India and to the compilation of information dealing with the past history of the *Ilm-i-Tibb*. The Governor in Council desires also to thank the other members of the Committee who assisted Major Suhrawardy in his labours.

By order of the Governor in Council,

S. W. GOODE,

Secretary to the Government of Bengal.

NOTIFICATION.

Test Examination of Private Candidates for the Matriculation Examination, 1926.

A TEST examination of private students who have not attended any high school, recognised or unrecognised, for at least one year previous to the ensuing examination, will be held at the Government high, zilla and collegiate schools in the Rajshahi Division on Monday, the 30th November 1925, and the four following days. Such candidates only as reside in any of the districts of the Rajshahi Division and Cooch-Bihar will be admitted to the examination. The term "Private Students" includes *bona fide* school-masters.

2. Private students are those who have not attended any school for at least one year previous to the Matriculation Examination.

3. Each private candidate will have to pay a fee of Rs. 6, which is to be remitted to the Inspector of Schools, Rajshahi Division, at Jalpaiguri, and not to the undersigned personally, so as to reach him on or before the 2nd November 1925, along with an application for permission to appear at the test examination. Candidates applying after the prescribed date will have to pay a fine Rs. 2 for each week's delay. Under no circumstances will the admission fee be refunded. No application will, however, be received after the 16th November 1925.

4. Each application for permission to appear at the test examination must be accompanied by information on the points noted below and submitted in the form appended to these rules:—

- (a) The name of the school in which the candidate last studied.
- (b) The transfer certificate (in original) granted to the candidate by the headmaster of the school in which he last read, or
- (c) in the case of a candidate who previously appeared at the Matriculation Examination, the Registrar's receipts (in original) for the fees paid.
- (d) The age of the candidate. No candidate who has not completed the age of 16 years on the first day of the month in which the Matriculation Examination is held shall be allowed to appear at it.
- (e) In the case of a schoolmaster a certificate of good conduct from the Secretary of the school in which he is serving or from the Deputy Inspector of Schools of the district concerned.
- (f) A certificate from a respectable person to the effect that the candidate has prosecuted a regular course of study and has been subject to proper discipline, and that he has not read in any school since the last Matriculation Examination.
- (g) A statement by the candidate giving the following facts:—
 - (1) Residence giving the names of the village, post office and district clearly.
 - (2) Father's name.
 - (3) The name of the centre at which he intends to appear.
 - (4) Second language besides English.
 - (5) Vernacular language from which translation is to be made into English in English first paper.
 - (6) Which of the following subjects to be taken up:—
 - (i) Additional mathematics.
 - (ii) Additional paper in the classical language.
 - (iii) History.
 - (iv) Geography.
 - (v) Elementary mechanics.

5. The Inspector of Schools on being satisfied will issue a passport for admission to the test examination. No candidate will, however, be admitted unless he is identified to the satisfaction of the headmaster of the school at which he appears.

6. The headmasters of the institutions named above should direct candidates who appear at their schools to fill up the application form for permission to appear at the Matriculation Examination in their presence. These applications will be forwarded to the office of the Inspector of Schools. The Inspector of Schools will then countersign the applications of those candidates who pass the test and forward them to the candidates direct for transmission to the Registrar with the fees for the examination.

7. In no circumstances should the fee for the Matriculation Examination be sent to the Inspector's office. It should be sent to the Registrar by the candidates themselves, together with the countersigned applications.

8. The Matriculation Examination will be held in March 1926, and the applications and fees must reach the office of the Registrar on or before the date fixed by the University.

N.B.—A student who failed to pass the annual examination for promotion to class X at the end of the session of 1923 and then left the school can under no circumstances be allowed to appear at the examination.

Intermediate and B.A. Examinations.

1. Deputy Inspectors of Schools, Sub-Inspectors of Schools and *bonâ fide* masters of English schools, who have served as such for the full period of three academical years preceding the examinations, will be admitted to the abovementioned examinations.

2. Candidates for the Intermediate and B.A. Examinations must produce certificates of character and length of service from the Secretaries of their respective schools. Candidates for the B.A. Examination must forward with their applications their I.A. or F.A. certificates, and those for the Intermediate Examination, their Entrance or Matriculation certificates. Those candidates who were admitted to a former examination must produce the Registrar's receipt in addition.

3. Under section 19 of the Indian Universities Act, candidates for the Intermediate and B.A. Examinations are informed that their applications for admission to these examinations will not be considered unless they enclose with their applications to this office the sanction of the Senate to appear at the said examinations. Candidates who have applied for or have obtained the special permission of the Senate for the purpose are required, under section 9, Chapter XV of the Revised Regulations dealing with the registration of University students, to apply at once to the Registrar for the registration of their names as "University students." No person will be deemed a "University student" unless and until his name has been duly registered, and none but "University students" will be eligible for admission to any University examination other than the Matriculation.

4. The printed form of application should be carefully and correctly filled in and submitted to this office on or before the 1st January 1926, together with other papers mentioned in rules 2 and 3, after which no application will be received.

5. The examinations will be held on dates to be notified by the University. Application with the countersignature of the undersigned and fees for the examination must reach the office of the Registrar on dates to be fixed by the University and must be sent to that office by the candidates direct.

Notice.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after five years of admission. The second quinquennial valuation of the fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Central Revenues, Imperial Secretariat Buildings, Calcutta.

DEPARTMENT OF AGRICULTURE, BENGAL.

First Forecast of the Sugarcane Crop of Bengal, 1925-26.

(NOTE.—On an average of the five years ending 1923-24, the area under sugarcane in Bengal has represented some 7.6 per cent. of the total area under sugarcane in British India.)

Character of the season.—The weather at the outset was generally favourable, both for planting and for growth of the crop. Continuous wet weather during the months of April and May adversely affected the young plants in certain low-lying tracts of North and East Bengal. Light rainfall in June helped the growth and the present outlook of the crop is promising on the whole.

Area planted.—The total area planted with sugarcane for the province is reported to be 212,500 acres this year against 203,500 and 206,200 acres reported respectively in the corresponding and final forecasts of last year.

* Revised.

DEPARTMENT OF AGRICULTURE, BENGAL.**First Forecast of the Cotton Crops of Bengal, 1925-26.**

(NOTE.—On an average of the five years ending 1923-24, the area under the cotton crops in Bengal has represented some 0·2 per cent. of the total area-under cotton in India.)

There are two crops :—early and late. The “early” crop is chiefly grown in the Chittagong Hill Tracts and in the Tripura State, and to a small extent in other districts. The “late” crop is grown in Bankura and Midnapore. *As the “late” crop has not yet been sown, this forecast deals only with the “early” crop.*

Character of the season.—In West Bengal districts the weather was generally favourable throughout, while in East Bengal some difficulty was experienced at the sowing season owing to excessive rain. Later on moderate rain, however, improved the prospects and the present condition, so far, is satisfactory.

Area sown.—The area sown is reported to be 75,257 acres this year as against 75,348 acres reported in the corresponding forecast of last year.

**RESOLUTION ON THE REPORT ON THE POLICE ADMINISTRATION IN THE
BENGAL PRESIDENCY FOR THE YEAR 1924.**

GOVERNMENT OF BENGAL.

POLITICAL DEPARTMENT.

Police.

CALCUTTA, THE 28TH JULY 1925.

RESOLUTION—No. 2812Pl.

READ—

The Report on the Police Administration in the Bengal Presidency for the year 1924.

1. Mr. T. C. Simpson officiated as Inspector-General of Police throughout the year.

2. **Recruitment and Health.**—The total sanctioned strength of the subordinate ranks remained practically unchanged at 24,039, while the number of officers and men actually employed against this sanction had risen by the end of the year to 23,647. There must of course always remain a small margin between the two figures. This satisfactory result was due principally to the brisk recruitment to the rank of constable in which 2,461 men were enrolled, as against 1,839 in the previous year. Of the new recruits 726 were found locally, 48·8 per cent. of these being Muhammadan. The figures for communal proportion in the subordinate ranks as a whole show 32·6 per cent. Muhammadans above the rank of Assistant Sub-Inspectors and 29·3 per cent. Muhammadans in this and the lower ranks. There is no improvement to record either in point of general health or the adequacy of the leave reserve ; on the contrary the admissions to hospital have in fact increased by 2,000 in the last three years. Funds were at last found however for the purchase of an instalment of such necessities as waterproofs and quinine.

3. **Discipline.**—The Inspector-General gives much attention in his report to statistics bearing on the discipline and conduct of the force. The dominant features are a further heavy increase in the number of departmental punishments which have risen in two years from 8,855 to 12,145, accompanied by a decrease in the number of criminal cases brought against the police and of convictions in these cases. The number of convictions was only 36, the lowest on record, and amounted to less than 10 per cent. of the cases filed and pending during the year. There may at first sight seem something incongruous in the trend of these figures for departmental and judicial punishments, but the explanation may be taken to be that the efforts made in the last two years to tighten up discipline in the force are having a beneficial result on the relations of the force with the public. The Governor in Council sympathises with the Inspector-General of Police in his comments on the persistently disparaging attitude of a large section of the Press, which militates so seriously against the cultivation of a greater goodwill towards the police, whatever efforts the force may make to merit a favourable public opinion.

4. **Administrative changes.**—Several administrative changes of importance were made during the year, some in further pursuance of the policy of retrenchment and others due to the discovery that retrenchment had gone too far. It was found necessary for instance to re-open the classes for Sub-Inspectors at the Police Training College, Sardah, when the deplorable results of closing this avenue of training to young officers became apparent. Similarly the appointments of Additional Superintendents of Police at Tippera and Faridpur which had been held in abeyance had to be revived and a temporary Additional Superintendent was also posted to Mymensingh. On the other hand progress was made with a retrenchment measure which had necessarily taken time to work out, namely, the revision of thana

jurisdiction in order to abolish small thanas. Seven thanas were actually abolished during the year and twenty-eight in all are to be eliminated. This measure has however been consistently unpopular with local people. The system of pooling launches as a means to retrenchment reached its logical conclusion in the decision to transfer to the Marine Department all launches, other than those of the River Police, and also the River Police Dock-yard at Nabiganj.

A long overdue improvement in Railway Police administration was effected by making the jurisdiction of the Railway Police in Assam and Bengal coincide with the provincial boundaries, and this change necessitated opening a new Railway Police subdivision under an Assistant Superintendent at Chittagong.

Something was done to meet the difficulty of the inadequate leave reserve, and to afford training to Assistant Sub-Inspectors and head-constables for the higher ranks, by permitting the Inspector-General to entrust to such officers, within certain definite limits, the duties of Sub-Inspectors on leave. The cadre of the Asansol subdivision was separated from that of the Burdwan district. Much work was also done in the revision of inspection and training manuals.

5. Crime statistics.—The statistics for all offences against person, property and public tranquillity show 110,278 cases in 1924 as against 108,392 in 1923 and 44,314 persons before the Courts in the latter year as against 48,953 in the former. Notwithstanding this slight increase of cases in the returns as a whole, there are clear signs of an improvement in serious crime when the details are examined. For instance the total number of true cases of theft and burglary which are the index of professional crime decreased, respectively, from 33,863 to 31,865 and from 22,475 to 21,780, the percentage of decrease in these two categories as a whole exceeding 4 per cent. The number of burglaries in the year has in fact decreased by over 11,000 since 1919. There was a further decrease in the number of riots, which have been falling steadily since the disturbed period of 1921-22, and stood at 675 as against 759 in the preceding year. The crime of dacoity is still far from being reduced to its level in years before the war, and there was in fact a very slight increase in the number of cases committed during 1924, these numbering 631. The Inspector-General is able to state, however, that at the time of submitting his report the figures for dacoity in the current year show a marked reduction below those for the year under review; and the Governor in Council hopes for further results from the measures taken to counteract this peculiarly persistent form of crime. He recognises that retrenchment brought in its train the reduction of some elements in the force which were directly or indirectly of special value for this purpose. He has read with interest the Inspector-General's remarks on the method of preparation of work programmes by Circle Inspectors, to which the measure of success in reducing crime already attained during the year is largely ascribed.

6. Village defence parties.—It has been a common complaint in the past that the police were hampered in coping with dacoity by the apathy of the public, and one of the most welcome features of the year has been the rapid spread of the village defence party movement. In the district of the 24-Parganas alone the number of such parties increased from 29 to 134. Valuable work was done by several of these parties in resisting, or following up, gangs of dacoits; and on more than one occasion a free fight with the criminals has ended in the death, or capture, on the spot of members of the gang. Along with the constitution of such recognised parties there are signs of a new spirit of independence and self-protection on the part of the villagers, and many instances have been reported where they rallied to the house of a neighbour who was attacked by dacoits. The Inspector-General of Police has done all he can, with the full approval of the Governor in Council, to foster the village defence party movement, and numerous leaflets explaining its advantages and giving instances of its success have been circulated. The spirit of co-operation with the local police which lies behind the movement has a value of its own; and the Inspector-General rightly observes that the bare fact of the existence of such a party in a village is likely to deter criminals from operating in the locality.

7. Criminal Investigation Department.—The Criminal Investigation Department, with its strength reduced by retrenchment, had heavy work to cope with in both its branches. Revolutionary crime occurred in the districts no less than in Calcutta, and unfortunately with greater impunity. The Chittagong district gained an unenviable notoriety by the murder of a Sub-Inspector in May and a revolutionary dacoity in September, following on the dacoity with shooting in the same district in the previous year. The dacoity in September did not come before the Courts and the other two cases ended in acquittal. The difficult task of carrying out initial action under the Ordinance simultaneously and with secrecy in all districts on the 25th October was successfully accomplished; and from this point the outbreak of revolutionary crime diminished. Another important incident in which the police were faced with political animus and revolutionary activity was the Satyagraha movement at Tarakeshwar. The section of the Criminal Investigation Department which deals with organised criminal gangs and expert swindling had a number of important cases under investigation. A formidable wave of dacoity in the Gaibandha subdivision was checked by intensive methods, and enquiries were made into a series of frauds on the telegraph money order system.

8. Special Police Forces.—The river police continued its activities on a restricted scale; and the prevalence of river dacoities in the Khulna district goes to show that the retrenchment of this force has gone far enough. Statistics of railway crime show no marked variation, but a decrease is reported on the East Indian Railway; and the Inspector-General reports that the recent introduction of the watch and ward staff on this line has already reduced crime in the railway yards. A disquieting incident, the investigation of which reached no final result, was the attempt to derail the Darjeeling mail in November. The Eastern Bengal Frontier Rifles were inspected for the first time by the General Officer Commanding Presidency and Assam districts with flattering results. Officers and men are to be congratulated, on the General's opinion that they would render a good account of themselves if employed in a purely military capacity alongside regular troops.

9. Chaukidari.—Special interest attaches to the chankidars at a time when the responsibility of the village authorities for the village watch is being evolved from the old system of control by the police and the Magistrate. As was to be expected, difficulties have sometimes been experienced in the adjustment of functions between the police and Presidents of union boards. The latter, for instance, regarding the chaukidar as primarily a village servant are apt to view with disfavour his employment on police patrols, while the thana officer cannot dispense with his assistance on this essential function. Though patrol work may take the chaukidar beyond his own beat, co-operation of this kind contributes of course to the security of all villages alike. It is a remarkable feature that in the same report, in which the Inspector-General has so much to say for village defence parties, he should have to record more than one instance of the chaukidar playing the role of dacoit, and his plea for more discrimination in the selection of chaukidars by the union boards seems well-founded. The low level of pay of course leaves a very limited field, though the statistics of the number and cost of chaididars indicate a slight tendency to increase the pay while reducing their numbers. The average cost per head of the chaididari force, numbering 81,220 in the year under review, amounted to Rs. 70.44 as against Rs. 69.95 in the previous year. It is an unsatisfactory feature to find an unexpended balance of nearly a lakh of rupees in the reward fund at the end of the year. The attention of the Governor in Council has recently been drawn to the want of any proper audit for the equipment fund, which is also believed to show an unnecessarily high balance. The chaukidari system in union board areas is still being conducted largely under the manual prepared for the Chaukidari Act; and confusion inevitably results. It is hoped to remedy this state of affairs before long by the preparation of a new chaukidari manual for union board areas, with the special object of making clear to the Presidents of union boards their responsibilities in the supervision of the chaukidari force.

10. **Finance and Policy.**—The outstanding feature in police finance is that the expenditure for the year 1924-25 was no less than ten lakhs of rupees below the budget provision for the previous year. That provision itself was fixed at a time when retrenchment was in the air: and on this basis the police may fairly claim a contribution approaching ten lakhs to the efforts for retrenchment in provincial expenditure as a whole. Unfortunately just at the moment when retrenchment measures began to show their results, their effect has been obscured by the new demands made on the Bengal Police by the political situation. Nothing has yet been done to remedy effectively the want of proper housing for the District Police, and the Bengal Police have not the advantage enjoyed by the Calcutta Police in being able to show that a building loan would be remunerative on a purely financial basis. They can only put forward the complaint that a force which by the very nature of its duties is required to keep fit, and which it pays to keep fit, is still housed in cramped and unhealthy quarters, sometimes mere shanties, which have been more often condemned than repaired. It is reasonable enough for the force to expect that measures should be taken to remedy this evil once for all by a far-sighted building scheme; and discouraging as the attitude of the legislature to police housing has often been, the Governor in Council trusts that if such a scheme proves financially practicable it will be received in a friendly spirit.

11. The Governor in Council has read with pleasure the list of officers whose good services have been brought to his notice and desires to congratulate the Inspector-General and his force on the year's record. He particularly appreciates the patience displayed by all ranks in the face of prolonged provocation at Tarakeswar, and the improvement in the criminal statistics.

ORDER—Ordered that copies of the resolution be forwarded to the Inspector-General of Police, Bengal, Commissioner of Police, Calcutta, and all Commissioners of Divisions, for information.

Ordered, also, that the resolution be published in the *Calcutta Gazette*.

DACCA, the 13th August 1925.

J. C. RAY, for Director of Agriculture, Bengal.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 12th August 1925.

Summary.—During the week the rainfall was generally light except in parts of Rajshahi and Chittagong Divisions where the fall was moderate. Transplantation of winter paddy seedlings continues, but the operation is being retarded owing to want of sufficient rain, especially in West Bengal districts. Harvesting of autumn paddy and cutting, steeping and washing of jute are going on. The condition and prospects of standing crops are generally fair. The average price of common rice for the province has risen by about 0·71 per cent. as compared with that of the previous week.

			Total	29

A separate announcement will be made regarding the number of appointments to be made to the Upper Division of the Secretariat Clerical Service.

No. 9173A.—The 15th August 1925.—In notification No. 6548A., dated the 26th June 1925, wherein rules to regulate the recruitment by examination for certain Provincial and other services in Bengal were published, it was stated that a separate announcement would be made regarding the medical examination of candidates and the physical standards to which they would be required to conform. It is accordingly notified hereby that candidates selected for appointment after the examination will, before appointment, be called upon to satisfy a Medical Board as to their fitness for appointment to Government service, and will be required to conform to the physical standards laid down in the regulations subjoined.

These regulations are published for the convenience of candidates and in order to enable them to ascertain the probability of their coming up to the required physical standard. But it must be clearly understood that the Governor in Council reserves to himself an absolute discretion to reject as unfit any candidate whom he may consider, after hearing the opinion of his medical advisers, to be physically disqualified for the public service; and that his discretion is in no respect limited by these regulations.

Regulations as to the physical examination of candidates for appointment to the Bengal Civil Service (Executive), the Bengal Excise Service, the Bengal Police Service, the Subordinate Civil Service, the Income Tax Department, the Subordinate Excise Service and the Upper Division of the Secretariat Clerical Service.

General physical requirements.

I. A candidate must be in good mental and bodily health, and free from any physical defect likely to interfere with efficient performance of duty.

II. In the examination of candidates the Medical Board will apply the following table of correlation of age, height and chest girth :—

Age.	Height without shoe.	Chest measurement on full expiration.	Chest measurement on full inspiration.
	Inches.	Inches.	
21 and upwards	62½ and under 65	30	32
	65 " 68	31	33
	68 " 70	32	34
	70 " 72	33	35½
	72 and upwards	34	36½

III. Measurement of chest.—The candidate will be made to stand erect with his feet together and to raise his hands above his head. The tape will be carefully adjusted round the chest, with its posterior upper edge touching the inferior angles of the shoulder blades, and its anterior lower edge the upper part of the nipples. The arms will then be lowered to hang loosely by the side, and care will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to empty his chest of air as much as is possible. This is best done by continuous whistling with the lips as long as sound can be produced. The tape is carefully gathered in during the process, and when the minimum measurement is reached it is recorded. The candidate will then be directed to inflate his chest to its utmost capacity. The maximum measurement will likewise be noted. The girth with the chest fully expanded and the range of expansion between the minimum and maximum will then be recorded. In all doubtful cases the functional capacity of the lungs may be tested by means of the spirometer. The minimum vital capacity as tested by the spirometer shall in no case be below 180 cubic inches.

IV. The hearing must be good.

V. The speech without impediment.

VI. The teeth in good order, *i.e.*, decayed or broken teeth must be properly stopped or crowned, and deficient teeth replaced by artificial teeth, where necessary, for effective mastication.

VII. The chest must be well formed, the lungs and heart sound.

VIII. Rupture, hydrocele, varicocele, varicose veins in a severe degree, or other condition likely to cause inefficiency will disqualify a candidate, unless such condition is cured by operation. Where any candidate has been rejected and has subsequently undergone one or other operation for hernia, hydrocele, varicocele, or varicose veins, the Board may pass him provided they are satisfied that the condition has been radically cured.

IX. The limbs, feet, and toes must be well formed and developed, with free and perfect motion of all the joints.

X. A candidate must have no congenital malformation or defect likely to interfere with efficiency.

XI. A candidate must not be subject of chronic skin disease.

XII. Evidence of previous acute or chronic disease pointing to an impaired constitution will disqualify.

Standard of minimum acuteness of vision required for appointment in the Provincial Services.

Better eye
Vision = $\frac{6}{8}$.

Worse eye.
Vision = $\frac{6}{8}$.

after correction with glasses, and there are no morbid changes present in the choroid or retinae.

2. Cases of myopia with posterior staphyloma may, however, be admitted, provided ametropia in either eye does not exceed - 2.5 D and no morbid changes are present in the choroid or retinae.

A candidate of twenty-five years of age or over may be admitted, provided ametropia in either eye or both eyes does not exceed - 3.5 D, and provided his corrected vision reaches $\frac{6}{8}$ in each eye.

3. Candidates with hypermetropia may be admitted provided,—

Better eye
Vision = $\frac{6}{8}$

Worse eye
Vision = $\frac{6}{8}$

after correction with glasses.

4. In cases of defective vision due to nebula of the cornea, the candidate will be rejected.

5. Squints or any morbid conditions subject to risk of aggravation or recurrence in either eye may cause rejection of a candidate.

6. Colour vision need not be taken into account.

Form of medical certificate for candidates for appointment to the Bengal Civil Service (Executive), the Bengal Excise Service, the Subordinate Civil Service, the Income Tax Department, the Subordinate Excise Service and the Upper Division of the Secretariat Clerical Service.

The attention of the Medical Board is specially directed to the following :—

No person will be deemed qualified for admission to the service who shall not satisfy Government that he has no disease, constitutional affection or bodily infirmity, unfitting him or likely to unfit him, for the service. It should be understood that the question of

fitness involves the future as well as the present and that one of the main objects of medical examination is to secure continuous effective service, and in the case of candidates for permanent appointment to prevent early pension. It is at the same time to be noted that the question is one of the likelihood of continuous effective service, and that the rejection of a candidate need not be advised on account of the presence of a defect which in only a small proportion of cases is found to interfere with continuous effective service. Before filling up the form it should be ascertained from the candidate whether he has been previously pronounced unfit for Government service by any duly constituted medical authority in India or elsewhere.

Amendments.

For rules 2, 3 and 5 substitute the following :—

2. The union board shall first prepare, village by village and in Form No. 1, a list of all persons owning or occupying buildings, whether with or without land appertaining thereto, in the union, either permanently or temporarily, showing their trade, business, etc., within the union and the estimated annual income which they derive from buildings or other property or business within the union. All such persons shall be included in the list, even if some are subsequently exempted.
3. The board shall, after considering his debts and liabilities, if any, determine the total assessable income of the person concerned, *i.e.*, the income which he derives from business conducted, or from buildings or other property held, within the union.
5. No person shall be assessed who does not own or occupy a building within the union. A person, who, though liable to pay the rate, does not reside within the union, shall be assessed on the buildings which he owns or occupies within the union, and on any income which he derives from business conducted, or from landed or other property held, within the union.

Explanation.—Ownership or occupation includes part ownership or occupation, and ownership or occupation of a building or part of a building for any portion of the year shall render the owner or occupier liable to pay the rate.

Note.—A person should be deemed to be in occupation of a building who pays the rent of the building directly or indirectly.

No. 2564 L.S.-G.—The 15th August 1925.—The following draft of a notification which the Governor in Council proposes to issue under the Bengal Local Self-Government Act, 1885 (Bengal Act III of 1885), is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on the 8th October 1925, and any objection or suggestion which may be received by the undersigned through the District Magistrate and the Commissioner of the Division before that date will be duly considered :—

Draft Notification.

In exercise of the power conferred by clauses (g) and (l) of section 138 of the Bengal Local Self-Government Act of 1885 (Bengal Act III of 1885), the Governor in Council is pleased to direct that the following amendment be made in the rules published with notification No. 1415 L.S.-G., dated the 16th May 1914, at page 216 of Part IB of the *Calcutta Gazette* of the 20th idem :—

In rule 9 A of the said rule, *substitute* the words “four months” for the words three months ”.

No. 2570 M.—The 15th August 1925.—In pursuance of section 16, read with clause (d) of sub-section (2) of section 14 of the Calcutta Burial Boards Act, 1889 (Bengal Act IV of 1889), the Governor in Council is pleased to nominate Babu Santa Bux Lall to be a member of the Burial Board for Calcutta for the Hindu community, *vice* Babu Etwari Ram, deceased.

No. 2572 M.—The 15th August 1925.—In exercise of the power conferred by clause (i) of section 59 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), the Governor in Council is pleased to approve the resolution passed by the Commissioners of the Jamalpur Municipality, in the district of Mymensingh, under section 27 of the Act, electing Babu Sasi Mohan De, B.L., to be Chairman of that Municipality, *vice* Maulvi Ashraff Hossain, on leave.

No. 2518 M.—The 12th August 1925.—The following by-laws made by the Finance, Estates and General Purposes Standing Committee of the Calcutta Corporation, under section 478 (28) of the Calcutta Municipal Act, 1923 (Bengal Act III of 1923), have been confirmed by the Corporation and sanctioned by the Governor in Council in accordance with the provisions of section 482 (1) of that Act, and are hereby published for general information in accordance with section 486 of the said Act :—

By-laws.

By-laws under section 478 (28) of the Calcutta Municipal Act (B.C. III), 1923, providing for the protection of lamps, lights, gas-pipes, electric wires and all other appurtenances necessary for the lighting of public streets and municipal markets and buildings and regulating the manner in which gas-pipes should be laid, etc.

1. No person shall, without lawful authority, take away or wilfully break, throw down or otherwise damage—
 • Prohibition of removal, etc., of lamps, etc.

(a) any lamp, bracket, lamp post or any appurtenances thereof set up for lighting, in any public street, or municipal market, or in or on any building vested in the Corporation;

(b) any electric wire or gas-pipe or any appurtenances thereof for lighting any such lamp;

(c) any post, pole, standard, stay strut bracket, or other contrivances for carrying, suspending, supporting any such electric wire or gas-pipe or lamp.

2. No person shall without lawful authority light or cause to be lighted any such lamp or without such authority or any reasonable excuse extinguish or cause the same to be extinguished.

3. (1) No gas-pipe shall be laid in a drain or on the surface of an open channel or house-gully.
 Gas-pipes, how to be laid.

(2) Gas-pipes shall be laid at the greatest practicable distance from water-pipes, having regard to the width of the street; and where the width of the street will allow of it the said distance shall not be less than four feet.

(3) When it is necessary for a gas-pipe to cross a water-pipe, the gas-pipe shall, if practicable, be laid above the water-pipe and the difference in the depth of the two pipes shall be as great as practicable.

(4) A gas-pipe so laid shall be at least nine feet in length, and shall be so placed as to form, as nearly as the situation will admit of, (a) a right-angle with the water-pipe, and (b) in such a manner that no joint in the gas-pipe will be nearer to any water-pipe than four feet :

Provided that in case it is found impracticable to comply with the provisions of this sub-section, the matter shall be reported to the Corporation by the person or persons laying the gas-pipe.

(5) The greatest practicable distance shall be kept between a water-pipe and a gas-pipe which crosses it ; and the gas-pipe shall, throughout its entire length, be sufficiently bedded in with good sound clay or other fit material of a proper consistence, which shall be well worked and rammed into a trench all round the gas-pipe.

(6) If any gas-pipe be laid in any way contrary to the aforesaid provisions, the Corporation may by written notice require the person owning such gas-pipe or under whose order or management the pipe has been laid to make such alteration with respect to such pipe as they may think necessary within a specified time and in default of compliance with such notice, the alteration may be effected by the Corporation and the cost thereof shall be recovered from such person without prejudice to the right of the Corporation to enforce any penalty for breach of this by-law.

4. The Corporation may, even if the gas-pipe has been laid in accordance with the provisions aforesaid, at any time for any of the purposes of this Act, if it appears to them necessary and practicable to do so, by written notice require the owner of any gas-pipe or of any other gas-work already existing in any street, to raise, sink, or otherwise alter the situation of such pipe or work at the cost of the Corporation.

5. Whoever contravenes any provision of any of the above by-laws shall be punishable with fine which may extend to Rs. 50 and in case of continuing breach with fine which may extend to Rs. 10 for every day during which the breach continues after conviction for the first breach.

The Kamarhatty, Belgharia and Agarpara Electric License, 1925.

NOTICE is hereby given that the Calcutta Electric Supply Corporation, Limited, have applied for a license under the Indian Electricity Act for the supply of electrical energy to the public within the areas of the Kamarhatty, Belgharia and Agarpara Municipalities for the purposes and upon and subject to the terms and conditions set forth in the draft license of which the following is a copy :—

Draft License.

THE KAMARHATTY, BELGHARIA AND AGARPARA ELECTRIC LICENSE, 1925.

License for the supply of energy granted by the Government of Bengal under the Indian Electricity Act, 1910.

License is hereby granted to the Calcutta Electric Supply Corporation, Limited, a Company registered in England under the English Companies Acts and having its Registered Office in London, to supply electric energy in the area with the powers and upon the terms and conditions all specified below :—

Short Titles.

1. This License may be cited as "The Kamarhatty, Belgharia and Agarpara Electric License, 1925."

Interpretation.

2. The several words, terms and expressions to which by the Indian Electricity Act, 1910, or by the Rules thereunder meanings are assigned, shall have in this License the same respective meanings, provided that in this License—

- (1) The Act shall mean the Indian Electricity Act, 1910.
- (2) The expression "the Licensees" shall mean and include the said Calcutta Electric Supply Corporation, Limited, and their permitted assigns.
- (3) The expression "deposited map" shall mean the plan of the area of supply hereinafter specified which has been deposited with the Local Government in pursuance of the Rules under the Act, which plan is signed for the purpose of identification by the Secretary to the Government of Bengal in the Public Works Department and by the Acting Agent and Chief Engineer of the Licensees.

Security.

3. The period within which under clause 1 (a) of the Schedule to the Act the Licensees shall show to the satisfaction of the Government that they are in a position fully and efficiently to discharge the duties and obligations imposed upon them by this License throughout the area of supply shall be three years and the period within which under clause 1 (b) of the Schedule to the Act the Licensees shall deposit or secure such sum as therein mentioned, and the sum so to be deposited or secured shall, unless otherwise ordered by the Government under that clause, be three months after the notification of this License and Rs. 5,000 respectively.

Area of supply.

4. The area above referred to within which the supply of energy is authorised by this License (the area of supply under the Act) is the whole of the area bounded as follows :—

BOUNDARIES :

North—By Peari Boston's Ghat Road and Agarpara South Station Road.

East—By E. B. Railway line.

South—By Areadaha Feeder Road.

West—By the Hooghly River.

The said area is shown coloured red on the deposited map. .

Limits within which the supply of energy is to be compulsory.

5. (1) The works to be executed to the satisfaction of the Government under clause 4 of the Schedule to the Act are the Feeders, Distributors and Main in the public streets (within the municipal boundaries of Kamarhatti, Belgharia and Agarpara). The Generating Station from which the supply is to be taken is situated at Cossipore outside the area of supply, but a Transformer Station will be constructed within the said area.

(2) If the Licensees fail to comply with the provision of sub-clause (1) the license may be revoked.

Limits of price to be charged in respect of the supply of energy.

6. The prices to be charged by the Licensees for energy supplied by them shall not exceed the following maxima, namely :—

At the following rates per quarter :

For Lighting purposes.

For any quantity up to 20 units Rs. 20 only, and for each unit over 20 units, annas eight only.

For purposes other than lighting.

Annas four only per unit.

Purchase of undertaking.

7. (1) The option of purchase given by section 7 of the Act shall first be exercisable on the 20th day of October 1938, and on the expiration of every subsequent period of 10 years. The percentage of the value to be determined in accordance with and for the purpose of section 7 (1) of the Act of the lands, buildings, works, materials and plant of the License therein mentioned to be added under the second proviso of that sub-section to such value on account of compulsory purchase shall be 20 per cent.

(2) In accordance with section 3, sub-section (2), clause (d) (ii) of the Act, it is hereby declared that the Generating Station to be used in connection with the undertaking shall not form part of the undertaking for the purpose of purchase under section 5 or section 7.

GOVERNMENT OF BENGAL.

PUBLIC WORKS DEPARTMENT.

CALCUTTA, THE 12TH AUGUST 1925.

RESOLUTION—No. 1150R.

THE Government of India have hitherto maintained an all-India list of high officials of Government entitled to reserved accommodation (special trains and carriages) when travelling by rail. Since the introduction of the Reforms, Local Governments and Administrations exercise full powers of sanction in the matter of such accommodation, except when it is proposed to incur expenditure upon carriages to be specially reserved for such officials. The Government of India in their Resolution in the Railway Department No. 824T., dated the 15th June 1925, have laid down a scale of reserved accommodation for the officials of the Central Government only, and it is now necessary for the Government of Bengal to prepare and maintain a list of their own officials who are authorised to requisition for such accommodation.

2. The following officials are provided with the accommodation shown against them :—

His Excellency the Governor of Bengal	...	One saloon and one combined cooking and dining saloon (both standard gauge); also one saloon and one combined cooking and dining saloon (both metre gauge).

No. F.-212-C.S.R.-25.—The following Resolution by the Secretary of State for India in Council is published for general information :—

In exercise of the powers conferred by sub-section (2) of section 96B of the Government of India Act, the Secretary of State in Council, with the concurrence of the majority of votes at a meeting of the Council of India held on 16th July 1925, hereby makes the following amendments of the Fundamental Rules, namely :—

For Rule 20 of the said Rules there shall be substituted the following, namely :—

“ 20. When a Government servant is treated as on duty under Rule 9 (6) (b) the Local Government may, at their option, authorise payment to him of the pay of his substantive appointment, or of any lower rate of pay which the Local Government may consider suitable. If the duty consists in a course of training or instruction the pay admissible may, if the Local Government so direct, be, instead of either of the rates just specified, the pay of any officiating appointment held by the officer at the time he was placed on such duty, but this rate of pay shall not be allowed for a period longer than that for which the officer would have held the officiating appointment had he not been placed upon a course.”

COMMERCE.

Simla, the 8th August 1925.

No. 236-C. (2).—In pursuance of sub-section (2) of section 1 of the Cotton Ginning and Pressing Factories Act, 1925 (XII of 1925), the Governor-General in Council is pleased to appoint the 8th August 1925, as the date on which the said Act shall come into force.

No. 236-C (2).—In exercise of the power conferred by section 12 of the Cotton Ginning and Pressing Factories Act, 1925 (XII of 1925), the Governor-General in Council is pleased to make the following rules:—

1. (1) These rules may be called the Indian Cotton Ginning and Pressing Factories Rules, 1925.

Short title and commencement.

- (2) They shall come into force on the eighth day of August 1925.

2. In these rules—

Definition.

“Act” means the Cotton Ginning and Pressing Factories Act, 1925;

“Section” means a section of the Act.

3. The owner or lessee of every cotton pressing factory shall apply to the authority appointed to receive returns under sub-section (1) of section 5 for the allotment of the mark required by section 4 to be used for such factory. Such application shall be made, in the case of factories in existence at the commencement of these rules, on or before the 1st September 1925, and, in case of factories constructed thereafter, not less than one month before work commences in the factory:

Provided that the authority aforesaid may at any time allot the mark to be used in a factory in respect of which no application has been made and may intimate the allotment to the owner of such factory.

4. (1) The special mark allotted to each factory shall consist of a letter denoting the province in which the factory is situated together with a number denoting the factory.

Special mark.

- (2) The letters denoting the province shall be as follows:—

For presses situated in the Madras Presidency the letter	... M.
For presses situated in the Bombay Presidency, excluding Sind, the letter	... B.
For presses situated in Sind the letter	... S.
For presses situated in Bengal the letter	... L.
For presses situated in the United Provinces the letter	... U.
For presses situated in the Punjab the letter	... P.
For presses situated in the Central Provinces the letter	... C.
For presses situated in Bihar and Orissa the letter	... Q.
For presses situated in Assam the letter	... A.
For presses situated in the North-West Frontier Province the letter	... F.
For presses situated in Ajmer-Merwara the letter	... J.
For presses situated in Delhi the letter	... D.

- (3) The numbers denoting the factory shall run consecutively within each province.

5. No special mark once allotted shall be transferred to another factory:

Marks not transferable.

Provided that when a press is transferred from one province to another, the original allotted mark shall no longer be used and application shall be made to the prescribed authority for the allotment of a fresh mark.

6. The serial number shall consist of two parts. The first part shall consist of two

Serial No.

numerals being the last two integers of the calendar year in which the cotton year has commenced and the second

part shall be the running number of the bale according to the press factory register. A new series of running numbers shall be started at the commencement of each cotton year. The cotton year shall commence on the 1st day of September in each calendar year and shall terminate on the thirty-first day of August next following, except in the Madras Presidency where the dates for the commencement and ending of the cotton year shall be the first day of February and the 31st day of January respectively.

7. On and after the 1st October 1925, every bale of cotton pressed in a cotton pressing factory shall be marked in the following manner :—

The special mark and the two integers denoting the cotton year shall be indelibly punched or stamped on any part of the central hoop of the bale in such a manner as to be clearly decipherable. *Manner of marking.* Provided that if the bale is lashed with less than three hoops the marks shall be punched on either of the hoops (if two hoops be used) or near the middle of the hoop if one hoop only be used. The letters and numbers used shall in no case be less than one-quarter-of-an-inch in length ; English letters and numbers only shall be used.

The running number of the bale shall be punched or stamped on the hoop as described above shall be stencilled in ink on the hessian covering of a lashed flat side of the bale in such a manner as to be clearly decipherable, English numbers only being used which shall not be less than two inches in length.

The following order shall be observed for marks punched on the hoops :—

Number denoting factory—letter denoting province—numerals denoting cotton year.

If the running number be punched on the hoop it shall follow the second of the two numbers denoting the cotton year and separated from it by a star. Where the running number is stencilled on the hessian a star shall be placed before the first integer and after the last integer.

Illustration.

A bale of cotton pressed at a factory in the Bombay Presidency in February 1926 would be marked in either of the following ways :—

In this mark 161B is the factory mark, B denoting the province and 161 the number allotted to the factory ; 25* 3456 is the serial number, 25 denoting the cotton year commencing on September 1st, 1925, and 3456 the running number of the bale pressed in the factory.

Note.

(i) In order to reduce to the minimum any risk of weakening the hoops by the punching or stamping of marks it is advisable to place the numbers and letters as in diagram (a) and not as in diagram (b).

Secretary to the Government of India.

The 8th August 1925.

No. F.-84-25.—In supersession of the orders contained in the Home Department notification No. F.-365-24-Esta., dated the 5th February 1925, and in pursuance of sub-section (2) of section 86 of the Government of India Act, the Secretary of State in Council, on the recommendation of the Governor-General in Council, has been pleased to grant to His Excellency Sir John Henry Kerr, K.C.S.I., K.C.I.E., Governor of Assam, leave of absence for urgent reasons of health and of private affairs for a period of four months, with effect from the afternoon of the 11th August 1925.

H. TONKINSON,

Joint Secretary to the Government of India.

The main feature of the proposals was that pensions were to be increased by 50 per cent., of which, however, 20 per cent. only was to be a permanent increase and the remaining 30 per cent. was to be definitely guaranteed up to 31st December 1929, by which time the results of the next valuation should be known.

The surplus was not in itself sufficient to provide for a permanent increase of the full 50 per cent., and in view of the large amount of the temporary increase which was recommended, subscribers and beneficiaries may feel some anxiety as to the prospects of the continuance of this large increase after 1929. It may, therefore, be desirable to indicate the circumstances in which the enhanced rates of pensions may be expected to be maintained.

As stated above, the accrued profits were sufficient to provide for a permanent increase of 20 per cent. and a temporary increase of 30 per cent. in pensions in respect of existing subscribers and beneficiaries. In the case of future subscribers, the permanent increase can be provided by increasing the rates of subscription by $12\frac{1}{2}$ per cent. The position of these subscribers is referred to in more detail in my letter of 21st May. The sums required for the continuance of any increase in excess of 20 per cent. after 31st December 1929 must, therefore, be obtained from time to time out of profits earned and disclosed at the periodical valuations.

The profits which normally accrue to the Scheme in an inter-valuation period arise from :—

- (1) interest earnings on the accumulated funds in excess of interest at the rate assumed in the valuation ;
- (2) the balance of various items of profit and loss resulting from differences between the actual experience of the scheme in the inter-valuation period and the assumption made in the valuation as to the rates of mortality, marriage, retirement, etc., expected to prevail in the period.

It should be pointed out that, owing to the changes made in the valuation basis, which, as explained in the Valuation Report, has been brought as nearly in accord with the actual experience of the Scheme as is compatible with safety, future profits under heading (2) above will probably be relatively smaller than they have been in the past. Unless, however, the rates of mortality, etc., take a violent and unexpected course adverse to the scheme, the profits accruing from these elements may be expected still to be appreciable.

The principal source of profit, however, lies in the rate of interest. So long as the valuations are made on a 4 per cent. basis and the interest earnings are at $5\frac{1}{2}$ per cent., it is clear that substantial profits will continue to accrue in increasing importance as the balance at the credit of the scheme grows. It would, nevertheless, be improper to make a large permanent addition to the benefits of the scheme on the basis of hypothetical future profits, with the result that any adverse fluctuation would throw the Scheme into deficiency. The correct course is, clearly, to make such permanent addition as can undoubtedly be justified without endangering the solvency of the scheme, and to make further additions to benefits as profits are realised.

On this it may be said that, so long as the rate of interest credited to the scheme remains as high as 5 per cent. (the present rate being $5\frac{1}{2}$ per cent.), it would appear that, in the absence of any unforeseen circumstances, there is no reason to doubt that the results of future valuations will enable the increase of 50 per cent. in benefits to be continued for further periods. After each valuation the question will arise as to whether the permanent increase of 20 per cent. should not be added to with a corresponding diminution in that part of the pension which is granted by way of temporary increases and which is dependent for its continuance upon future profits.

ALFRED HENRY,

Under Secretary of State for India.

Simla, the 6th August 1925.

No. F.-294-24.—With reference to the Home Department notification No. F.-294-24-Ests., dated the 1st June 1925, the following resolution made by the Secretary of State

immediately before, the commencement of the new scheme. Not only would the latter pay a smaller basic contribution for the same pension benefits, but he would in addition receive a rebate on this contribution. He would thus be placed in an exceptionally favourable position compared both with the later entrant and with the older subscribers, to whom the surplus mainly belongs. The proposal for a differential rate of reduction in the various classes appears to be the only way of securing rough equity in a benefit of this nature.

If the current reduction of $12\frac{1}{2}$ per cent. in contributions is continued up to 30th June 1925 to all subscribers, and as from 1st July 1925 the following scheme substituted—

a permanent reduction of $12\frac{1}{2}$ per cent. to subscribers in Classes I and II on the valuation date,

a permanent reduction of 6 per cent. to subscribers in Classes III and IV on the valuation date,

(the reduction remaining at 6 per cent. when these subscribers reach Classes II and I),

no reduction to subscribers in Class V on the valuation date or to later entrants (who would continue on full rates throughout Classes IV to I) a possible allocation of surplus would be as follows :—

	£
Value of permanent increase of 20 per cent. in pensions as from 1st January 1925	583,022
Value of temporary increase of 30 per cent. in pensions during the five years 1st January 1925 to 31st December 1929	91,320
Value of total reductions in contributions of subscribers in Classes I-IV inclusive, as from 1st April 1923, as described above	68,200
Value of 6 per cent. reduction in contributions of subscribers in Classes III and IV between 1st April 1923 and 30th June 1925 (say)	2,000
Value of $12\frac{1}{2}$ per cent. reduction in contributions of subscribers in Class V between 1st April 1923 and 30th June 1925 (say)	1,200
Balance of surplus to be carried forward	3,815
Total surplus	<u>749,557</u>

The balance of 3,815£. would be insufficient to provide any appreciable reduction in donations, but apart from this the practical equity of any such allowance is a matter for consideration. An existing subscriber marrying after the scheme comes into force would receive a substantial advantage over a subscriber who married immediately before, and the latter would probably feel, not unjustifiably, that he had some ground for dissatisfaction. I feel, therefore, that the request for this reduction should not be granted.

The values of the increases in benefit shown in the above scheme are based on the assumption that the total cost of the increase is to be borne by the Fund.

I have assumed throughout my remarks that for new entrants after 30th June 1925 the tabular rate of subscription will be increased by $12\frac{1}{2}$ per cent., and that they will be entitled to the full increased pension benefits.

Entrants since the valuation date have, of course, been paying the reduced contribution, and so will have given rise to some loss. It would, therefore, seem desirable, if practicable, to charge these subscribers the full revised rate as from 1st July 1925.

I have, etc.,

ALFRED HENRY,

Under Secretary of State for India.

ENCLOSURE No. 2.—*Letter from the Deputy Government Actuary, dated 18th June 1925.*

Treasury Chambers, Whitehall, S.W. 1, 18th June 1925.

Sir,

In my letter of 21st May last I included a statement showing under various heads the estimated cost of a proposed scheme for the distribution of the surplus disclosed by the valuation as at 31st March 1923 of the Indian Civil Service Family Pension Scheme.

7. With regard to the position of future European entrants, I note with satisfaction the general agreement, both on the part of Your Excellency's Government and on that of the various Service Associations, with the view expressed in my Despatch of 28th August last, No. 5, Accounts, that they should be admitted to the present Scheme. I observe, moreover, that it is generally held to be desirable that they should subscribe at enhanced rates for the same benefits as existing members. I have accordingly decided that European entrants into the Service after this date shall subscribe at rates $12\frac{1}{2}$ per cent. in excess of the present tabular rates. The increase will not apply to donations.

It will be seen from the Deputy Government Actuary's letter of 21st May that it was contemplated in the calculations that all entrants since the valuation date, 31st March 1923, would pay the full subscriptions necessary to secure for their dependants the benefits which those of earlier subscribers will receive in virtue of the surplus, that is to say, $12\frac{1}{2}$ per cent. above tabular rates; and he recommends that they should be charged these enhanced rates from the 1st July 1925. I recognise that any concession to this body of individuals will represent an anticipation of future profits, which might otherwise have been used to make permanent some portion of the temporary increase sanctioned above. But, while I regret any action which may have the effect of retarding or preventing the fixation of that increase, I feel that, as no warning was given to these officers that they would be subject to conditions differing from those applicable to their immediate predecessors, it would be harsh to make any distinction now. Their numbers are small, and the financial effect of the concession will not be serious. I have, therefore, decided that they shall be treated in the same manner as subscribers who on the valuation date were in Class V.

8. I concur in the view expressed by the Actuary to the Government of India, and endorsed by Your Excellency's Government, that the provision for future Indian members of the service can most suitably be made in the form of a Provident Fund, to which assistance should be granted from Indian Revenues equivalent, as nearly as can be ascertained, to that granted to European members under the Indian Civil Service Family Pension Regulations. The preparation of a detailed scheme will be taken in hand without delay, and the results forwarded on completion for your observations. Meanwhile, Indian entrants must continue to subscribe under the Indian Civil Service Family Pension Regulations, subject to the special conditions now in force.

9. I request that you will publish this Despatch, with the Actuary's letters of 21st May and 18th June, in the *Gazette of India*, and advise me by telegram of the date of publication. Copies of the amended Regulations will be furnished as soon as possible.

I have the honour to be,

My Lord,

Your Lordship's most obedient humble Servant,

(Signed) BIRKENHEAD.

ENCLOSURE No. 1.—*Letter from the Deputy Government Actuary, dated 21st May 1925.*

Treasury Chambers, Whitehall, S. W. 1, 21st May 1925.

Sir,

Indian Civil Service Family Pension Scheme.

I have to acknowledge receipt of Mr. Turner's letter of 12th instant (A. G.-5598—25) regarding the proposals made for the distribution of the surplus revealed by the valuation of the above Scheme as at 31st March 1923, and to refer to my Report, dated 22nd March 1924.

The position of the new entrant in relation to the scheme adopted for the distribution of surplus among the existing members must be considered with regard to the source of the surplus and to the incidence of the distributed profits. If the distribution takes the form wholly of (a) a permanent increase in benefits of 20 per cent., and (b) a further temporary increase for five years, the real benefit of (b) will fall firstly to the incumbents and then mainly to the families of the older existing members. The new entrant pays for (a) in his enhanced contribution, and in the rare case in which (b) will actually accrue, the cost may be regarded as being provided out of current profits. The grant of (b) to a new entrant is, therefore, an anticipation of future profits, but this is unlikely to impose an undue strain on the finances of the Scheme.

If, however, the distribution also includes (c) a uniform reduction in the rate of contributions of all existing members, the incidence of the cost of which is radically different from that of (b), a relatively larger proportion of the surplus would be absorbed by the younger existing members, who would receive an immediate benefit. Clearly the contribution of the new entrant, which must be the equivalent of the total permanent benefit, cannot be reduced, and an anomaly would arise between the position of a subscriber who entered immediately after and that of a subscriber who entered

4. In all valuations prior to that made as at 31st March 1918 the rate of interest employed in the calculations was the same as that allowed on the balances, the permanence of which was in effect assumed. In the period immediately succeeding 1918, however, conditions were such that this assumption, perhaps too lightly made on previous occasions, was clearly untenable. The rate allowed on the balances was then $5\frac{1}{2}$ per cent.; but it was clear that so high a rate could not be anticipated throughout the period, possibly upwards of a century, which would elapse before the death of the last dependant of the existing subscribers. It was decided, therefore, to make the valuation at a rate of interest of 4 per cent., that being regarded as the highest figure which could prudently be assumed as likely to be realised, on average, during the period covered by the calculations.

The employment in the valuations of a rate considerably lower than that actually realised involves certain complexities. So long as the higher rate is received a considerable profit will accrue, and successive valuations may be expected, in the absence of any disturbing factor of the opposite tendency, to show a series of surpluses available for distribution in the form of increased pensions or reductions of subscription. These benefits may be declared either on a permanent basis or as temporary measures subject to reconsideration after the next valuation. Either course, pursued to the exclusion of the other, entails certain disadvantages. If the entire surplus is distributed in permanent form the result will be that present benefits will be unduly low, while those of the future will be correspondingly high. If, on the other hand, the entire distribution is made on a temporary basis, very high benefits will be possible in the immediate future, but owing to the increasing number of pensioners the maintenance of the benefits at the initial level would prove impossible, even were there no reduction in the rate of interest.

Excessive benefits which have subsequently to be withdrawn in whole or in part will clearly be productive, in the long run, of less satisfaction than benefits of more moderate amount which can be continued without substantial reduction and; moreover, would favour unduly the existing beneficiaries. Conversely, a system of mounting benefits, though familiar in ordinary life assurance, is unsuited to the circumstances of the Indian Civil Service Family Pension Scheme. The best practicable course, therefore, is to allocate the surplus to permanent and temporary awards in such proportions that the position created is one which, on assumptions as to the future which err, if any direction, on the side of optimism, it may be hoped to maintain in perpetuity; and to devote future surpluses not to varying this position, save under stress of necessity, but to consolidating it by the conversion of temporary into permanent benefits.

5. The scheme proposed by the Central Association has two main defects. It grants benefits the permanence of which cannot reasonably be anticipated; and it is open to criticism on the score of equity, as it emphasises the difference between recent entrants and those who will enter in the near future, and grants to the former (indeed to all subscribers in the lower classes) large benefits which they have not earned. I am unable, therefore, as stated above, to accept the scheme. In view, however, of the evident desire for the retention of some rebate on subscriptions, I have consulted the Government Actuary as to the possibility of a scheme which would permit the continuance of the present rebate to members now subscribing in the higher classes. On his advice I have decided on the following scheme:—

Subscribers in Classes I and II on the Valuation date to receive a permanent rebate of $12\frac{1}{2}$ per cent.

Subscribers in Classes III and IV on the valuation date to receive a permanent rebate of 6 per cent.

Subscribers in Class V on the Valuation date to contribute at full tabular rates.

The above rates will take effect from the 1st of the month following the publication of this Despatch.

No reduction to be made in donations.

Annuities to be increased permanently by 20 per cent. and to receive a temporary addition of 30 per cent. of the original rates, both increases to take effect from 1st January last, and the temporary addition to be subject to reconsideration in the light of the next quinquennial valuation report.

The entire increase will be met as from the above date from the balance of the Scheme, and there will be no increase in the donations payable to daughters on marriage, which are provided by Government.

6. Copies are enclosed of letters from the Deputy Government Actuary dealing with the manner in which the cost of these measures can be met from the available surplus and the prospects of renewing the temporary increase. It will be seen from the letter of 18th June that it should be possible to continue the latter for a considerable period, if not in perpetuity, provided that the rate of interest allowed on the balances is maintained at a figure not less than 5 per cent. It must be distinctly understood that no guarantee can be given of the fulfilment of this condition, and that the rate will be reduced, if and when necessary, to accord with the market yield on long-dated Government stocks. Prophecy as to the future course of market conditions is obviously impossible; but in view of the present conditions, and of the fact that interest at the rate of $5\frac{1}{2}$ per cent. has actually been received for more than two years since the valuation date, it seems possible to state without undue rashness that pensioners need feel no apprehension of the sudden and early withdrawal of the temporary increase.

No. 4. :

To His Excellency the Right Honourable the Governor-General of India in Council.

My Lord,

I have considered in Council the Despatch from Your Excellency's Government, No. 5 (Financial), dated the 26th March 1925, and your Financial Secretary's letter No. 30, II. F.E., dated 21st April, on the subject of the recommendations of the Lee Commission regarding the Indian Civil Service Family Pension Scheme.

2. I am in agreement with the opinion of Your Excellency's Government that, in view of the opposition of the Provincial Associations, it is undesirable to proceed further with the recommendation for the institution of a Board, and I am prepared, subject to unimportant reservations, to accept the alternative proposed by the Associations as set out in the last paragraph of the letter from the Central Association. I agree, therefore—

- (1) that facilities shall be allowed from time to time to an Actuary appointed by the subscribers and approved by myself to examine the position of the Scheme and report thereon to the subscribers ;
- (2) that any question regarding the method of distribution of a surplus or important alteration of the rules or conditions of the Scheme shall be referred, before action is taken, to all subscribers (including retired members of the Service), and due weight given to their opinions.

The acceptance of these conditions will not, of course, affect, either in theory or in practice, the power of the Secretary of State in Council to give a final decision on any question that may arise.

3. On the questions now at issue the opinions of subscribers, both active and retired, have for some time been available, and there is therefore nothing to prevent immediate decisions. With regard to the distribution of surplus the views expressed are to some extent conflicting. The weight of opinion among active subscribers appears, however, to be in favour of the scheme proposed by the Central Association, which may be briefly summarised as follows :—

- 20 per cent. permanent increase in pensions ;
- 20 per cent. temporary increase in pensions ;
- 20 per cent. temporary reduction in subscriptions, including donations.

This scheme is opposed to the views expressed by the Retired Association, who would devote to the enhancement of pensions the entire surplus available, and is not universally accepted by active subscribers, some of whom have expressed views similar to those of the Retired Association. Even apart from this opposition, I should have been unable for several reasons to approve the scheme. Before discussing further these reasons and the alternative scheme I propose, it is perhaps desirable to explain the principles on which I consider the distribution of surplus should, in present circumstances, be carried out.

COMMERCE DEPARTMENT.

NOTIFICATIONS.

No. 5816 Com.—The 18th August 1925.—In exercise of the power conferred by sub-section (1) of section 30 of the Indian Factories Act, 1911 (XII of 1911), the Governor in Council is pleased to exempt work necessitating continuous production referred to in clause (c) of that sub-section, in Shellac Factories using the solvent process, from the provisions of sections 21 and 22 of the said Act, on the following conditions, namely :—

- (a) that no person employed on such work shall be employed for more than fourteen consecutive days without a holiday for a whole day; and
- (b) that the average weekly hours worked by any such person in any one month shall not exceed 56.

No. 5859 Com.—The 18th August 1925. In exercise of the power conferred by section 29 of the Indian Boilers Act, 1923 (V of 1923), the Governor in Council is pleased to make the following amendments in the Bengal Boilers Rules, 1924, published under notification No. 6800 Com., dated the 10th December 1923 :—

Amendments.

I. For clause (c) of sub-rule (2) of rule 1 of the said rules the following shall be substituted, namely :—

(c) "Regulation" means a regulation of the Indian Boiler Regulations, 1924, framed by the Government of India under section 28 of the said Act.

II. For rules 11 and 12 of the said rules the following rules shall be substituted, namely :—

11. (1) Fees for inspection shall be calculated on the basis of boiler rating, as prescribed in regulation 158.

(2) the formula for calculating boiler rating shall be as prescribed in regulation 157.

12. The following fees are prescribed, namely :—

(1) **Registration fees.**—Fees for registration and first inspection of boilers shall be as prescribed in regulation 159.

These fees shall cover thorough inspection, hydraulic test and steam test where such are necessary, subject to the provisions of section 14(2).

(2) **Fees for renewal of certificates.**—Fees for the issue of renewed certificates of boilers shall be charged according to the following scale :—

	Rs.
For boiler rating not exceeding 100 square feet ...	20
For boiler rating exceeding 100 square feet, but not exceeding 300 square feet ...	25
For boiler rating exceeding 300 square feet, but not exceeding 500 square feet ...	30
For boiler rating exceeding 500 square feet, but not exceeding 700 square feet ...	35
For boiler rating exceeding 700 square feet, but not exceeding 900 square feet ...	40
For boiler rating exceeding 900 square feet, but not exceeding 1,100 square feet ...	45
For boiler rating exceeding 1,100 square feet ...	50

Provided that when any owner is willing to accept a renewed certificate for less than twelve months in order to approximate the date of annual inspection to the date on which other boilers in the locality are inspected, a certificate for such period less than twelve months as may be necessary for such approximation of dates may be granted at a reduced fee to be calculated at one-twelfth of the ordinary fee for each full month, a portion of a month not being reckoned.

(3) **Second fee in default.**—A second fee will be leviable for re-inspection in any case where the inspection of a boiler is begun, but owing to the fault or neglect of the owner or person in charge, is not completed within a period of six months from the date of commencement of inspection.

(4) **Fees for duplicate certificates.**—Duplicate certificates for *bond fide* purposes may be issued to boiler owners under the orders of the Chief Inspector on receipt of a fee of Rs. 3 per copy.

(5) **Additional fee for inspection on Sundays and certain holidays.**—Notwithstanding the provisions of clause (1) an additional fee of Rs. 50 shall be charged for the inspection of a boiler on a Sunday, X'mas day, New Year's Day, Good Friday, and the King's Birthday, provided that such inspection is made at the request of the owner of the boiler. Half of the additional fee so charged shall be paid to the inspector, the other half shall be credited to the "Steam Boiler Inspection Fund."

(6) **Payment of inspector's travelling expenses in certain cases.**—(a) In addition to the above fees, an inspector's travelling expenses shall be realized from owners, whose boilers are not ready for inspection on the first visit made on their application, for every additional visit paid by the inspector for the completion of the inspection.

(b) The inspector's travelling expenses may also be charged for inspection of boilers in isolated areas, in addition to the fees prescribed in this rule.

II. Council Office Fees.

1. **Interpretation.** (1)—In these Rules, unless the context otherwise requires :—

“Appeal” means an Appeal to His Majesty in Council ;

“Judgment” includes decree, order, sentence, or decision of any Court, Judge, or Judicial Officer.

“Record” means the aggregate of papers relating to an Appeal (including the pleadings, proceedings, evidence and judgments) proper to be laid before His Majesty in Council on the hearing of the Appeal ;

“Registrar” means the Registrar or other proper officer having the custody of the records in the Court appealed from ;

“Abroad” means the country or place where the Court appealed from is situate ;

“Agent” means a person qualified by virtue of Her late Majesty’s Order in Council of the 6th March 1896 to conduct proceedings before His Majesty in Council on behalf of another ;

“Party” and all words descriptive of parties to proceedings before His Majesty in Council (such as “Petitioner,” “Appellant,” “Respondent”) mean, in respect of all acts proper to be done by an Agent, the Agent of the party in question where such party, is represented by an Agent ;

“Respondent” includes Intervener ;

“Month” means calendar month ;

Words in the singular shall include the plural, and words in the plural shall include the singular.

(2) Where by these Rules any step is required to be taken in England in connection with proceedings before His Majesty in Council, whether in the way of lodging a petition or other document, entering an Appearance, lodging security, or otherwise, such step shall be taken in the Registry of the Privy Council, Downing Street, London.

Leave to appeal.

2. **Leave to appeal generally.**—All appeal shall be brought either in pursuance of leave obtained from the Court appealed from, or, in the absence of such leave, in pursuance of special leave to appeal granted by His Majesty in Council upon a petition in that behalf presented by the intending Appellant.

Special leave to appeal.

3. **Form of Petition for special leave to appeal.**—A Petition for special leave to appeal to His Majesty in Council shall state succinctly and clearly all such facts as it may be necessary to state in order to enable the Judicial Committee to advise His Majesty whether such leave ought to be granted, and shall be signed by the Counsel who attends at the hearing or by the party himself if he appears in person. The Petition shall deal with the merits of the case only so far as is necessary for the purpose of explaining and supporting the particular grounds upon which special leave to appeal is sought.

4. **Five copies of Petition to be lodged together with Affidavits in support.**—The petitioner shall lodge at least five copies of his Petition for special leave to appeal together with the Affidavit in support thereof prescribed by Rule 50 hereinafter contained, and, unless a Caveat as prescribed by Rule 48 has been lodged by the other parties who appeared in the Court below, an Affidavit of service of notice of the intended application upon such parties or their Solicitors or Agents, either abroad or in England.

5. **Time for lodging Petition.**—A Petition for special leave to appeal may be lodged at any time after the date of the judgment sought to be appealed from, but the Petitioner shall, in every case, lodge his Petition with the least possible delay.

6. **Security for costs and transmission of Record.**—Where the Judicial Committee agree to advise His Majesty to grant special leave to appeal, they shall, in their Report, specify the amount of the security for costs (if any) to be lodged by the Petitioner, and shall, unless the circumstances of a particular case render such a course unnecessary, provide for the transmission of the Record by the Registrar to the Registrar of the Privy Council and for such further matters as the justice of the case may require. Unless otherwise ordered the security shall be lodged at any time before the Appellant enters an Appearance.

7. **General provisions.**—Save as by the four last preceding Rules otherwise provided, the provisions of Rules 47 to 50 and 52 to 59 (all inclusive) hereinafter contained shall apply *mutatis mutandis* to Petitions for special leave to appeal.

8. **Petitions for special leave to appeal in formâ pauperis.**—Rules 3 to 7 (both inclusive) shall apply *mutatis mutandis* to Petitions for leave to appeal in formâ pauperis, but in addition to the Affidavits referred to in Rule 4 every such Petition shall be accompanied by an Affidavit from the Petitioner stating that he is not worth £25 in the world excepting his wearing apparel and his interest in the subject-matter of the intended Appeal, and that he is unable to provide sureties, and also by a certificate of Counsel that the Petitioner has reasonable ground of appeal.

9. **Exemption of pauper Appellant from lodging security and paying Office fees.**—Where a Petitioner obtains leave to appeal *in formâ pauperis*, he shall not be required to lodge security for the costs of the Respondent or to pay any Council Office fees.

10. **Exemption of unsuccessful Petitioner for leave to appeal *in formâ pauperis* from payment of Office fees.**—A Petitioner whose Petition for leave to appeal *in formâ pauperis* is dismissed may, notwithstanding such dismissal, be excused from paying the Council Office fees usually chargeable to a Petitioner in respect of a Petition for leave to appeal, if His Majesty in Council, on the advice of the Judicial Committee, shall think fit so to order.

Record and Appearance by Appellant.

11. **Record to be transmitted without delay.**—As soon as the Appeal has been admitted, whether by an Order of the Court appealed from or by an Order of His Majesty in Council granting special leave to appeal, the Appellant shall without delay take all necessary steps to have the Record transmitted to the Registrar of the Privy Council, and the Registrar shall, with all convenient speed, certify to the Registrar of the Privy Council that the Respondent has received notice, or is otherwise aware, of the order of the Court appealed from admitting the Appeal, or of the Order of His Majesty in Council giving the Appellant special leave to appeal, and has also received notice, or is otherwise aware, of the dispatch of the Record to England. Where an Appellant who has obtained special leave to appeal by an Order of His Majesty in Council fails to have the Record transmitted to the Registrar of the Privy Council with due diligence, the Registrar of the Privy Council shall call upon the Appellant to explain his default, and if no explanation is offered, or if the explanation offered is, in the opinion of the said Registrar insufficient, the said Registrar may issue a Summons to the Appellant calling upon him to show cause before the Judicial Committee at a time to be named in the said Summons why the special leave to appeal granted should not be rescinded. The Respondent shall be entitled to be heard before the Judicial Committee in the matter of the said Summons and to ask for his costs and such other relief as he may be advised. The Judicial Committee may, after considering the matter of the said Summons, recommend to His Majesty to rescind the grant of special leave to appeal or give such other directions therein as the justice of the case may require.

12. **Printing of Record.**—The Record shall be printed in accordance with the Rules contained in Schedule A hereto. It may be printed either abroad or in England. When printed abroad the parties in England shall, upon perusal, consider whether the order of the documents is in accordance with these Rules, and if it is not, they shall agree upon the proper order. The Appellant shall then rearrange copies of the Record for the use of the Judicial Committee and the other parties. In the event of the parties being unable to agree, the matter shall be referred to the Registrar of the Privy Council who, if he thinks fit, may require the parties to attend before the Judicial Committee for directions.

13. **Number of copies to be transmitted, where Record printed abroad.**—Where the Record is printed abroad, the Registrar shall, at the expense of the Appellant, transmit to the Registrar of the Privy Council 40 copies of such Record, one of which copies he shall certify to be correct by signing his name on, or initialling, every eighth page thereof and by affixing thereto the seal, if any, of the Court appealed from.

14. **One certified copy to be transmitted, where Record to be printed in England.**—Where the Record is to be printed in England, the Registrar shall, at the expense of the Appellant, transmit to the Registrar of the Privy Council one certified copy of such Record, together with an index of all the papers and exhibit in the case. No other certified copies of the Record shall be transmitted to the Agents in England by or on behalf of the parties to the Appeal.

15. **Record printed partly abroad, partly in England.**—Where part of the Record is printed abroad and part is to be printed in England, Rules 13 and 14 shall, as far as practicable, apply to such parts as are printed abroad and such as are to be printed in England respectively.

16. **Reasons for judgments to be included.**—The reasons given by the judge, or any of the judges, for or against any judgment pronounced in the course of the proceedings out of which the Appeal arises, shall by such judge or judges be communicated in writing to the Registrar and shall be included in the Record.

17. **Exclusion of unnecessary documents from Record.**—The Registrar, as well as the parties and their Agents, shall endeavour to exclude from the Record all documents (more particularly such as are merely formal) that are not relevant to the subject-matter of the Appeal, and, generally, to reduce the bulk of the Record as far as practicable, taking special care to avoid the duplication of documents and the unnecessary repetition of headings and other merely formal parts of documents; but the documents omitted to be printed or copied shall be enumerated in a typewritten list to be transmitted with the Record.

18. **Documents objected to to be indicated.**—Where in the course of the preparation of a Record one party objects to the inclusion of a document on the ground that it is unnecessary or irrelevant, and the other party nevertheless insists upon its being included, the Record, as finally printed (whether abroad or in England), shall, with a view to the subsequent adjustment of the costs of and incidental to such document, indicate, in the index of papers, or otherwise, the fact that, and the party by whom, the inclusion of the document was objected to.

19. **Registration and numbering of Records.**—As soon as the Record is received in the Registry of the Privy Council, it shall be registered in the said Registry, with the date of arrival, the names of the parties, and the description whether “printed” or “written”. A Record, or any part of a Record, not printed in accordance with the Rules contained in Schedule A hereto shall be treated as written. Appeals shall be numbered consecutively in each year in the order in which the Records are received in the said Registry.

20. **Inspection of Record by parties.**—The parties shall be entitled to inspect the Record and to extract all necessary particulars therefrom for the purpose of entering an Appearance.

21. **Appearance by Appellant.**—The Appellant shall enter an Appearance before taking any step in the prosecution of the Appeal, and after entering such Appearance, shall forthwith give notice thereof to the Respondent, if the latter has entered an Appearance.

22. **Times within which a copy of a written Record shall be bespoken.**—Where the Record arrives in England either wholly written, or partly written and partly printed, the Appellant shall, within a period of four months from the date of such arrival in the case of Appeals from Courts situated in any of the countries or places named in Schedule B hereto, and within a period of two months from the same date in the case of Appeals from any other Courts, enter an Appearance and bespeak a typewritten copy of the Record, or of such parts thereof as it may be necessary to have copied, and shall engage to pay the cost of preparing such copy at the following rates per folio typed (exclusive of tabular matter)—2*d.* per folio of English matter, 2½*d.* per folio of Indian matter, and 3½*d.* per folio of foreign matter; and shall also engage to pay at such price as shall be fixed by the Registrar of the Privy Council the cost of printing at least 50 copies thereof.

23. **Preparation of copy of Record for printer.**—As soon as the Appellant has obtained the typewritten copy of the Record bespoken by him, he shall proceed, with due diligence, to arrange the documents in suitable order, to check the index, to insert marginal notes and check the same with the index, and, generally, to do whatever may be required for the purpose of preparing the copy for the printer, in accordance with the Rules contained in Schedule A hereto, and shall, if the Respondent has entered an Appearance, submit the copy, as prepared for the printer, to the Respondent for his approval. In the event of the parties being unable to agree, the matter shall be referred to the Registrar of the Privy Council who, if he thinks fit, may require the parties to attend before the Judicial Committee for directions.

24. **Lodging copy of Record for printing.**—As soon as the typewritten copy of the Record is ready for the printer, the Appellant shall lodge it in the Registry of the Privy Council for printing by a printer selected by the Registrar of the Privy Council, and at the same time shall lodge the amount of the estimated cost of printing the Record.

25. **Special Case.**—Whenever it shall be found that the decision of a matter on appeal is likely to turn exclusively on a question of law, the parties, with the sanction of the Registrar of the Privy Council, may submit such question of law to the Judicial Committee in the form of a Special Case, and print such parts only of the Record as may be necessary for the discussion of the same. Provided that nothing herein contained shall in any way prevent the Judicial Committee from ordering the full discussion of the whole case, if they shall so think fit, and that, in order to promote such arrangements and simplification of the matter in dispute, the said Registrar may call the parties before him, and having heard them, and examined the Record, may report to the Judicial Committee as to the nature of the proceedings.

26. **Examination of proof of Record and striking off copies.**—The Registrar of the Privy Council shall, as soon as the proof prints of the Record are ready, give notice to all parties who have entered an Appearance requesting them to attend at the Registry of the Privy Council at a time to be named in such notice in order to examine the said proof prints and compare the same with the certified Record, and shall, for that purpose furnish each of the said parties with one proof print. After the examination has been completed, the Appellant shall, without delay, lodge his proof print, duly corrected and (so far as necessary) approved by the respondent, and the Registrar of the Privy Council shall thereupon cause the copies of the Record to be struck off from such proof print.

27. **Number of copies of Record for parties.**—Each party who has entered an Appearance shall be entitled to receive, for his own use, six copies of the Record.

28. **How costs of printing Record are to be borne.**—Subject to any special direction from the Judicial Committee to the contrary the costs of and incidental to the printing of the record shall form part of the costs of the Appeal, but the costs of and incidental to the printing of any document objected to by one party, in accordance with Rule 18, shall if such document is found on the taxation of costs to be unnecessary or irrelevant, be disallowed to, or borne by, the party insisting on including the same in the Record.

Petition of Appeal.

29. **Times within which Petition shall be lodged.**—The Appellant shall lodge his Petition of Appeal—

- (a) Where the Record arrives in England printed, within a period of four months from the date of such arrival in the case of Appeals from Courts situate in any of the countries or places named in Schedule B hereto, and within a period of two months from the same date in the case of Appeals from any other Courts;
- (b) Where the Record arrives in England written, within a period of one month from, but not before, the date of the completion of the printing thereof:

Provided that nothing in this Rule contained shall preclude the Appellant from lodging his Petition of Appeal prior to the arrival of the Record, or the completion of the printing thereof, if there are special reasons why, in the opinion of the Registrar of the Privy Council, it should be desirable for him to do so

30. **Form of Petition.**—The Petition of Appeal shall be lodged in the form prescribed by Rule 47 hereinafter contained. It shall recite succinctly and, as far as possible in chronological order, the principal steps in the proceedings leading up to the Appeal from the commencement thereof down to the admission of the Appeal, but shall not contain argumentative matter or travel into the merits of the case.

31. **Service of Petition.**—The Appellant shall, after lodging his Petition of Appeal, serve a copy thereof without delay on the Respondent, as soon as the latter has entered an Appearance, and shall endorse such copy with the date of the lodgment.

Withdrawal of Appeal.

32. **Withdrawal of Appeal before Petition of Appeal has been lodged.**—Where an Appellant, who has not lodged his Petition of Appeal, desires to withdraw his Appeal, he shall give notice in writing to that effect to the Registrar of the Privy Council, and the said Registrar shall, with all convenient speed after the receipt of such notice by letter notify the Registrar of the Court appealed from that the Appeal has been withdrawn, and the said Appeal shall thereupon stand dismissed as from the date of the said letter without further Order.

33. **Withdrawal of Appeal after Petition of Appeal has been lodged.**—Where an Appellant, who has lodged his Petition of Appeal, desires to withdraw his Appeal, he shall present a Petition to that effect to His Majesty in Council. On the hearing of any such Petition a Respondent who has entered an Appearance in the Appeal shall, subject to any agreement between him and the Appellant to the contrary, be entitled to apply to the Judicial Committee for his costs, but where the Respondent has not entered an Appearance or, having entered an Appearance, consents in writing to the prayer of the Petition, the Petition may, if the Judicial Committee think fit, be disposed of in the same way *mutatis mutandis* as a Consent Petition under the provisions of Rule 56 hereinafter contained.

Non-prosecution of Appeal.

34. **Dismissal of Appeal where Appellant takes no step in prosecution thereof.**—Where an Appellant takes no step in prosecution of his Appeal within a period of four months from the date of the arrival of the Record in England in the case of an Appeal from a Court situate in any of the countries or places named in Schedule B hereto, or within a period of two months from the same date in the case of an Appeal from any other Court, the Registrar of the Privy Council shall, with all convenient speed, by letter notify the Registrar of the Court appealed from that the Appeal has not been prosecuted, and the Appeal shall thereupon stand dismissed for non-prosecution as from the date of the said letter without further Order, and a copy of the said letter shall be sent by the Registrar of the Privy Council to any Respondent who has entered an appearance in the Appeal.

35. Dismissal of Appeal for non-prosecution after Appellant's Appearance and before lodgment of Petition of Appeal.—Where an Appellant who has entered an appearance—

- (a) fails to bespeak a copy of a written Record, or of part of a written Record, in accordance with, and within the periods prescribed by Rule 22; or
- (b) having bespoken such copy within the periods prescribed by Rule 22, fails thereafter to proceed with due diligence to take all such further steps as may be necessary for the purpose of completing the printing of the said Record; or
- (c) fails to lodge his Petition of Appeal within the periods respectively prescribed by Rule 29;

the Registrar of the Privy Council shall call upon the Appellant to explain his default, and, if no explanation is offered, or if the explanation offered is, in the opinion of the said Registrar, insufficient, the said Registrar shall, with all convenient speed, by letter notify the Registrar of the Court appealed from that the Appeal has not been effectually prosecuted, and the Appeal shall thereupon stand dismissed for non-prosecution as from the date of the said letter without further Order, and a copy of the said letter shall be sent by the Registrar of the Privy Council to all the parties who have entered an appearance in the Appeal.

36. Dismissal of Appeal for non-prosecution after lodgment of Petition of Appeal.—Where an Appellant, who has lodged his Petition of Appeal, fails thereafter to prosecute his Appeal with due diligence, the Registrar of the Privy Council shall call upon him to explain his default, and if no explanation is offered, or if the explanation offered is, in the opinion of the said Registrar, insufficient, the said Registrar shall issue a Summons to the Appellant calling upon him to show cause before the Judicial Committee at a time to be named in the said Summons why the Appeal should not be dismissed for non-prosecution. Provided that no such Summons shall be issued by the said Registrar before the expiration of one year from the date of the arrival of the Record in England. If the Respondent has entered an appearance in the Appeal, the Registrar of the Privy Council shall send him a copy of the said Summons, and the Respondent shall be entitled to be heard before the Judicial Committee in the matter of the said Summons at the time named and to ask for his costs and such other relief as he may be advised. The Judicial Committee may, after considering the matter of the said Summons, recommend to His Majesty the dismissal of the Appeal for non-prosecution, or give such other directions therein as the justice of the case may require.

37. Restoring an Appeal dismissed for non-prosecution.—An Appellant whose Appeal has been dismissed for non-prosecution may present a Petition to His Majesty in Council praying that his appeal may be restored.

Appearance by Respondent.

38. Time within which Respondent may appear.—The Respondent may enter an appearance at any time between the arrival of the Record and the hearing of the Appeal, but if he unduly delays entering an appearance he shall bear, or be disallowed, the costs occasioned by such delay, unless the Judicial Committee otherwise direct.

39. Notice of Appearance by Respondent.—The respondent shall forthwith after entering an appearance give notice thereof to the Appellant, if the latter has entered an Appearance.

40. Form of Appearance where all the Respondents do not appear.—Where there are two or more Respondents, and only one or some, of them enter an Appearance, the Appearance Form shall set out the names of the appearing Respondents.

41. Separate Appearances.—Two or more Respondents may, at their own risk as to costs, enter separate Appearances in the same Appeal.

42. Non-appearing Respondent not entitled to receive notices or lodge Case.—A Respondent who has not entered an Appearance shall not be entitled to receive any notices relating to the Appeal from the Registrar of the Privy Council, nor be allowed to lodge a Case in the Appeal.

43. Procedure on non-appearance of Respondent.—Where a Respondent fails to enter an Appearance in an Appeal, the following Rules shall, subject to any special Order of the Judicial Committee to the contrary, apply :—

- (a) If the non-appearing Respondent was a Respondent at the time when the Appeal was admitted, whether by the Order of the Court appealed from or by an Order of His Majesty in Council giving the Appellant special leave to appeal, and it appears from the terms of the said Order, or Order in Council, or otherwise from the Record, or from a Certificate of the Registrar of the Court appealed from, that the said non-appearing Respondent has

received notice, or was otherwise aware, of the Order of the Court appealed from admitting the Appeal, or of the Order of His Majesty in Council giving the Appellant special leave to appeal, and has also received notice, or was otherwise aware, of the dispatch of the Record to England, the appeal may, if all other conditions of its being set down are satisfied, be set down *ex parte* as against the said non-appearing Respondent at any time after the expiration of three months from the date of the lodging of the Petition of Appeal ;

- (b) if the non-appearing Respondent was made a Respondent by an Order of His Majesty in Council subsequently to the admission of the Appeal, and it appears from the Record, or from a Supplementary Record, or from a Certificate of the Registrar of the Court appealed from, that the said non-appearing Respondent has received notice, or was otherwise aware, of any intended application to bring him on the record as a Respondent, the Appeal may, if all other conditions of its being set down are satisfied, be set down *ex parte* as against the said non-appearing Respondent at any time after the expiration of three months from the date on which he shall have been served with a copy of His Majesty's Order in Council bringing him on the Record as a Respondent :

Provided that where it is shown to the satisfaction of the Registrar of the Privy Council, by Affidavit or otherwise, either that an Appellant has made every reasonable endeavour to serve a non-appearing Respondent with the notices mentioned in clause (a) and (b) respectively and has failed to effect such service, or that it is not the intention of the non-appearing Respondent to enter an Appearance to the Appeal, the Appeal may without further Order in that behalf and at the risk of the Appellant, be proceeded with *ex parte* as against the said non-appearing Respondent.

44. Respondent defending Appeal in formâ pauperis.—A Respondent who desires to defend an Appeal *in forma pauperis* may present a Petition to that effect to His Majesty in Council, which Petition shall be accompanied by an Affidavit from the Petitioner stating that he is not worth £25 in the world excepting his wearing apparel and his interest in the subject-matter of the Appeal.

Petitions generally.

45. Mode of addressing Petitions.—All Petitions for orders or directions as to matters of practice or procedure arising after the lodging of the Petition of Appeal and not involving any change in the parties to an Appeal shall be addressed to the Judicial Committee. All other Petitions shall be addressed to His Majesty in Council, but a Petition which is properly addressed to His Majesty in Council may include, as incidental to the relief thereby sought, a prayer for orders or directions as to matters of practice or procedure.

46. Orders on Petitions which need not be drawn up.—Where an Order made by the Judicial Committee does not embody any special terms or include any special directions, it shall not be necessary to draw up such Order, unless the Committee otherwise direct, but a Note thereof shall be made by the Registrar of the Privy Council.

47. Form of Petition and number of copies to be lodged.—All Petitions shall consist of paragraphs numbered consecutively and shall be written, typewritten, or lithographed, on brief paper with quarter margin and endorsed with the name of the Court appealed from, the full title and Privy Council number of the Appeal to which the Petition relates or the full title of the Petitioner (as the case may be), and the name and address of the London Agent (if any) of the Petitioner, but need not be signed, except as provided by Rule 3. Unless the Petition is a Consent Petition within the meaning of Rule 56 at least five copies thereof shall be lodged.

48. Caveat.—Where a Petition is expected to be lodged, or has been lodged, which does not relate to any pending Appeal of which the record has been registered in the Registry of the Privy Council, any person claiming a right to appear before the Judicial Committee on the hearing of such Petition may lodge a Caveat in the matter thereof, and shall thereupon be entitled to receive from the Registrar of the Privy Council notice of the lodging of the Petition, if at the time of the lodging of the Caveat such Petition has not yet been lodged, and, if and when the Petition has been lodged, to require the Petitioner to serve him with a copy of the Petition, and to furnish him, at his own expense, with copies of any papers lodged by the Petitioner in support of his Petition. The Caveator shall forthwith after lodging his Caveat give notice thereof to the Petitioner, if the Petition has been lodged.

49. Service of Petition.—Where a Petition is lodged in the matter of any pending Appeal of which the Record has been registered in the Registry of the Privy Council, the Petitioner shall serve any party who has entered an Appearance in the Appeal with a copy

of such Petition, and the party so served shall thereupon be entitled to require the Petitioner to furnish him, at his own expense, with copies of any papers lodged by the Petitioner in support of his Petition.

50. Verifying Petition by Affidavit.—A Petition not relating to any Appeal of which the Record has been registered in the Registry of the Privy Council, and any other Petition containing allegations of fact which cannot be verified by reference to the registered Record or any certificate or duly authenticated statement of the Court appealed from, shall be supported by Affidavit. Where the Petitioner prosecutes his Petition in person, the said Affidavit shall be sworn by the Petitioner himself and shall state that, to the best of the deponent's knowledge, information, and belief, the allegations contained in the Petition are true. Where the Petitioner is represented by an Agent, the said Affidavit shall be sworn by such Agent and shall, besides stating that, to the best of the deponent's knowledge, information, and belief, the allegations contained in the Petition are true, show how the deponent obtained his instructions and the information enabling him to present the Petition.

51. Petition for Order of Revivor or Substitution.—A Petition for an Order of Revivor or Substitution shall be accompanied by a certificate or duly authenticated statement from the Court appealed from showing who, in the opinion of the said Court, is the proper person to be substituted, or entered, on the Record in place of, or in addition to, a party who has died or undergone a change of status.

52. Petition disclosing no reasonable cause of appeal or containing scandalous matter to be refused.—The Registrar of the Privy Council may refuse to receive a Petition on the grounds that it discloses no reasonable cause of appeal, or is frivolous, or contains scandalous matter, but the petitioner may appeal, by way of motion, from such refusal to the Judicial Committee.

53. Setting down Petition.—As soon as a Petition and all necessary documents are lodged the Petition shall thereupon be deemed to be set down.

54. Times within which set-down Petitions shall be heard.—On each day appointed by the Judicial Committee for the hearing of Petitions the Registrar of the Privy Council shall, unless the Committee otherwise direct, put in the paper for hearing all such Petitions as have been set down. Provided that, in the absence of special circumstances of urgency to be shown to the satisfaction of the said Registrar, no Petition, if opposed, shall be put in the paper for hearing before the expiration of ten clear days from the lodging thereof, unless the opponent consents to the Petition being put in the paper on an earlier day.

55. Notice to parties of day fixed for hearing Petition.—Subject to the provisions of the next following rule, the Registrar of the Privy Council shall, as soon as the Judicial Committee have appointed a day for the hearing of a Petition, notify all parties concerned by Summons of the day so appointed.

56. Procedure where Petition is consented to or is formal.—Where the prayer of a Petition is consented to in writing by the opposite party, or where a petition is of a formal and non-contentious character, the Judicial Committee may, if they think fit, make their report to His Majesty on such Petition, or make their Order thereon, as the case may be, without requiring the attendance of the parties in the Council Chamber, and the Registrar of the Privy Council shall not in any such case issue the Summons provided for by the last-preceding rule, but shall with all convenient speed after the Committee have made their Report or Order notify the parties that the Report or Order has been made and of the date and nature of such Report or Order.

57. Withdrawal of Petition.—A Petitioner who desires to withdraw his Petition shall give notice in writing to that effect to the Registrar of the Privy Council. Where the Petition is opposed, the Opponent shall, subject to any agreement between the parties to the contrary, be entitled to apply to the Judicial Committee for his costs, but where the Petition is unopposed, or where, in the case of an opposed Petition, the parties have come to an agreement as to the costs of the Petition, the Petition may, if the Judicial Committee think fit, be disposed of in the same way *mutatis mutandis* as a consent Petition under the provisions of the last-preceding Rule.

58. Procedure where hearing of Petition unduly delayed.—Where a Petitioner unduly delays bringing a Petition to a hearing, the Registrar of the Privy Council shall call upon him to explain the delay, and if no explanation is offered, or if the explanation offered is, in the opinion of the said Registrar, insufficient, the said Registrar may, after notifying all parties interested by Summons of his intention to do so, put the Petition in the paper for hearing on the next following day appointed by the Judicial Committee for the hearing of Petitions for such directions as the Committee may think fit to give thereon.

59. Only one Counsel heard on a side in Petitions.—At the hearing of a Petition not more than one Counsel shall be admitted to be heard on a side.

Case.

60. **Lodging of Case.**—No party to an Appeal shall be entitled to be heard by the Judicial Committee unless he has previously lodged his Case in the Appeal. Provided that where a Respondent who has entered an Appearance does not desire to lodge a Case in the Appeal, he may give the Registrar of the Privy Council notice in writing of his intention not to lodge any Case, while reserving his right to address the Judicial Committee on the question of costs.

61. **Printing of Case.**—The Case may be printed either abroad or in England, and shall, in either event, be printed in accordance with the Rules I to III contained in Schedule A hereto, every tenth line thereof being numbered in the margin, and shall be signed by at least one of the Counsel who attends at the hearing of the Appeal or by the party himself if he conducts his Appeal in person.

62. **Number of prints to be lodged.**—Each party shall lodge 30 prints of his Case.

63. **Form of Case.**—The Case shall consist of paragraphs numbered consecutively and shall state, as concisely as possible, the circumstances out of which the Appeal arises, the contentions to be urged by the party lodging the same, and the reasons of appeal. References by page and line to the relevant portions of the Record as printed shall, as far as practicable, be printed in the margin, and care shall be taken to avoid, as far as possible, the reprinting in the Case of long extracts from the Record. The Taxing Officer, in taxing the costs of the Appeal, shall, either of his own motion, or at the instance of the opposite party, inquire into any unnecessary prolixity in the Case, and shall disallow the costs occasioned thereby.

64. **Separate Cases by two or more Respondents.**—Two or more Respondents may, at their own risk as to costs, lodge separate Cases in the same Appeal.

65. **Notice of lodgment of Case.**—Each party shall, after lodging his Case, forthwith give notice thereof to the other party.

66. **Case Notice.**—Subject as hereinafter provided, the party who lodges his Case first may, at any time after the expiration of three clear days from the day on which he has given the other party the notice prescribed by the last-preceding Rule, serve such other party, if the latter has not in the meantime lodged his Case, with a "Case Notice," requiring him to lodge his Case within one month from the date of the service of the said Case Notice and informing him that in default of his so doing, the Appeal will be set down for hearing *ex parte* as against him, and if the other party, fails to comply with the said Case Notice, the party who has lodged his Case may, at any time after the expiration of the time limited by the said Case Notice for the lodging of the Case, lodge an Affidavit of Service (which shall set out the terms of the said Case Notice), and the Appeal shall thereupon, if all other conditions of its being set down are satisfied, be set down *ex parte* as against the party in default. Provided that no Case Notice shall be served until after the completion of the printing, or re-arrangement under Rule 12, of the Record, and also that nothing in this Rule contained shall preclude the party in default from lodging his Case, at his own risk as regards costs and otherwise, at any time up to the date of hearing.

67. **Setting down Appeal and exchanging Cases.**—Subject to the provisions of Rule 43 and of the last-preceding Rule an Appeal shall be set down *ipso facto* as soon as the Cases on both sides are lodged, and the parties shall thereupon exchange Cases by handing one another, either at the Offices of one of the Agents or in the Registry of the Privy Council, ten copies of their respective Cases.

Binding Records, etc.

68. **Mode of binding Records, etc., for use of Judicial Committee.**—As soon as an Appeal is set down, the Appellant shall attend at the Registry of the Privy Council and obtain ten copies of the Record and Cases to be bound for the use of the Judicial Committee at the hearing. The copies shall be bound in cloth or in half leather with paper sides, and six leaves of blank paper shall be inserted before the Appellant's Case. The front cover shall bear a printed label stating the title and Privy Council number of the Appeal, the contents of the volume, and the names and addresses of the London Agents. The several documents, indicated by incuts, shall be arranged in the following order: (1) Appellant's Case; (2) Respondent's Case; (3) Record (if in more than one part, showing the separate parts by incuts, all parts being paged at the top of the page; (4) Supplemental Record (if any); and the short title and Privy Council number of the Appeal shall also be shown on the back.

69. **Time within which bound copies shall be lodged.**—The Appellant shall lodge the bound copies not less than four clear days before the commencement of the Sittings during which the Appeal is to be heard.

Hearing.

70. **Notice of day on or before which Appeals must be set down for ensuing Sittings.**—The Registrar of the Privy Council shall name a day on or before which Appeals must be set down if they are to be entered in the List of Business for the ensuing Sittings. All Appeals set down on or before the day named shall, subject to any directions from the Committee or to any agreement between the parties to the contrary, be entered in such List of Business and shall, subject to any directions from the Committee to the contrary, be heard in the order in which they are set down.

71. **Notice to parties of day fixed for hearing Appeal.**—The Registrar of the Privy Council shall, subject to the provisions of Rule 42, notify the parties to each Appeal by Summons, at the earliest possible date, of the day appointed by the Judicial Committee for the hearing of the Appeal, and the parties shall be in readiness to be heard on the day so appointed.

72. **Only two Counsel heard on a side in Appeals.**—At the hearing of an Appeal not more than two Counsel shall be admitted to be heard on a side.

73. **Nautical Assessors.**—In Admiralty Appeals the Judicial Committee may, if they think fit, require the attendance of two Nautical Assessors.

Judgment.

74. **Notice to parties of day fixed for delivery of Judgment.**—Where the Judicial Committee, after hearing an Appeal, decide to reserve their Judgment thereon, the Registrar of the Privy Council shall in due course notify the parties by Summons of the day appointed by the Committee for the delivery of the Judgment.

Costs.

75. **Taxation of costs.**—All Bills of Costs under the Orders of the Judicial Committee on Appeals, Petitions, and other matters, shall be referred to the Registrar of the Privy Council, or such other person as the Judicial Committee may appoint, for taxation, and all such taxations shall be regulated by the Schedule of Fees set forth in Schedule C hereto.

76. **What costs taxed in England.**—The taxation of costs in England shall be limited to costs incurred in England.

77. **Order to tax.**—The Registrar of the Privy Council shall, with all convenient speed after the Judicial Committee have given their decision as to the costs of an Appeal, Petition, or other matter, issue to the party to whom costs have been awarded an Order to tax and a notice specifying the day and hour appointed by him for taxation. The party receiving such Order to tax and Notice shall, not less than 48 hours before the time appointed for taxation, lodge his Bill of Costs (together with all necessary vouchers for disbursements), and serve the opposite party with a copy of his Bill of Costs and of the Order to tax and Notice.

78. **Power of Taxing Officer where taxation delayed through the fault of the party whose costs are to be taxed.**—The Taxing Officer may, if he think fit, disallow to any party who fails to lodge his Bill of Costs (together with all necessary vouchers for disbursements) within the time prescribed by the last-preceding Rule, or who in any way delays or impedes a taxation, the charges to which such party would otherwise be entitled for drawing his Bill of Costs and attending the taxation.

79. **Appeal from decision of Taxing Officer.**—Any party aggrieved by a taxation may appeal from the decision of the Taxing Officer to the Judicial Committee. The Appeal shall be heard by way of motion, and the party appealing shall give three clear days' Notice of Motion to the opposite party, and shall also leave a copy of such Notice in the Registry of the Privy Council.

80. **Amount of taxed costs to be inserted in His Majesty's Order in Council.**—The amount allowed by the Taxing Officer on the taxation shall, subject to any appeal from his taxation to the Judicial Committee and subject to any direction from the Committee to the contrary, be inserted in His Majesty's Order in Council determining the Appeal or Petition.

81. **Taxation on the pauper scale.**—Where the Judicial Committee directs costs to be taxed on the pauper scale, the Taxing Officer shall not allow any fees of Counsel, and shall only award to the Agents out-of-pocket expenses and a reasonable allowance to cover office expenses, such allowance to be taken at about three-eighths of the usual professional charges in ordinary Appeals. Such pauper scale shall apply to and include the application upon which leave to appeal in *forma pauperis* was granted.

82. Security to be dealt with as His Majesty's Order in Council determining Appeal directs.—Where the Appellant has lodged security for the Respondent's costs of an Appeal in the Registry of the Privy Council, the Registrar of the Privy Council shall deal with such security in accordance with the directions contained in His Majesty's Order in Council determining the Appeal.

Miscellaneous.

83. Power of Judicial Committee to excuse from compliance with Rules.—The Judicial Committee may, for sufficient cause shown, excuse the parties from compliance with any of the requirements of these Rules, and may give such directions in matters of practice and procedure as they shall consider just and expedient. Applications to be excused from compliance with the requirements of any these Rules shall be addressed in the first instance to the Registrar of the Privy Council, who shall take the instructions of the Committee thereon and communicate the same to the parties. If, in the opinion of the said Registrar, it is desirable that the application should be dealt with by the Committee in open Court, he may direct the party applying to lodge in the Registry of the Privy Council, and to serve the opposite party with, a Notice of Motion returnable before the Committee.

84. Amendment of documents.—Any document lodged in connection with an Appeal, Petition, or other matter pending before His Majesty in Council or the Judicial Committee, may be amended by leave of the Registrar of the Privy Council, but if the said Registrar is of opinion that an application for leave to amend should be dealt with by the Committee in open Court, he may direct the party applying to lodge in the Registry of the Privy Council, and to serve the opposite party with, a Notice of Motion returnable before the Committee.

85. Affidavits may be sworn before the Registrar of the Privy Council.—Affidavits relating to any Appeal, Petition, or other matter pending before His Majesty in Council or the Judicial Committee may be sworn before the Registrar of the Privy Council.

86. Change of Agent.—Where a party to an Appeal, Petition, or other matter pending before His Majesty in Council charges his Agent, such party, or the new Agent, shall forthwith give the Registrar of the Privy Council and the outgoing Agent notice in writing of the change, and shall amend the Appearance accordingly. Until such notices are given the former Agent shall be considered the Agent of the party until the final conclusion of the Appeal, Petition, or other matter.

87. Scope of application of Rules.—Subject to the provisions of any Statute or of any Statutory Rule or Order to the contrary, these Rules shall apply to all matters falling within the Appellate Jurisdiction of His Majesty in Council.

88. Mode of citation and date of operation.—These Rules may be cited as the Judicial Committee Rules, 1925, and they shall come into operation on the 1st day of January, 1926.

SCHEDULE A.

Rules as to Printing.

I. All Records and other proceedings in Appeals or other matters pending before His Majesty in Council or the Judicial Committee which are required by the above Rules to be printed shall be printed in the form known as Demy Quarto.

II. The size of the paper used shall be such that the sheet, when folded and trimmed, will be 11 inches in height and 8½ inches in width.

III. The type to be used in the text shall be Pica type, but Long Primer shall be used in printing accounts, tabular matter, and notes. The number of lines in each page of Pica type shall be 47 or thereabouts, and every tenth line shall be numbered in the margin.

IV. Records shall be arranged in two parts in the same volume, where practicable, viz. :—

Part I. The pleadings and proceedings, the transcript of the evidence of the witnesses, the Judgments, Decrees, etc., of the Courts below, down to the Order admitting the Appeal.

Part II. The exhibits and documents.

V. The Index to Part I shall be in chronological order, and shall be placed at the beginning of the volume.

The Index to Part II shall follow the order of the exhibit mark, and shall be placed immediately after the Index to Part I.

VI. Part I shall be arranged strictly in chronological order, *i.e.*, in the same order as the index.

Part II shall be arranged in the most convenient way for the use of the Judicial Committee, as the circumstances of the case require. The documents shall be printed as far as suitable in chronological order, mixing Plaintiff's and Defendant's documents together when necessary. Each document shall show its exhibit mark, and whether it is a Plaintiff's or Defendant's document (unless this is clear from the exhibit mark) and in all cases documents relating to the same matter, such as

- (a) a series of correspondence, or
- (b) proceedings in a suit other than the one under appeal,

shall be kept together. The order in the Record of the documents in Part II will probably be different from the order of the Index, and the proper page number of each document shall be inserted in the printed Index.

The parties will be responsible for arranging the record in proper order for the Judicial Committee, and in difficult cases Counsel may be asked to settle it.

VII. The documents in Part I shall be numbered consecutively.

The documents in Part II shall not be numbered, apart from the exhibit mark.

VIII. Each document shall have a heading which shall consist of the number or exhibit mark and the description of the document in the Index, without the date.

IX. Each document shall have a marginal note which shall be repeated on each page over which the document extends, *viz.* :—

Part I.

(a) Where the case has been before more than one Court, the short name of the Court shall first appear. Where the case has been before only one Court, the name of the Court need not appear.

(b) The marginal note of the document shall then appear consisting of the number and the description of the document in the Index, with the date, except in the case of oral evidence.

(c) In the case of oral evidence, "Plaintiff's evidence" or "Defendant's evidence" shall appear beneath the name of the Court, and then the marginal note consisting of the number in the Index and the witness's name, with "examination", "cross-examination," or "re-examination," as the case may be.

Part II.

The word "Exhibits" shall first appear.

The marginal note of the exhibit shall then appear consisting of the exhibit mark and the description of the document in the Index, with the date.

X. The parties shall agree to the omission of formal and irrelevant documents, but the description of the document may appear (both in the Index and in the Record), if desired, with the words "not printed" against it.

"A long series of documents, such as accounts, rent rolls, inventories, etc., shall not be printed in full, unless Counsel so advise, but the parties shall agree to short extracts being printed as specimens.

XI. In cases where maps sent from abroad are of an inconvenient size or unsuitable in character, the Appellant shall, in agreement with the Respondent, prepare in England, from the materials sent from abroad, maps drawn properly to scale and of reasonable size, showing, as far as possible, the claims of the respective parties, in different colours.

E. F. OATEN,

Director of Public Instruction, Bengal.

CALCUTTA, the 20th August 1925.

NOTIFICATION.

Test Examination of private candidates for the Matriculation Examination of 1926.

A Test Examination of private candidates, who have not attended any school, recognised or unrecognised, for at least one year previous to the ensuing examination, will be held in the office of the Inspector of Schools, Presidency Division, Calcutta, from Monday, the 30th November 1925. *Such candidates only as reside in any of the districts of the Presidency Division, including Calcutta, will be admitted to the examination.* The term "private candidate" includes school-masters.

2. Private candidates are those who have not attended any school for at least one year previous to the Matriculation Examination. They should produce proof that they have not attended any school for such period. They should also produce certificates of conduct and progress in studies from the authorities of the last school where they read and also a certificate from other reliable authorities regarding conduct and progress in studies after leaving school. The transfer certificates granted to them by the authorities of the schools in which they studied last or the Registrar's receipt for the fee paid in the case of those candidates who previously appeared at the Entrance or the Matriculation Examination, must be submitted in original along with the application for permission to appear at the Test Examination. A statement of the antecedents of the candidate should accompany his application. He should state whether he has read in any unrecognised school, and if so, in what school and in what year. A student who failed to pass the annual examination for promotion to the first class at the end of the year 1924, and then left school, will, in no circumstances, be allowed to appear at the Test Examination of 1925.

3. *Bona fide* teachers employed in any of the schools in the Presidency Division may be admitted to the examination. They must produce certificates of service and character from their employers or from the Deputy Inspector of Schools of the district concerned.

4. No one shall be admitted to the Matriculation Examination unless he has completed the age of sixteen years on the first day of the month in which the Matriculation Examination is held.

5. Each candidate should submit to the Inspector of Schools, Presidency Division, and *not to the undersigned personally*, not later than the 2nd November 1925, his application for admission to the Test Examination, with the following particulars:—

- (1) Age, (2) residence, (3) father's name, (4) whether he appeared at any previous Entrance or Matriculation Examination, (5) second language besides English, (6) vernacular language, and (7) which two of the following optional subjects he has taken up:—

- (a) Additional Mathematics.
- (b) Additional paper in a classical language.
- (c) History.
- (d) Geography.
- (e) Elementary Mechanics.

6. The admission fee for the examination is Rs. 6 for each candidate. This must be remitted with the application on or before the prescribed date, after which a fine of Rs. 2 will be imposed for each week's delay. **In no circumstances will the admission fee be refunded.**

7. No private student will be admitted to the Test Examination unless he is satisfactorily identified.

8. Candidates who are sent up by this office must appear at the Calcutta examination centre.

9. Those who reside at a distance from Calcutta may, with special permission, present themselves at the Test Examination held by the headmaster of the nearest zilla or Government high school within the Presidency Division, on condition that they appear at the centre selected by the candidates from that institution. The headmasters of such schools are hereby authorised to sign the applications which must afterwards be countersigned by the undersigned. The fees and fines paid by these candidates as per paragraph 6 above should be utilized in meeting the cost of the examination.

10. The date of the Matriculation Examination in 1926 will be notified hereafter.

11. Applications and fees for admission to the examination must reach the office of the Registrar on or before the date to be fixed by the University.

Intermediate and B.A. Examinations in 1926.

Deputy Inspectors, Sub-Inspectors and *bona fide* teachers of English schools in the Presidency Division, who have been employed as such for at least three years preceding the examination, will be admitted to the above examinations on production of certificates of character and length of service (with dates) from their employers. Laboratory assistants and demonstrators and librarians of affiliated colleges will be treated as teachers. *Their applications must reach this office on or before the 3rd December 1925.*

1. In accordance with section 9, Chapter XV, of the revised Regulations dealing with the registration of University students, all candidates who intend to appear at any of the ensuing examinations of the University of Calcutta otherwise than as students of affiliated institutions, and who have applied for or have obtained the special permission of the Senate for the purpose, are required to apply to the Registrar of the Calcutta University for the registration of their names as University students. No person will be deemed a "University student" unless and until his name has been duly registered, and none but "University students" will be eligible for admission to any University examination other than the Matriculation. A registration fee of Rs. 2 must accompany every application.

2. Candidates for the B. A. Examination must send to the Inspector of Schools, Presidency Division, and *not to the undersigned personally*, their F. A., I. A., or I. Sc. certificates, and candidates for the Intermediate Examination their Entrance and Matriculation certificates, together with a letter in original from the Senate of the Calcutta University, permitting them to appear at the examination.

3. Candidates should carefully read the printed form of application and supply all the information required by the University, including the Registrar's receipt in the case of those school-masters who were admitted to a previous examination of the same class.

4. The dates of the Intermediate and B. A. Examinations in 1926 will be notified hereafter.

5. Applications with the countersignature of the undersigned and fees for admission to the above examinations must reach the *office of the Registrar on or before the dates to be fixed by the University*, and must be sent to that office by the candidates direct.

Notice.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after five years of admission. The second quinquennial valuation of the fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General Central Revenues, Imperial Secretariat Buildings, Calcutta.

Bills Introduced in the Bengal Legislative Council, Report of Select Committees presented or to be presented to that Council, and Bills published before introduction in that Council.

GOVERNMENT OF BENGAL.

LEGISLATIVE DEPARTMENT.

NOTIFICATION.

No. 1926 L., dated Calcutta, the 18th August, 1925.—The following Bill was introduced in the Bengal Legislative Council on the 17th August, 1925, and is hereby published for general information together with Statement of Objects and Reasons annexed thereto :—

THE BENGAL HINDU PUBLIC TRUSTS BILL, 1925.

A

BILL

to provide for the control and management of Hindu Religious Public Trusts and other Hindu Charitable Public Trusts in Bengal.

Preamble.

WHEREAS it is expedient to make provision for the control and management of Hindu religious public trusts and also of other Hindu charitable public trusts in Bengal in accordance with the wishes of the persons for whose benefit such trusts exist, for safeguarding the objects for which such trusts are created and for preventing the misuse and securing the proper use of such trust funds and the income thereof;

And whereas the previous sanction of the Governor General has been obtained under sub-section (3) of section 80A of the Government of India Act to the passing of this Act;

It is hereby enacted as follows:—

5 & 6,
Geo. V, c.
61; 6 &
7, Geo. V,
c. 37;
9 & 10,
Geo. V,
c. 101.

Preliminary.

Short title and local extent.

1. (1) This Act may be called the Bengal Hindu Public Trusts Act, 1925.

(2) It extends to the whole of Bengal.

Definitions.

2. In this Act unless there is anything repugnant in the subject or context,—

(1) "Hindu religious public trust" includes a trust originally created or established by an individual or a body of individuals or a family or firm, professing the Hindu faith, for the spiritual benefit of private persons, but which has grown into a public institution by virtue of the habitual receipt of subscriptions or offerings from the public, and also includes a trust or dedication whose origin is lost in antiquity;

(2) "the Board" means the Board of Commissioners constituted under section 3;

(3) "the Commissioners" means the Commissioners elected or nominated under section 3;

(4) "the Committee" means in relation to any trust under this Act, the Committee of Inquiry appointed under section 10;

(5) "trustee" includes a *Shebait*, priest or manager and any person who is for the time being administering any trust property;

(Clauses 3—7.)

- (6) "notification" means a notification published in the *Calcutta Gazette*; and
 (7) "prescribed" means prescribed by rules made under this Act.

Board of Charity Commissioners.

Constitution of
Board of
Commissioners.

3. (1) The Local Government shall appoint a Board of Commissioners consisting of the following persons professing the Hindu religion, namely:— [Cf. Ben. Act XII of 1923, s. 2.]

- (a) four persons to be elected in the prescribed manner by the Hindu members of the Bengal Legislative Council;
 (b) two persons to be elected in the prescribed manner by the Marwari Association and the Marwari Trades Association jointly;
 (c) two persons to be elected in the prescribed manner by such bodies of individuals as the Local Government may from time to time prescribe; and
 (d) two persons to be nominated by the Local Government.

(2) If any of the bodies referred to in clauses (a), (b) and (c) of sub-section (1) does not by such date as may be prescribed by the Local Government elect the members mentioned therein, the Local Government shall nominate qualified persons to be Commissioners who shall be deemed to be duly elected by such bodies.

(3) The names of the elected and nominated Commissioners shall, be published in the *Calcutta Gazette*.

Incorporation
of Board of
Commissioners.

4. The Board of Commissioners shall be a body corporate by the name of the "Hindu Charity Commissioners of Bengal" having perpetual succession and a common seal and in that name shall sue and be sued, and shall have power to acquire and hold property, to enter into contracts and to do all acts consistent with this Act, which may in their opinion be necessary for, or conducive to, the carrying out of the purposes and provisions of this Act. [Cf. Ben. Act XII of 1923, s. 3.]

Period of
office of the
Commissioners.

5. The elected and nominated Commissioners shall, save as is herein otherwise provided, hold office for a period of three years from the date of the publication of their names in the *Calcutta Gazette*: [Cf. Ben. Act XII of 1923, s. 4.]

Provided that the elected and nominated Commissioners shall be eligible for re-appointment.

Quorum.

6. (1) The quorum necessary for the transaction of business at meetings of the Commissioners shall be five, and at adjournment meetings shall be three. [Cf. Ben. Act XII of 1923, s. 5.]

(2) No act of the Commissioners shall be invalid merely by reason of any defect or invalidity in the appointment of any elected or nominated Commissioner or by reason of the number of Commissioners being less than that prescribed by section 3.

Power to
appoint new
Commissioners.

7. If an elected or nominated Commissioner—
 (a) dies, or

[Cf. Ben. Act XII of 1923, s. 6.]

(Clauses 8—10.)

- (b) is absent from the meetings of the Commissioners for more than six consecutive months, or
- (c) desires to be discharged, or
- (d) refuses to act or becomes incapable of acting, or
- (e) is an undischarged insolvent or compounds with his creditors for less than sixteen annas to the rupee, or
- (f) is convicted by a Court of competent jurisdiction of an offence involving moral turpitude, or
- (g) renounces the Hindu religion,

the Local Government shall declare his post to be vacant and call upon the authority which elected or nominated him to, and such authority shall, elect or nominate, as the case may be, a new Commissioner to fill such vacancy for the unexpired portion of the term for which such Commissioner would otherwise have continued in office.

Delegation of powers to sub-committees.

8. (1) The Board shall have power from time to time to delegate, subject to such conditions as they think fit, any of their powers to sub-committees consisting of such Commissioners as they shall think fit. [Of. Ben. Act 1 of 1920, s. 20.]

(2) The Board shall have power to control the action of, or any of the powers exercised by, any such sub-committee.

Petition of Complaint and Committee of Inquiry.

Application for an inquiry into the management of a trust.

9. Whenever it shall appear to ten or more persons for whose benefit a Hindu religious public trust or a Hindu charitable public trust exists that the object for which it was created is not being properly carried out or that its funds or income are or is being misused or that the provisions of section 16 should be enforced, they may apply to the Board for an inquiry to be made into the management of such trust under the provisions of this Act.

Appointment of a Committee of Inquiry.

10. (1) The Board may, thereupon, appoint a Committee of Inquiry consisting of such number of suitable persons from amongst the persons for whose benefit the particular trust exists as may be deemed necessary to inquire into the management of such trust, and shall appoint one of them to be the president, and thereafter all proceedings in connection therewith shall be conducted by such Committee in accordance with rules prescribed by the Local Government.

(2) If the services of any member of the Committee of Inquiry be not available for the purposes of the inquiry, or if, during the course of the inquiry any member dies, resigns or is otherwise unable to continue to do his duties, the Board may appoint another person to be a member and the inquiry shall be continued by the Committee of Inquiry as so reconstituted:

(Clauses 11—16.)

Provided that the presence of at least one fourth of the members of the Committee shall be necessary to proceed with the inquiry.

Powers of the
Committee of
Inquiry.

11. For the purposes of inquiry under this Act the members of the Committee shall have all the powers under the Code of Civil Procedure, 1908, for compelling the attendance of witnesses or the production of documents, and every person whom the Committee may require shall afford every reasonable facility for the conduct of such inquiry. V of 1908.

Schemes by
the Committee.

12. It shall be lawful for the Committee to submit their report and to frame, in case of necessity, a scheme for the better control and management of a trust in respect of which it was appointed including the disposal of all surplus funds at the disposal of the trustees, and also to make rules for the better and proper management of the trust in respect of which the Committee was appointed.

Form of report.

13. The report or scheme, as the case may be, shall be signed by all the members of the Committee. If in any matter there is a difference of opinion among the members the opinion of the majority shall prevail, and their report shall be expressed in the terms of the views of the majority.

Power to Local
Government to
issue orders.

14. (1) The Board shall, after previous publication in the *Calcutta Gazette* and after considering the views of the persons likely to be affected thereby, with or without modification, recommend to the Local Government that the report be carried out and that the scheme or rules made by the Committee shall govern the future management of the particular trust.

(2) The Local Government shall issue orders in accordance with such recommendation and shall have all powers necessary to give effect thereto.

Misappropriation of trust funds.

15. Subject to the provisions of any other law for the time being in force, persons guilty of misappropriation of trust funds shall be made to reimburse the amount so misappropriated.

Application of Surplus Funds.

Application of
surplus trust
funds.

16. (1) Where the purpose of a Hindu religious public trust or a Hindu charitable public trust has from the beginning been, or has subsequently become, impossible of realisation, or where the machinery for effectuating the original purposes of the endowment has failed or no longer exists, or where, after satisfying adequately the purposes of the endowment and after setting apart a sufficient sum for the repair and renovation of the buildings connected therewith there is a surplus which is not required for such purposes, the trustees may apply, or the Committee may report, to the Board for sanction to devote the amount of the endowment or such surplus as may be available, as the case may be, to religious, educational, or other charitable purposes not inconsistent with the object of such endowment.

(Clauses 17—21.)

(2) It shall be competent to the Board if it is satisfied that the application or report is reasonable to determine what portion of such amount or surplus shall be retained as a reserve fund for the endowment and to direct the remainder to be devoted to any religious, educational or other charitable purpose approved by the Board, and the provisions of section 14 shall apply *mutatis mutandis*.

(3) The Board may from time to time on the application of the trustees of the endowment concerned or a person having an interest therein review, rescind or vary any order passed under sub-section (2).

Miscellaneous.

Bar to certain suits.

17. No suit or other legal proceeding shall lie in any Court against the decision of the Board or the Local Government under sections 14, 15, or 16 :

Provided that any person interested in the trust may institute a suit in a Civil Court of competent jurisdiction if he can satisfy such Court that the objects of the trust relating to which the order was made would be frustrated by the decision of the Board :

Provided also that in such suit the applicants under section 9 shall be made parties to the suit.

Deposit of security.

18. (1) At the time of the presentation of an application under section 9 the applicants shall deposit or cause to be deposited with the Board such sum, as the Local Government may prescribe, in cash or in Government promissory notes of equal value at the market rate of the day, and in such manner as the Local Government may prescribe, and no application shall be deemed to be duly presented unless such deposit has been made.

(2) If the Committee find that the application was made mischievously or maliciously the deposit shall be forfeited to the Board :

Provided that if the Committee find that the application was made in good faith though the allegations are not proved, the deposit shall be refunded to the applicants or the survivors of them and the expenses shall be borne by the trust fund.

Commissioners to be public servants.

19. Every Commissioner and every member of a Committee of Inquiry appointed under this Act shall be deemed to be a public servant within the meaning of section 21 of the Indian Penal Code, 1860.

XLV of 1860.

Indemnity.

20. No suit, prosecution or other legal proceeding shall lie against the members of the Committee of Inquiry or the Commissioners or any person acting under the direction of the Committee of Inquiry or the Commissioners in respect of anything which is, in good faith, done or intended to be done under this Act or under any rule made thereunder.

[Of. Ben. Act 1 of 1920, s. 34.]

Power to Local Government to make rules.

21. (1) The Local Government may make rules to carry out the purposes of this Act.

(Clause 22.)

(2) In particular and without prejudice to the generality of the foregoing power such rules may prescribe—

- (a) the procedure to be followed by the Committee of Inquiry;
- (b) the method of election of persons under clauses (a), (b) or (c) of sub-section (1) of section 3;
- (c) the amount of deposit to be made when an application is presented under section 9 and the manner in which such deposit shall be made; and
- (d) the manner of conducting the business of the Board and the procedure to be followed in electing its president from amongst its members.

Exemption of Private Trusts.

Saving of
private trusts.

22. Nothing in this Act shall apply to any trust which is created or established—

- (a) by an individual or a single family or a single firm out of funds belonging to him, or it, or
- (b) for the benefit of specified persons or relations only,

if such trust has not lost such character either by habitual receipt of subscriptions or offerings from the public or by usage or implied dedication, or if its origin is not lost in antiquity.

STATEMENT OF OBJECTS AND REASONS.

The question of the control and management of Hindn Religious Public Trusts and other Hindu Charitable Public Trusts has been exercising the minds of the Indians for a large number of years. Some years ago Dr. Rash Behari Ghose (as he then was) and after him Mr. Bhupendra Nath Bose introduced Bills in the Indian Legislative Assembly for the purpose. Subsequently the Muhammadan Waqf Act was passed by the Indian Legislative Assembly. Dr. Gour has also introduced a Bill in that body almost on the same lines as the Muhammadan Waqf Act, but that Bill only contains provision for the submitting of accounts and other information by the Trustees, etc.

The Madras Legislative Council passed an Act dealing with the proper management of temples, *maths* and other trusts, and that Act has had a chequered career by reason of His Excellency the Viceroy having withheld assent.

In Bengal also there is a strong feeling that some legislation should be introduced to make provision for the control and management of such trusts as aforesaid in accordance with the wishes of the persons for whose benefit such trusts exist, for safeguarding the objects for which such trusts are created and for preventing the misuse and securing the proper use of such trust funds and the income thereof. It is thought that in connection with many trusts the trustees and Shebaitis in a large number of cases misuse the funds for their own enjoyment or enrichment instead of applying the same to their proper purposes. In the case of some big temples there is a general complaint that the Shebaitis extort money even from the poor pilgrims which they have no right to do.

The law that prevails at present is found to be unsuitable for redress of grievances in several ways. The plaintiffs have to set forth all the grievances which it is often very difficult to do in view of the fact that there is no machinery by which the would-be plaintiff is entitled to make the necessary investigations. The Court has to look into the customs attaching to any trust and the present law does not enable the Court to give any directions contrary to custom, though having regard to the change of times, circumstances and feelings of the people a change in the custom itself is necessary. There is a great difficulty as regards the proper application of Surplus Income. The procedure is very dilatory, embarrassing and expensive and consequently it is too much for a member of the public to set in motion.

The Bill as drawn up provides for a simple procedure. It provides for a Board of Commissioners consisting of 10 members of whom eight would be elected and two nominated. Any 10 persons for whose benefit a public trust exists can present a petition of complaint to the Board of Commissioners. On receiving the petition the Board may appoint a Committee of Inquiry. On receiving the report of the Committee and after considering the views of the persons likely to be affected thereby the Board would advise the Local Government to issue orders in accordance with the directions recommended by the Board. Clause 16 of the Bill provides for the application of Surplus Funds.

Clause 22 exempts from the application of the Act any trust which is created or established by an individual or a single family or a single firm out of funds belonging to him or it or for the benefit of specified persons or relations only unless the trust has become a public trust.

The Bill is confined to Hindu Public Trusts only. It is sought to be introduced as the first step in the direction of a proper control and management of public trusts. After experience is gained in the administration of the Act and after a full inquiry is made of the various trusts that exists in the province it may be found to be feasible to have a more detailed law on the subject.

GOVERNMENT OF BENGAL.

LEGISLATIVE DEPARTMENT.

NOTIFICATION.

No. 19271., dated Calcutta, the 18th August, 1925.—The following Bill was introduced in the Bengal Legislative Council on the 17th August, 1925, and is hereby published for general information, together with Statement of Objects and Reasons annexed thereto :—

**THE CALCUTTA RENT (AMENDMENT No. II)
BILL, 1925.**

**A
BILL**

further to amend the Calcutta Rent Act, 1920.

WHEREAS it is expedient further to amend the Calcutta Rent Act, 1920, in the manner hereinafter appearing; Ben. Act.
III of
1920.

And whereas the previous sanction of the Governor General has been obtained under sub-section (3) of section 80 A of the Government of India Act to the passing of this Act; 5 & 6,
Geo. V, c.
61; 6 &
7, Geo. V,
c. 37; 9
& 10,
Geo. V,
c. 101.

It is hereby enacted as follows :—

Short title.

1. This Act may be called the Calcutta Rent (Amendment No. II) Act, 1925.

Amendment of
section 2 of Ben.
Act III of 1920.

2. In clause (e) of section 2 of the Calcutta Rent Act, 1920 (hereinafter referred to as the said Act), after the words "part of a building" the words "whether furnished or unfurnished" shall be inserted.

Amendment of
section 11.

3. In section 11 of the said Act,—

(1) in sub-section (1), for the words "so long as the tenant pays rent to the full extent allowable by this Act, and performs the conditions of the tenancy" the following shall be substituted, namely :—

"so long as the tenant pays the standard rent fixed by the Controller or, if no such rent has been fixed, the rent payable under sub-clause (i) or sub-clause (ii) of clause (f) of section 2."

(2) after the proviso to the same sub-section the following shall be inserted, namely :—

"*Explanation (1).*—A landlord shall not be deemed to require any premises for his own occupation or for the occupation of any other person unless the landlord can prove that he or the person for whose occupation the premises are alleged to be required, as the case may be, is prevented by circumstances beyond his control from continuing to reside in the house in which he has hitherto been residing.

"*Explanation (2).*—No premises shall be deemed to be required for building or re-building purposes within the meaning of this proviso unless the Controller shall certify that the same are in such a dilapidated condition as to be unfit for occupation and that they cannot be made fit for occupation without unreasonable expenditure."

(Clause 4.)

(3) to sub-section (4) the following shall be added, namely :—

“ A deposit under this sub-section shall operate as a full acquittance to the extent of the amount deposited.”

(4) for sub-section (5) the following shall be substituted, namely :—

“ (5) No tenant shall be entitled to the benefit of this section in respect of any premises unless he pays to his landlord or deposits with the Controller the standard rent fixed for the premises or if no such rent has been fixed the rent payable under sub-clause (i) or sub-clause (ii) of clause (f) of section 2, within the time fixed in the contract with his landlord, or in the absence of any such contract, by the fifteenth day of the month next following that for which the rent is payable :

Provided that a tenant shall not lose the benefit of this section if he pays to his landlord or deposits with the Controller the rent payable under this sub-section before any suit for ejectment is instituted in any court by the landlord against him, or, when the standard rent is fixed by the Controller at a sum greater than the amount deposited, the tenant deposits the difference within a month of the Controller's decision.”

Amendment of
section 15.

4. In section 15 of the said Act,—

(1) for clause (b) of sub-section (3) the following shall be substituted, namely :—

“ (b) where the premises are let furnished or with other conveniences.”

(2) after proviso (ii) to sub-section (3) the following shall be inserted, namely :—

“ (iii) notwithstanding anything contained in sub-clause (ii) of clause (f) of section 2 the standard rent of any premises which form part of a building shall be fixed at a fair proportion of the rent which is, or which in the opinion of the Controller would be, the standard rent of the whole building if the provisions of this Act applied to the whole building ;

(iv) in the case of premises let furnished, or with other conveniences, the Controller shall assess the standard rent for the premises and also a fair sum for the furniture or other conveniences separately, and the aggregate shall be deemed to be the standard rent so long as the tenant retains the furniture or the conveniences.”

(3) after sub-section (6) the following shall be inserted, namely :—

“ (7) An application under this section shall not be liable to be dismissed on the ground that

(Clause 5.)

the relationship of landlord and tenant has ceased subsequently to the application, but an application by a tenant under this section shall be dismissed when the Controller finds that the applicant has omitted to pay to his landlord or to deposit with the Controller the rent payable by him under sub-section (5) of section 11."

Insertion of new
section 27.

5. After section 26 of the said Act the following shall be inserted, namely :—

" 27. Notwithstanding anything contained in sub-section (2) of section 2 of the Calcutta Rent (Amendment) Act,

Jurisdiction of the Controller and the President of the Tribunal in certain cases.

Ben. Act
I of 1924.

1924, the Controller and the President of the Tribunal shall continue to exercise the jurisdiction conferred on them, respectively, by this Act, in all cases pending before them on the 31st day of March, 1924, relating to premises the rent of which exceeded two hundred and fifty rupees a month on the first day of November, 1918, and they shall for this purpose grant all applications for the restoration of any such cases that may have been dismissed since the 31st day of March, 1924, if such applications are presented to them within three months from the commencement of the Calcutta Rent (Amendment No. II) Act, 1925."

STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to rectify some anomalies of the Calcutta Rent Act, 1920, and to remove some ambiguities in its wording which have led the President of the Tribunal and the High Court to interpret some of the sections in a way that has to a great extent been prejudicial to the objects of the Act itself.

At the time of the introduction of the Calcutta Rent (Amendment) Bill of 1924 in the January session of the Bengal Legislative Council by which the operation of the Act in respect of premises the rent of which did not exceed Rs. 250 in November 1918 was extended till the end of March 1927, the mover undertook to bring in a Bill later on to remove the defects of the Act. The principal amendments have been necessitated by the following circumstances :—

(a) The President of the Tribunal held that when part of a building is separately let for the first time it is a case of " first letting " within the meaning of section 2 (f) (ii). This has, however, been held by the High Court to be wrong in the case *Roberro vs. Jacob* reported in 27 C.W.N., p. 569.

(b) In the case of *Wells vs. Dickinson* reported in 28 C.W.N., p. 774, Mr. Justice Buckland held that when a house is let furnished the Controller or the Court cannot interfere with the amount which the parties fixed as rent because it includes the hire of furniture which is not rent payable for the premises as defined in section 2 (c).

(c) Again in the case of *Bhulchand vs. Grace* reported in 26 C.W.N., p. 678, Mr. Justice Buckland held that a tenant who had once made default in paying his rent was for ever deprived of the benefits of the Act by reason of section 11 (5) although the rent had been subsequently paid and the landlord had accepted it.

(d) In many cases landlords have abused the provisions of the proviso to section 11 (7) and obtained decrees for ejectment on the pretext of requiring premises for their own occupation or for rebuilding. In the case of *R. M. Chatterjee vs. D. O. C. Ryan* the High Court has held that the Court cannot question the landlord's *bona fides* if he simply produces an Engineer's certificate that the house requires to be rebuilt.

These interpretations of the various sections have enabled middlemen, profiteers and unscrupulous landlords to evade the provisions of the Act.

Doubts have also arisen as to the jurisdiction of the Controller and the President of the Tribunal in respect of premises which have been excluded from the operation of the Act by the Calcutta Rent (Amendment) Act, 1924 (Bengal Act, I of 1924).

The present Bill aims at removing these defects and anomalies. . .

THE BENGAL PASTURE BILL, 1925.

A

BILL

to provide for Pasture Lands in Bengal.

Preamble.

WHEREAS it is expedient to make provision for the acquisition, recovery, protection and management of pasturages in Bengal;

And whereas the previous sanction of the Governor General has been obtained under sub-section (3) of section 80A of the Government of India Act, to the passing of this Act;

It is hereby enacted as follows :—

5 & 6, Geo.
V, c. 61 ;
6 & 7, Geo.
V, c. 37 ;
9 & 10,
Geo. V,
c. 101.

CHAPTER I.

Preliminary.

Short title, local extent and commencement.

1. (1) This Act may be called the Bengal Pasture Act, 1925.

(2) It extends to the whole of Bengal.

(3) It shall come into force on such date as the Local Government may, by notification in the *Calcutta Gazette*, direct.

Definitions.

2. In this Act, unless there is anything repugnant in the subject or context,—

(1) “ land at the disposal of Government ” means all unoccupied land, whether assessed or unassessed, and all land which was used formerly for pasture but has subsequently been encroached; and

(2) “ cattle ” means bulls, buffaloes, cows, bullocks, calves and heifers.

CHAPTER II.

Extent and Acquisition of Pasturage.

Power to constitute pasturages.

3. The Local Government may constitute any land at the disposal of Government to be pasturage in the manner hereinafter provided.

Notification by Government.

4. Whenever it appears to the Local Government that land in any locality is likely to be needed for the purpose of pasturage, a notification to that effect shall be published in the *Calcutta Gazette*—

(a) specifying, as nearly as possible, the situation and boundaries of such land;

(Clauses 5-7.)

- (b) declaring that it is proposed to constitute such land as pasturage; and .
- (c) directing the Collector of the District in which such land is situated to inquire into and determine the existence, nature and extent of any rights claimed by, or alleged to exist in favour of, any person in or over any land comprised within such boundaries and to deal with the same as provided in this chapter.

Proclamation
and notice by
Collector.

5. (1) When a notification has been issued under section 4, the Collector shall cause to be published a proclamation by posting a copy thereof—

- (a) at the headquarters of each district in which any portion of the land included in such notification is situate;
- (b) at every subdivisional office, police-station, munsif's court and sub-registrar's office within the jurisdiction of which any portion of the land is situate;
- (c) at one or more *mal-cutcherries* on each estate; and
- (d) at such other place or places as to the Collector may seem fit—
 - (i) specifying, as nearly as possible, the situation and boundaries of the land proposed to be included within the pasturage;
 - (ii) explaining the consequences which, as hereinafter provided, will ensue on the reservation of such land as pasturage; and
 - (iii) fixing a period not less than a month and not more than two months from the date of publishing such proclamation, and requiring every person claiming any right referred to in clause (c) of section 4, either to attend his court in person, within such period, or to put in a written statement, within such period, of the nature of such right, and in either case to produce all documents in support thereof.

(2) The Collector shall also serve a notice to the same effect on every known or reputed owner or occupier of any land included in or adjoining the land proposed to be constituted as pasturage, or on his recognised agent or manager.

Bar of accrual
of rights.

6. During the interval between the publication of such proclamation and the date fixed by the notification under section 11, no right shall be acquired in or over the land included in such proclamation.

Inquiry by
Collector.

7. The Collector shall take down in writing all statements made under section 5 and shall inquire into all claims made under that section, recording the evidence in the manner prescribed by the Code of Civil Procedure, 1908.

(Clauses 8-13.)

Powers of
Collector.

8. For the purposes of such inquiry, the Collector may exercise the following powers, namely :—

- (a) the power to enter, by himself or by any person authorised by him in writing in this behalf, upon any land and to survey, demarcate and prepare a map of the same; and
- (b) the powers conferred on a Civil Court by the Code of Civil Procedure, 1908, for compelling the attendance of witnesses and the production of documents.

V of 1908.

Claims to rights.

9. (1) In case of a claim to a right in or over any land other than the following rights :—

- (a) a right of way,
- (b) a right to water-course, or to the use of water.

the Collector shall pass an order specifying the particulars of such claim and admitting or rejecting the same wholly or in part.

(2) If such claim is admitted wholly or in part, the Collector shall either—

- (a) come to an agreement with the claimant for the surrender of the right; or
- (b) proceed to acquire such land in the manner provided by the Land Acquisition Act, 1894.

I of 1894.

Claims to be
rejected.

10. (1) In the case of a claim to rights specified in clauses (a) and (b) of sub-section (1) of section 9 the Collector shall reject such claim wholly.

(2) No appeal shall lie against any order rejecting a claim of the kind specified in clauses (a) and (b) of sub-section (1) of section 9.

Notification
declaring the
land as
pasturage.

11. When—

- (a) the period fixed under clause (iii) of sub-section (1) of section 5 for preferring claims has elapsed; and
- (b) all proceedings prescribed by section 9 have been taken,

the Local Government shall publish a notification in the *Calcutta Gazette*, specifying the boundaries of the land to be made pasture land and declaring the same to be reserved for pasturage from a date to be fixed by such notification; and from the date so fixed such land shall be deemed to be reserved for pasturage.

Acquisition
by local
authorities.

12. It shall be lawful for a local authority, with the approval of the Local Government, to apply its funds from time to time for acquiring by purchase or by lease or under the provisions of the Land Acquisition Act, 1894, suitable lands in well distributed centres for the purposes of pasturages for the cattle within its local limits.

Power to levy
tax by local
authorities.

13. For the purpose of acquiring pasture lands, a local authority shall have power to levy an annual tax not exceeding a half *per cent.* of the annual value of all lands and buildings within its jurisdiction for a period not exceeding five years, or where a tax on land or buildings is not levied, a local authority may levy a surcharge

(Clauses 14-21.)

equivalent to half an anna per rupee of local rates payable by residents within its jurisdiction for a period not exceeding five years :

Provided that a local authority shall not levy any tax or surcharge on lands or buildings with an annual valuation of fifty rupees or less.

Forfeited
landlord's fees.

14. All sums forfeited under section 18C of the Bengal Tenancy Act, 1885, shall be utilised in acquiring pasturages in pursuance of the notification published under section 4. VIII of 1885.

CHAPTER III.

Recovery of Pasture.

Recovery of
pasture.

15. It shall be the duty of the Collector of a district to recover all lands duly recorded as pasture in any settlement *Chitta* or in any survey paper or other record of rights.

Duty of
settlement
officers.

16. All settlement officers shall, at every settlement operation, inquire as to which lands were formerly and are at the time of such operation used for grazing purposes as pasture lands and shall record the areas, boundaries, and full specifications of all such lands.

The settlement officers shall also reinstate all lands admitted to be pasture lands.

Settlement
officer to inform
Collector as to
disputed
pastures.

17. Every settlement officer shall inform the Collector if in the course of any such inquiry he is of opinion that a particular plot of land is or was in all probability pasture land though disputed by the local people or by the reputed owner.

Such information shall give full specifications of the land, and upon such information the Collector shall, with the previous approval of the Local Government, proceed to recover such land.

Duty of survey
officers.

18. In all survey operations it shall be the duty of the survey officers to record all pasture lands and demarcate them from the rest.

Recovery of
pasture by
public.

19. Five or more persons living in a locality, after taking the previous permission of the Local Government, may proceed in the manner hereinafter appearing to recover any land which they allege to be pasture land.

For the purposes of this section, the permission of the Local Government shall be deemed to have been given if refusal is not communicated within two months of the receipt by them of the letter asking permission.

Mode of recovery
of pasture.

20. All recovery of pasture lands under section 19 shall be by means of an application to the Collector who shall as soon as possible, after giving due notice to the persons possessing the lands and to the reputed owners thereof, hear the application, take evidence if necessary, scrutinise all documents and pass orders.

No limitation
for recovery.

21. No limitation shall run against applications for the recovery of pasture under the provisions of this chapter.

(Clauses 22-29.)

Revision by
High Court.

22. No appeal shall lie against the decision of the Collector under section 20; but the High Court may, for special reasons, exercise powers of revision against the decisions of the Collector under section 115 of the Code of Civil Procedure, 1908.

V of 1908.

CHAPTER IV.

Maintenance and Management of Pasturages.

Pasture lands
to vest in
village Board.

23. All lands acquired or recovered as pasture lands or subsequently added thereto, except such as are acquired by a local authority under the provisions of section 12, shall vest in a village Board which shall be constituted in the manner provided in section 24.

Constitution of
village Board.

24. The village Board shall consist of seven persons of one village or more than one village as the case may require, three to be nominated by the Sub-divisional officer of the sub-division in which the village is situate and the rest to be appointed by the local authority having jurisdiction over the area or in default thereof by the Sub-divisional officer.

Powers of village
Boards over
pasture lands.

25. All pasture lands situated in one village shall vest in the village Board who shall have full powers of control and management of such lands subject to the provisions of this chapter.

Grazing fees.

26. (1) It shall be lawful for a village Board to levy such grazing fees as may be prescribed from time to time by the Board with the approval of the Local Government.

(2) All rules made under sub-section (1) shall be posted up in a conspicuous position at the office of that village Board and in such other public places as the village Board may direct.

Secretary to
collect grazing
fees and to keep
accounts.

27. The village Board shall appoint one of their number as Secretary, and his duties shall be to collect all grazing fees, grant receipts for the same, to keep accounts of collections and expenditure of money and to send regularly quarterly accounts within fifteen days from the end of each quarter to the Sub-divisional officer.

Application
of money.

28. All sums levied by the village Board under section 26 may at the discretion of the board be applied for all or any of the following purposes, namely:—

- (a) for purchasing grass roots, fodder seeds and seedlings for cultivation on the village pasture;
- (b) for raising fodder crops and grasses;
- (c) for the collection of dues; and
- (d) generally for the protection and maintenance of pasture land vested in the village Board.

Number of
cattle to be
fixed for grazing.

29. Each village Board shall allow a limited number of village cattle to graze on the portion or portions of the village pasture whereon grass has been

(Clauses 30-36.)

grown or natural grass has grown, but not on the portion where fodder crops have been cultivated; and shall determine the number of cattle that shall be allowed from time to time to graze on such portions.

Fodder crops.

30. Fodder crops raised by the village Board from the village pasture shall be sold at public auction to the highest bidder and the amount so realised shall be dealt with in accordance with the provisions of section 28.

Revenue free or rent free.

31. All pasture lands acquired or recovered under the provisions of this Act shall be free from revenue and rent of all kinds.

Vesting of pastures in local authorities.

32. All lands acquired by a local authority under the provisions of section 12, shall be under the control of that authority and shall be subject to the provisions contained in sections 26, 28, 29 and 30.

CHAPTER V.

On the reservation of forest areas for pasturage.

Forest areas to be opened for grazing.

33. Forest areas close to inhabited areas shall be forthwith opened for free grazing of cattle and the Local Government shall issue notifications from time to time defining areas reserved for free grazing.

CHAPTER VI.

Records and Registers.

Register of pasturage.

34. It shall be the duty of every village Board and of every local authority to maintain a register of all pasture lands showing—

- (1) the area of such lands;
- (2) their boundaries;
- (3) the name of the village in which they are situated;
- (4) the plot number, the survey number and the *Chitta* number;
- (5) the rate of grazing fees and the amount realised every year;
- (6) the number of cattle allowed to graze daily; and
- (7) the total number of cattle of different kinds that grazed during the year.

Copy of register to be sent to Sub-Divisional Officer for publication.

35. A copy of the register prepared under section 34 shall be sent at the end of every year to the Sub-Divisional Officer who shall cause it to be published in the *Calcutta Gazette*.

Register in every district.

36. Every Collector shall maintain a permanent record of all pasture lands in his district in which all additions and alterations shall be noted. It shall be kept open for inspection by the public every day at such hours as the Collector may prescribe.

(Clauses 37-40.)

List of pasturages
by settlement
and survey
officers.

37. All settlement officers and survey officers shall, in preparing the record of settlement and survey make a separate list of pasturages showing all the details mentioned in section 34 which shall be regularly published at the end of each settlement or survey operation.

CHAPTER VII.

Miscellaneous.

Punishment for
encroachment.

38. If any pasture land, constituted or recovered under the provisions of this Act, is encroached on by any person, the Secretary of the village Board or the local authority within whose limits such pasture lands are situate shall institute proceedings before a Magistrate having jurisdiction in the locality, who on the offence being proved, shall convict and sentence the person to pay a fine which may extend to two hundred and fifty rupees.

The Magistrate shall, in case of conviction, order payment of compensation to the village Board or to the local authority out of the fine as may appear to him just considering the cost incurred by that village Board or local authority.

Realisation of
fine.

39. In case of non-payment, the fine may be realised by any of the processes laid down in the Code of Criminal Procedure, 1898, and the amount of compensation ordered under section 38 shall on realisation be paid to the village Board or to the local authority, as the case may be. v of 1898.

Rules.

40. (1) The Local Government may make rules to carry out the purposes of this Act.

(2) In particular and without prejudice to the generality of the foregoing power such rules may prescribe—

- (1) the form of keeping accounts;
- (2) the form of receipts to be granted to payees;
and
- (3) the form in which the extent, situation and boundaries, etc., of pasture lands are to be kept.

STATEMENT OF OBJECTS AND REASONS.

The Bill intends to secure the right of pasturage in lands formerly used as such but since encroached for cultivation or otherwise. The need for such a measure will be apparent on reading cattle census reports and settlement reports of various provinces which complain of the serious want of pasturage and encroachment of land for cultivation. Similarly one of the causes ascribed for the deterioration of cattle of this country has been the gross inadequacy of pasture land which is also considered to be a circumstance adverse to cattle breeding. The grazing that exist in this country now are very poor both in quality and in quantity. The proportion of grazing lands to the total land area of India is the minimum of all the countries being 1 : 27, whereas the proportion in Japan is 1 : 6, in Germany 1 : 6, in New Zealand 1 : 3. The great shortage of pasture land will also be apparent from a comparison of the number of acres that is available for grazing per head of cattle in different countries. It is only .17 in Bengal and a little more in other provinces in India, 1.6 in the United States of America, 1.35 in New Zealand and 1.44 in Germany.

43. In section 143 of the said Act, for the words "the Lieutenant-Governor" the words "a District Board" shall be substituted.

STATEMENT OF OBJECTS AND REASONS.

This Bill is intended to develop further the system of Local Self-Government in Bengal and to secure this end the local authorities should be invested with more and more powers and responsibilities for the management of their own affairs. Such steps are suggested in the Bill as will lead to the progressive realisation of Local Self-Government in the areas administered by the local authorities created by the Local Self-Government Act of 1885.

GOVERNMENT OF BENGAL.

LEGISLATIVE DEPARTMENT.

No. 1928L., dated Calcutta, the 18th August, 1925.—The following Bill was introduced in the Bengal Legislative Council on the 17th August, 1925, and is hereby published for general information, together with Statement of Objects and Reasons annexed thereto :—

**THE BENGAL VILLAGE SELF-GOVERNMENT
(AMENDMENT) BILL, 1925.**

**A
BILL**

*to amend the Bengal Village Self-Government Act,
1919.*

Preamble.

WHEREAS it is expedient to amend the Bengal Village Self-Government Act, 1919, in the manner hereinafter appearing;

It is hereby enacted as follows:—

Short title.

1. This Act may be called the Bengal Village Self-Government (Amendment) Act, 1925.

New section substituted for section 20 of Bengal Act V of 1919.

2. For section 20 of the Bengal Village Self-Government Act, 1919 (hereinafter referred to as the said Act), the following shall be substituted, namely:—

Ben. Act V of 1919.

“ 20. (1) The union board shall appoint a person to be a dafadar or a chaukidar subject to the approval of the District Magistrate.

Appointment and dismissal of dafadars and chaukidars.

(2) The union board may dismiss any dafadar or chaukidar subject to the approval of the District Magistrate.

(3) Notwithstanding anything contained in sub-section (1) any dafadar or chaukidar already employed in any of the existing union boards and appointed before the date on which the Bengal Village Self-Government (Amendment) Act, 1925, comes into operation, shall be considered to be duly appointed under this Act.”

New section substituted for section 21 (1) of Bengal Act V of 1919.

3. For sub-section (1) of section 21 of the said Act the following shall be substituted, namely:—

“ 21. (1) The number of dafadars and chaukidars to be employed in a union, the salary to be paid to them and the nature and cost of the equipment shall be determined by the union board subject to the approval of the district magistrate.

Notwithstanding anything contained in this sub-section, the number of dafadars and chaukidars employed in a union, the salary to be paid to them and the cost of their equipment shall continue to be the same as on the day on which the Bengal Village Self-Government (Amendment) Act, 1925, comes into operation until altered under the provisions of this sub-section.”

STATEMENT OF OBJECTS AND REASONS.

Section 12 of the Village Chaukidari Act of 1870 dealing with the authority to determine the salaries of chaukidars has been amended by the Bengal Legislative Council in its August session of 1922. Section 11 of the same Act dealing with the authority to determine the number of chaukidars has also been amended by the Legislative Council in the July session of 1923. With a view, therefore, to bring the Bengal Village Self-Government Act of 1919 into a line with the amended Village Chaukidari Act—which Act again the Act of 1919 seeks to replace—it is proposed by clause 3 of this Bill to amend section 21 of Bengal Act V of 1919. The limited powers of appointment and dismissal of chaukidars proposed to be conferred on the union board by clause 2 of this amending Bill are no new powers but are much the same as those that were conceded to the panchayets by section 35 of the Act of 1870. The power of appointing chaukidars was taken away from the panchayets by section 11 of the amending Bengal Act I of 1892 and section 20 of the Bengal Village Self-Government Act of 1919, modelled as it is on that section of the aforesaid amending Act, only goes further to deprive the village authorities of such powers. Clause 2 of the Bill therefore proposes to revive to some extent the powers of the village authorities as they existed under the Act of 1870.

DEPARTMENT OF AGRICULTURE, BENGAL.

Monthly Weather and Crop Report of Bengal for July 1925.

I. Character of the season.—The rainfall during the month was markedly in defect of the average. The precipitation was, however, above the normal in the districts of the 24-Parganas, Nadia, Murshidabad, Bankura, Midnapore, Howrah, Malda, Bakarganj, Chittagong and Noakhali. The usual rainfall statement is appended.

II. Progress of agricultural operations.—Transplantation of winter paddy seedlings is proceeding slowly, especially in the West Bengal districts and parts of Mymensingh, for want of sufficient rain. The progress of the operation so far made is behind that of last year. The cutting, steeping and retting of jute continued, although difficulty was felt for retting in parts of Mymensingh, for want of sufficient water. Harvesting of autumn paddy continued in full swing.

III. State of standing crops.—The condition of standing crops was generally fair. Want of sufficient rain was generally felt throughout the Province, especially in the West Bengal districts.

IV. **Prospects and probable outturn.**—Owing to the fact that late transplantation means a lighter crop, the matter is now beginning to assume a serious aspect, especially in West Bengal, Mymensingh and Malda. The prospects of sugarcane and other standing crops are fair.

V. **Damage to standing crops.**—Some damage was done to the standing crops by insect pests in parts of the 24-Parganas, Nadia, Murshidabad, Jessore, Rajshahi and Faridpur.

VI. **Condition of agricultural stock.**—The condition of livestock was generally fair. Stray cases of cattle disease were reported from several districts.

VII. **Failure of pasturage and fodder.**—No scarcity of fodder and water was reported from any part of the Province.

VIII. **Prices of food-grains.**—During the second fortnight of the month the price of common rice of the cheapest quality fell in 7 districts, rose in 6, and remained stationary in the rest of the Province.

IX. **Condition of agricultural population.**—The condition of agricultural population was fair.

CALCUTTA, the 15th August 1925.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 19th August 1925.

Summary.—Excepting in parts of Chittagong and Rajshahi Divisions the rainfall was generally light throughout the Presidency. More rain is urgently needed for transplantation of winter paddy in the West Bengal districts and in parts of Mymensingh. Elsewhere the operation is normally active. The outlook, so far, is not very promising in the highland tracts. Harvesting of jute is in full swing, but lack of water is being felt in the highland tracts for retting. The average price of common rice for the province has risen by about 0·44 per cent. as compared with that of the previous week.

A. D. STEWART, MAJOR, I.M.S., Director of Public Health, Bengal (offg.).

GOVERNMENT OF BENGAL.

APPOINTMENT DEPARTMENT.

CALCUTTA, THE 22ND AUGUST 1925.

RESOLUTION—No. 9720A.

THE rules for the recruitment of the Bengal Civil Service (Executive) and certain other services, as published with notification No. 6548A., dated the 26th June 1925, contemplate that applications of candidates nominated by the heads of colleges and other authorities should be forwarded for scrutiny to a committee specially appointed for the purpose, which will be composed of officials and non-officials in equal numbers and be presided over by a high officer of Government. The Governor in Council has accordingly been pleased to appoint a Selection Committee with personnel as follows :—

1. Member, Board of Revenue.
2. Commissioner of Income-Tax, Bengal.
3. Director of Public Instruction.
4. Maharaj-Kumar Sris Chandra Nandy, M.L.C.
5. Khan Bahadur Maulvi Abdus Salam, M.L.C.
6. Babu Charu Chandra Das, M.L.C.

2. The Member of the Board of Revenue will be the President of the Committee, and the Director of Public Instruction will act as its Secretary.

ORDER.—Ordered that the resolution be published in the *Calcutta Gazette* for general information.

Ordered also that a copy of the resolution, with a copy of the recruitment rules and the orders issued thereunder, be forwarded to each member of the Committee for information and necessary action.

Ordered also that a copy be forwarded to the Accountant-General, Bengal, and to other officers and departments concerned for information.

By order of the Governor in Council,

L. BIRLEY,

Chief Secretary to the Government of Bengal.
